Junior And Sophomore Classes Tied in Annual Gymnastic Meet

Both Classes Score 25 Points—Betty Pratt and Eleanor Bingham Receive Cup

The annual gymnastic meet of the Girls of the Newton High School is one of the most colorful events in the city. This year's competition, which was held last Friday night in the new gymnasium before a large and interested audience, resulted in a tie between the junior and sophomore classes with 25 points each. The High School Band added much to the enjoyment of the occasion by a well selected and well played program.

The girls marched onto the floor with costumes alike save for the tie which indicated by its color to which class each one belonged. The seniors wore yellow, the juniors blue, the sophomores green and the freshmen red.

The first event on the program was a floor drill by classes which was won by the juniors with the sophomores a close second with the juniors outshining the second year class in posture. Following were individual gymnastics by members of the three lower classes.

On the various kinds of apparatus the awards were as follows: Rope Climbing won by seniors, sophomores second; Stunts, tie for first between the seniors and juniors, sophomores third; Buck Vault, won by juniors, sophomores second; Rope Ladders won by sophomores, seniors second; Parallel Bars, won by seniors, juniors second; Swing Jump, won by seniors, seniors second.

sophomores second; Rings, won by sophomores, juniors second; Somersault, won by seniors, sophomores second.

A series of games was the next event with the contestants being urged on to their best efforts by the cheers and frantic applause of their classmates and supporters. The seniors won the award in human croquet while the freshmen took the relay race.

The dancing, always a pretty feature of the meet, were particularly enjoyable, the juniors giving a clog dance and Liza Jane, the sophomores giving three exhibitions of folk dancing and the freshmen giving a scarf dance.

The judges were Miss Bailey of Wellesley High School, Miss Chesney of the Boston School of Physical Education, Miss Kelley of Brookline High School and Miss Somers of the State Department of Physical Education.

The cup was presented to Miss Betty Pratt of the junior class and Miss Eleanor Bingham of the sophomore class. The members of the varsity and class basketball teams were awarded their N's and numerals.

ELLERY F. KNOWLTON

Ellery F. Knowlton of 219 Pearl street, Newton, died at the Newton Hospital Wednesday. He was born in Oxford, New Hampshire, 58 years ago and had resided in Newton for 20 years. He had been in the insurance business. He is survived by his widow and one daughter. His funeral is being held this afternoon from the home of his sister-in-law Mrs. Daniel J. O'Brien, 24 Channing street, Newton.

"OUR OWN HOME"

The family that can fondly refer to "our own home" has something to be proud of. And they wouldn't go back to "living in rent"—just ask them.

YOU can come into home ownership on the "installment plan" and you have this advantage over most installment plans. The home is usually worth more when it is all paid for than it was in the beginning. Few other investments have this advantage, and no other investment yields quite such dividends in family happiness.

Warped Gym Floor and "Portable" Stands Impede Physical Training

New Floor Needed in High School Gymnasium—Stands Built Last Fall Impractical

Physical training and athletic activities at Newton High School have been and are being impeded because of a defective floor in the big gymnasium in the new building and because of the questionable degree of mobility in the portable grandstands erected last year on the athletic field.

When the magnificent new administration building was added to the high school group in 1926, it provided in addition to classrooms a large auditorium and a big gymnasium that was intended to be one of the best in this or any other State. The gymnasium is located on the main floor of the building and underneath it is a high basement which is not damp. Under the gymnasium is a thick floor of concrete and on this concrete wooden screws were laid. On the screws a sub-floor of spruce was placed and over this sub-floor tar paper was laid. Above the tar paper an excellent flooring of hard wood was put down. But, sad to relate—it has not stayed put. The gymnasium floor was put down about June, 1926. The following October a mechanic from a company which manufactures gymnasium apparatus came to the high school to install some equipment and, cutting through the upper floor to insert some fixtures, he found the sub-floor saturated with moisture and prophesied that trouble would be encountered later on. He was correct. It was not many months afterward when the gymnasium floor began to buckle in many places. This is not a desirable condition in a place where lively boys and girls are running and jumping, so the Building Department was notified.

Much of the floor at the gymnasium is, and has been, in a positively dangerous condition for the conduct of exercises and games there. There is one way to remedy the situation and that is—to take up the floor and the rotted sub-floor and lay new flooring. This will cost money, some thousands of dollars. But it will have to be done unless the city government desires to jeopardize the limbs of the pupils using the gymnasium.

It is regrettable this unexpected expense has become necessary so soon after the school has been completed. It is a question whether or not it is fair to criticize anyone for this annoying situation. The theory offered by some to explain the reason for the sub-floor rotting is that it was laid before the concrete underneath it was laid.

THE WEEK IN NEWTON SPORTS

Edited by WARREN K. BRIMBLECOM

BASEBALL TEAM GETS OUTDOORS

Coach John L. Sullivan of the Newton high school baseball team got his squad out of doors the latter part of last week when he issued the call for the outfields to join the rest of the squad which had been working out in the old gymnasium building. This week a three or four inning practice game has been on the docket in addition to intensive batting practice which has been sharpening up the lad's eyes.

Although the stands, which were erected last fall to accommodate the spectators at the football games, have not yet been removed and they are handicapping the Newton mentor in the development of the team, matters have been progressing rapidly under the existing conditions. As it is estimated that it will take nearly a week for a half a dozen men to remove the stands, arrangements are being made to transfer the opening game of the season with Malden next Wednesday afternoon to the Malden high field. The only date on the schedule, May 26th, which was not filled when announced two weeks ago, has been taken by Pawtucket High school which will come to the Claffin field for the game.

In the practice games Sullivan has been using Bill Reilly, Don Wilson, Earling, Bearstvo, and two untried candidates, Church and Coombs, in the box. Reilly and Wilson are the two leading twirlers and it is a tossup which will get the winning assignment. Behind the bat, Art. Wilson and Phil Andres have been doing the receiving and either one is likely to get the call next Wednesday. It is quite probable that the one that does not get the chance to start at the catcher will draw one of the outfield positions as both are good prospects.

On the so-called first team Captain "Penny" deMille has been holding down the initial sack and his form shows improvement over last year when he had a habit of taking his foot from the bag unconsciously and thereby losing several decisions. Allie Fletcher at second, Frank Spain, at short and Edgar Warren at third, round out the veteran infield which is expected to be one of the mainstays in keeping the team up in the Suburban league running. A flock of candidates have been parading about the outfield striving to show Coach Sullivan why they should be named as the regular outgardeners. The foremost of these are Johnny Muller who played a number of games last year, Creighton Gatchell who had a place clinched last season and then had to give up the sport to bring his studies up, William Sutcliffe, and Bob Bennett, both of whom were regulars on the football and championship hockey teams, and Langdon Powers who would be giving Wilson and Andres stiff competition for the catching berth if he could learn to throw.

The second string infield candidates who are trying to replace the veterans have seen Pieper on first base, Powers on second, a lad named Sweet at short stop and Everett Scheinfain, captain-elect of football, at the hot corner. Hilling A. Leading Candidate Phil Lingham, erstwhile Newton high athlete who transferred his studies to Concord before completing his course at Newton, is one of the leading candidates among his pitchers at Brown University. Coach Jean Dubuc, former big leaguer, has offered nineteen players on the varsity squad to remain in Providence for practice during the Easter vacation. One of the three catchers in this group is Charlie Condoline, iron man centre on the football team, a local youth.

Hill Has Varsity Chance

With but two regulars from last year's varsity tennis team available at Harvard the members of the freshman team a year ago have a fine opportunity to make the team. Malcolm T. Hill of Waban, who captained the yearling outfit last spring has been among the candidates working out at Longwood.

Lawless Lost

Coach G. B. Lawless of the B. U. varsity baseball team has been making final preparations for the opening of the season tomorrow against the Harvard nine. Only three positions are still in doubt. At first base Holmes Whitmore, brother of the Harvard pitcher and also a former Newton high star athlete, is running neck and neck with Robert Elliot for the assignment. John Lawless of West Newton, who has held down the left field position for the past two seasons, is probably lost to the team for the season. He was operated on the first of the week for a blind fistula and abscess of the back. The injury dates back to the last game of the hockey season with Brown on March 10th. He was captain and centre ice on the team and during the game received a skate cut. Complications set in and while for a time it was thought it would be unnecessary to operate he was obliged to leave school and on arrival at the hospital an immediate operation was performed.

Hunnefeld's Bat Rings

Bill Hunnefeld, local youth with the Chicago White Sox, is hitting well in the exhibition games in the South. Last Saturday in a game with Shreveport, La., with the bases full in the tenth inning of a 5 to 5 game Honey rapped out a double, scoring three runs and later crossed the rubber himself to put the game on ice for the American leaguers.

Bryant Scores Twice

John Bryant, star captain of the Dartmouth swimming team the past season, was the leading Eastern collegiate swimmer in the national inter-collegiate individual swimming championships at Philadelphia last Saturday. The West Newton youth captured the 50-yard freestyle event in 24.3/10 seconds by inches over Wright of Columbia and Barnall of Michigan. The latter got his revenge in the 100-yard freestyle by beating Bryant by about a yard in 55 seconds. In the trial heats on Friday the Hanover star won the second trial heat and second semi-final heat in the 50-yard event and made the second best time in the century to qualify.

N. U. Opens Season Tomorrow

Larry Rice and his partner, Ray Coffin of Philadelphia, were eliminated in the semi-final round of the men's doubles in the South Atlantic championships at Augusta, Ga., last Saturday by Tamio Abe and Frank Shields. Abe is the Japanese national champion while Frank Shields is national junior champion of the U. S. The scores of the match were 4-6, 9-7, 6-4.

RELAY QUARTET AND PERRY SCORE

For the eighth time in nine years the Brookline high school swimming team annexed the Lieut. Meehan trophy at the interscholastic swimming meet held in the Brookline Public Bath last Saturday. Coach Jim McNamara's pupils rolled up 28 points for a record score with their nearest competitor Boston English high with 12. Newton high was tied for seventh with Gardner High, Cambridge Latin, Norwood High and Mechanic Arts, each with three points.

Newton's points were scored by the relay team which finished third to Brookline and English and by William Perry, a freshman, who placed fourth in the 100-yard freestyle event. Three records went by the board, the first of which was in the relay when the Brookline four, Eynon, Rae, Fay and Ford were timed in 1 mile, 56 4/5 sec. Jimmy Essen, Edgar Davidson, Captain Harold Lodge and William Perry were the Newton swimmers. John Rae, as was expected, set a new record in the 100-yard breaststroke while Edward May, former Brookline high star now at Derby Academy, duplicated this feat in the 100-yard backstroke event.

The records in the 100 and 200-yard events which were set by Lloyd Osborne while a member of the Newton high team the past few years and now at Exeter Academy, were safe from the efforts of Frederic Lee of Charlestown and Martin Ford of Brookline, winners of the respective events.

SPORT NOTES

Gilligan Shows Promise

Tom Gilligan, former Newton last star athlete and quarterback on last fall's Howard freshman eleven has been showing up well in the spring football practice at the Cambridge college which ended this week. In the scrimmage against the coaches on Tuesday the flashy Newtonville youth started in several pretty plays.

Whitmore On Team A

Howard Whitmore, former Newton high star pitcher, has been tentatively named as a twirler on Team A by Coach Fred Mitchell of the Harvard baseball squad. Whitmore is driving Jack Barber and Frank Cutts, the two veterans of whom much is depended upon this season, close competition and he may be called upon to start one of the early season games.

Lingham A. Leading Candidate

Phil Lingham, erstwhile Newton high athlete who transferred his studies to Concord before completing his course at Newton, is one of the leading candidates among his pitchers at Brown University. Coach Jean Dubuc, former big leaguer, has offered nineteen players on the varsity squad to remain in Providence for practice during the Easter vacation. One of the three catchers in this group is Charlie Condoline, iron man centre on the football team, a local youth.

Hill Has Varsity Chance

With but two regulars from last year's varsity tennis team available at Harvard the members of the freshman team a year ago have a fine opportunity to make the team. Malcolm T. Hill of Waban, who captained the yearling outfit last spring has been among the candidates working out at Longwood.

Lawless Lost

Coach G. B. Lawless of the B. U. varsity baseball team has been making final preparations for the opening of the season tomorrow against the Harvard nine. Only three positions are still in doubt. At first base Holmes Whitmore, brother of the Harvard pitcher and also a former Newton high star athlete, is running neck and neck with Robert Elliot for the assignment. John Lawless of West Newton, who has held down the left field position for the past two seasons, is probably lost to the team for the season. He was operated on the first of the week for a blind fistula and abscess of the back.

In the trial heats on Friday the Hanover star won the second trial heat and second semi-final heat in the 50-yard event and made the second best time in the century to qualify.

N. U. Opens Season Tomorrow

Northwestern University opens its baseball season against Providence College tomorrow and Coach Rufus Bond quite possibly will send his two Newton youths in as the starting battery. Neil Mahoney behind the bat and Leo Crowley in the box should give the Rhode Islanders plenty to think of after the game is over.

SPORT NOTES

Hunnewell Takes Three From B. A. A.

In the Newton league bowling matches on Wednesday night the Hunnewell Club continued its series of upsets by taking three of four points from the B. A. A. bowlers while Waban and Commercial were splitting even and Middlesex continued its victorious march with a clean sweep over Maugus. Although the Hunnewell team has been rolling high scores in its recent matches the Middlesex team with but six games lost in the series is so far in front that they are conceded the honors. Wednesday night Harry Dexter and Ed. Loring set the pace with three strong totals of 337 and 333. Clarence Colby was not far from them with 326 while Charles DeLong and Green just managed to break 300 with 304 and 301 respectively. DeLong could not get a break in his first string although he was hitting the head pin consistently and finished with a 79. He came back in the other two strings with 113 and 112 to help out the team.

Yale Nine On Southern Trip

Coach Joe Wood and his Yale baseball squad captained by Dick Vaughan of Newton Centre started on their annual spring southern trip this week and opened their season yesterday with the University of Richmond. Other games on the trip are with William and Mary, Navy, Georgetown, Maryland and Columbia.

Lingham To Captain Sextet

Phil Lingham was recently elected to captain the 1929 hockey team at Brown University. Lingham is a junior and was one of the outstanding defense players on the varsity six the past season.

Marchant To Enter Marathon

Peter Marchant of Newton will be among the starters in the annual B. A. A. marathon on Patriots' Day. His entry was received this week by Manager Tom Kanaly. Marchant has entered the race in previous years and so it will not be a new story to him.

Defining Sanitary

The word sanitary was among the list of words being discussed in a local

GIRL SCOUTS

The annual competitive rally of the Newton Girl Scout troops was held in the gymnasium of the Newton High School on Saturday afternoon, March 31st. The competitions were divided into three parts—Junior, Intermediate and Senior. The Junior division was won by Troop 26, Newton Highlands, a new troop registered late in 1927. The Intermediate division by Troop 3, Newton Centre, an old hand at rally events, and the Senior division by Troop 21, Newton Highlands, a good showing for the Highlands and one to be proud of.

The most noteworthy part of the program was the awarding of letters of commendation to Scouts Eleanor Collins and Katherine Thompson of Troop 21, Newton Highlands, and Ethel Richards of Troop 14, Waban. This award comes from the National Standards Committee on recommendation of the local Girl Scout Council, and is given only to Girl Scouts who have shown in their daily life, during a period of at least three years, the highest possible interpretation of the Girl Scout laws, and who, in living their laws to the best of their ability, have given cheerful service to their home, church and community. It is the highest character award a Girl Scout may earn and is necessary for the Golden Eagle, an award which is given for proficiency as well as high character. Two ten-year service stripes were given out, one to our local director, Miss Caroline L. Freeman, whose tenth year of devoted service to the Girl Scouts of Newton was completed in February, and one to Captain Priscilla Ordway of Troop 3, Newton Centre. Five-year service stripes were awarded to 39 members of Senior troops.

Assembly was blown at 2:34, and 534 Girl Scouts and Girl Scout officers marched into the gymnasium, led by Lieuts. Mildred Ryder of Upper Falls and Eleanor Burnham of Waban, who served as aides for the rally. American flags were massed and formed an aisle down which the color guard marched to hoist the Council colors above the heads of the audience. The color guard was composed of Catherine Carrick, Eleanor Collins and Katherine Thompson, Troop 21, Highlands; Jane McGregor, Troop 10, Newtonville, and Ethel Richards, Troop 14, Waban. "Colors" was played by Bugler Priscilla Speare of Troop 13, Newton Centre. "The Star Spangled Banner" was sung by all the Girl Scouts on the floor, accompanied by eight trumpeters from the bugle and drum corps. After the color guard, colors and corps were dismissed, the captains made their reports to the director, a long line of officers across the floor, very impressive! Then silver stripes for five years' consecutive service were given to the following girls, 39 in all:

Troop 10, Newtonville—Capt. Fairbrother, Judith Andress, Elizabeth Clark, Esther Coleman, Florence Hills, Louise Kimball, Constance Rechel, Suzanne Slocum.

Troop 13, Newton Centre—Ruth Coughlan, Aramda Lamont, Muriel Langeil, Virginia Randall, Barbara Randlett, Elizabeth Walworth.

Troop 15, West Newton—Alice Batson, Marion Hutchinson, Julie Bacon. Troop 17, Upper Falls—Anne Kenneick, Helen Preble, Edith Wood, Marie McLaughlin.

Troop 20, Newton—Dorothy Taylor, Mary Hey, Eleanor Hodges, Charlotte Douglass, Barbara Fuller, Dorothy Howe, Virginia Brown.

Troop 21, Highlands—Mrs. Collins, Betty Skelton, Capt. Moore, Catherine Thompson, Catherine Carrick, Mary Carrick, Grace Thompson, Ruth Cobleigh, Martha Thompson, Alice Gallego, Betty Oakes.

Then the gold ten-year stripes were given to Captain Freeman and Captain Ordway. The letters of commendation were given to Scouts Thompson, Collins and Richards by Mrs. R. R. Collins, deputy commissioner for Newton.

Competitions were next in order, beginning with the Junior knot-tying relay, won by Troop 26, Highlands, with Troop 24, Waban, second. Next came Intermediate Second Class relay won by Troop 3, Newton Centre, with Troop 1, Newtonville, second. Senior Morse Code relay followed these and was won by Troop 21, Highlands, with Troop 13, Newton Centre, second. Tryouts for the Newton Girl Scout bugler's and drummer's cups were next in order and these were won for the second consecutive time by Bugler Priscilla Speare, Troop 13, Newton Centre, and Drummer Eloise Barber, Troop 29, Newton. Junior relay race was won by Troop 28, Newtonville; Troop 25, West Newton, second. Intermediate obstacle race won by Troop 22, Newtonville; Troop 5, West Newton, second. Senior posture relay won by Troop 29, Newton; Troop 14, Waban, second.

The baby corps of beginner buglers and drummers gave an appealing demonstration followed by an exhibition by the major corps. Two hundred and thirty-eight merit badges were awarded to 134 girls by Mrs. Norman Bingham, chairman of the Court of Awards. The list of badges will appear next week. Rally awards were

WHAT PRICE PEACE?

by Kathleen Norris

Every mother, bringing up her little sons, dreads in her heart the time five years, ten, maybe twenty years from now, when they may be in the front trenches of another war. But must there be another war? Kathleen Norris says "no"—and tells in the JOURNAL how the women of America can bring peace to our land for all time to come.

NEW! in the Journal-Gardens

For the family with a small place in town or suburbs—where friend husband cuts the lawn and young wife digs the flower beds and yearns for the fragrance of roses and sweet peas and the riotous color of dahlias and delphiniums—

For these gardeners there is a new feature in the JOURNAL—blossoms in four colors, pages of down-to-dirt, how-to-do-it information and advice on how to plant the garden and make it grow.

Five garden features in the April issue.

And pages of plans for building the little house, or rebuilding an old one—and still more pages telling colorfully how to furnish your home.

Assets Over \$25,000,000

given out to the winning troops by Mrs. Stanley Bolster and Mrs. Collins, deputy commissioners for Newton. "Retreat" was sounded as the colors were lowered by the color guard. The rally was brought to an end by "Taps," played, sung and then echoed by a bugler in the corridor.

NORUMBEGA CHRISTIAN ENDEAVOR UNION

The monthly Cabinet meeting of Norumbega Union was held Tuesday, March 27, at the home of Elsie Bartholomew, 38 Moraine street, Waverley. Every officer was present and each read their report of the work being done. Plans for the next monthly meeting, a Pre-convention meeting, were discussed. The next meeting will be April 10, 1928, at the Payson Park Congregational Church.

The Junior Christian Endeavor Rally held March 25, at Waltham First Baptist Church was a success in every way. About 150 Juniors were in attendance. A special feature was the Bible Drill to pick the best one to attend the Junior Convention at Woburn. The speaker was "Mother Clark" and her message was enjoyed by all.

The Northfield Boosters of Norumbega Union conducted a special service at the Waltham First Baptist Church Sunday evening March 25, Beth Eden Baptist and Waltham Congregational Churches being the guests of the home society. A fine program was engaged. Refreshments were served by the entertaining society.

On March 25, at the Waverley Baptist Church a Union Meeting of Plymouth Congregational Church of Belmont, Waverley Congregational, and Waverley Baptist, was

held. A very helpful and enjoyable program was given. These meetings are quite common to these Societies. Refreshments were served by the entertaining society.

Between four and five million young people in all the principal countries of the world will meet Easter morning in sunrise meetings of prayer and enlistment, forming the first united youth effort of the new Crusade with Christ.

In Norumbega Union the Easter meeting will be held at 7:30 o'clock at the hillside corner of Trapelo road and Waverley Oaks road, Waverley. If weather does not permit, the meeting will be held at the Waverley Congregational Church, Waverley. The speaker is to be Russell Blair, Field Secretary for Massachusetts. Special music will be given by trumpets.

In many sections the Christian Endeavor interdenominational unions of

societies of young people in the churches are setting up these meetings for Easter morning. In other places councils of churches or other groups which have customarily promoted Easter sunrise prayer meetings are making the new Crusade with Christ the basis of the message for the day. Thousands of unions have reported to the International Society of Christian Endeavor their purpose to hold such meetings. In a number of cities, these have been held year after year with large attendances, but even in these places the plan takes on new importance and interest because of the world-wide youth crusade.

Evangelism, Christian Citizenship, and World Peace, which was adopted by 17,000 youth delegates to the International Convention of Christian Endeavor.

Because of differences in time around the world, there will not be

an hour of Easter Sunday at which some group of young people is not meeting in its crusade enlistment on what is considered the most joyous day of the year. The fellowship of this world-wide allegiance to Christ expressed through the new youth crusade will have been seldom matched. The historic crusades of the early centuries, while engaging large numbers of knights and their followers in efforts to take the Holy City and reclaim Christian relics, were confined only to the countries of Europe. With modern advantages in communication, the message of the Crusade will carry around the globe within a few hours. The Christian Endeavor worldwide Union, one of the several youth organizations engaged in the Crusade, has members in 100 countries, speaking scores of languages and dialects.

The call to increase devotion and efforts in Evangelism and Christian Cit-

izmship and World Brotherhood will come to countless racial and national groups. Many leaders believe the Crusade will usher in a new era of religious growth and activity.

EDITORIAL

We are glad to note that the school committee is to investigate the high cost of education in this city. It is a desirable condition and we sometimes wonder why previous committees have not had a similar urge. For the past twenty years the city has followed the policy of providing an educational menu which would meet the needs of every pupil—a policy which leads logically to furnishing every pupil with a course of study peculiarly fitted to his or her mentality, and of course, regardless of the cost to the tax payers. There should be a limit to the educational facilities provided through public funds, and all further educational needs should be at private expense. We suggest to the committee as one means of reducing costs that it finds out one or more studies which have the least number of pupils and strike them from the curriculum of the school.

Our city fathers who have comfortable homes are most complacent when it comes to the consideration of the needs of the city for apartment houses. Alderman Baker's casual suggestion that one and two family houses should suffice, does not meet the situation as such houses do not and cannot have the conveniences of the modern apartment. Let some of the city fathers try to rent a convenient place for a small family to live in and they will soon learn the real conditions. Incidentally it might be borne in mind that the apartment house dweller usually makes no demand on the city for education, his living expenses are paid to Newton shopmen and landlords, and all in all, he would be a decided asset to the city.

COMMUNITY CALENDAR

NEWTON CENTRAL COUNCIL

SUNDAY, APRIL 8
Easter Sunday.

MONDAY, APRIL 9
9:45—Newton District Nursing Association Board Meeting.

TUESDAY, APRIL 10
10:00—Review Club of Auburndale.

Telephone Newton North 0438

UNDER THE GILDED DOME

All four of Newton's Representatives helped to kill the bill to legalize professional sports on Sunday. The measure was rejected by the House by rollcall, 110 to 93, and Messrs Hollis, Luitwieler, Thompson and Saltonstall responded and voted again against the bill. None took part in the debate, however, which was somewhat of a rehearsal of the arguments of last year. But the question is not settled. The matter has been introduced on an initiative petition which, when rejected by the Legislature, may be placed upon the ballot by the filing of 5,000 additional signatures of registered voters.

There is no doubt but what these names will be easily obtained so that voters may expect to have the question put up to them when they go to the polls at the State election in November. The bill gives city councils the right to accept the provisions of the act. In towns it must be accepted by a majority of the voters. There is little doubt but that an intensive campaign will soon be begun by both sides. Friends of professional baseball have been striving for years to get it on the statute books while those who do not wish the Sunday laws changed any further are equally determined in their attitude. While the Boston Elevated legislation is still unsettled that relating to the Eastern Massachusetts Street Railway seems to be in a fair way of enactment. The House has advanced a bill providing for the extension for five years of the public control of the Eastern Massachusetts and reducing the number of public trustees from five to three. On the first roll call when the bill was ordered to a third reading Messrs Hollis and Saltonstall voted in favor and Mr. Thompson against. Mr. Luitwieler was paired, he voting in favor and Mr. Buckley of Charlestown voting against.

The Joint Rules Committee of the two branches reported against admitting the petition of Senator Edward T. Simoneau of Marlboro, who represents this district, for the appointment of a joint special legislative committee to investigate the administration and operation of the laws in respect to food and public health. Both branches accepted the adverse report.

Mr. Hollis, as a member of the Committee on Metropolitan Affairs, has voted for the appointment of a subcommittee of his committee to draft a bill for the construction of a tunnel between Boston and East Boston. Mr. Hollis found much information of value to his committee on their recent inspection of tunnels and bridges in New York, Philadelphia and New Jersey.

The bill to make Armistice Day, Nov. 11, a legal holiday has been passed by the House by roll call, 157 to 46. Mr. Saltonstall and Mr. Luitwieler voted against the bill. Mr. Thompson was not recorded. Mr. Hollis was absent, traveling with the Committee on Metropolitan Affairs.

The bill is now before the Senate which has voted to debate it next Tuesday. It is an initiative petition which means that it should be rejected by the Legislature the petitioners may have it placed on the ballot at the State election by an additional 5,000 signatures. As these should be easily obtained there is little doubt that if the Senate rejects the bill the people will have an opportunity to express their views at the polls.

The hearing by a special committee of the House into the official conduct of Attorney General Arthur K. Readling is attracting much attention this week. Sessions have been held in one of the smaller committee rooms. While it is understood to be the feeling of the committee that there is no occasion to provide a large number of seats for spectators whose presence is due merely to idle curiosity, some members of the House have declared that accommodations should be provided for them. They further point out that inasmuch as they are expected to vote on the matter at a later date it might be well if they informed themselves as to the character of the evidence presented. Under existing arrangements House members must take their chance with the general public and stand in line for sometime before the doors of the hearing room are open.

The death of House Clerk James W. Kimball removes one of the most efficient officials connected with the General Court. He was an authority on procedure and parliamentary law and was frequently consulted by presiding officers when some tangle in ruling or procedure was encountered. Furthermore, he was always fair and obliging, holding the respect and admiration of all who had business with his office. Mr. Kimball had been clerk 31 years.

The final action of this year's Legislature on the various attempts to have the voters express their opinion whether the 18th amendment to the federal constitution should or should not be repealed came this week when the Senate accepted an adverse committee report on a bill providing for such a referendum.

There is now before the Legislature a bill to legalize games of chance conducted by fraternal, charitable, religious and similar organizations. Under its provisions rules and regulations would be formulated by the State Department of Public Safety and local authorities would have the right to issue permits. The bill is the product of the Committee on Legal Affairs and there are six dissenters. It is a matter of guesswork as to what will happen to the bill.

ABOUT TOWN

By Edw. H. Powers

Because there were only two, instead of the usual three coaches on the 11 o'clock Circuit train from Newton Centre to Boston the other morning, and because a number of ladies had to go into the smoker to find seats, the conductor ordered the men in the smoker to stop smoking—which they quickly and courteously did. If the B. & A. is going to run two coach trains, it should equip the smoker with a rolling partition to be used in such an emergency as this. Or the gentlemen might proffer the invading ladies a cigarette—or a cigar.

The sidewalks of Newton, on accepted streets, which naturally includes the streets in the business sections, are public property. They are intended for use by pedestrians. In most cases these sidewalks are not any too wide for this purpose. In former years there were no attempts by business men to encroach on the rights of pedestrians by using the sidewalks for the display of merchandise. Some fruit stores had window displays which projected slightly onto the sidewalks. But, in recent years, things have changed. Although the old established stores have refrained from appropriating parts of sidewalks for their private use, many of the newer merchants have adopted the practice of placing boxes of vegetables and fruit on sidewalks. They have received permits from the Street Commissioner and have been supposed to use the inside portions of the sidewalk. In some cases the walks are wide enough so that the granting of such permits does not discommode pedestrians. In other cases where the sidewalks are somewhat narrow, the perversions of them as additions to stores inconvenience pedestrians.

Recently a tire store was started in Newton by a party from out of town. To advertise his business he placed a huge old tire directly across the sidewalk on the street corner near his store. He was ordered to remove it and upon doing so substituted as an advertising medium a pile of old tires which he placed on the outside of the sidewalk. As these old tires were not tightly and as persons might brush against them, the enterprising party was also ordered to remove these obstructions. After a few weeks he again placed an ordinary size old tire directly in the part of traffic across the sidewalk. He was ordered to remove this and after receiving this order he again placed it out on the sidewalk, apparently to show his defiance of the police.

It will be interesting to observe what developments follow.

Work on repairing the Centre street bridge over the Boston & Albany railroad at Newton has been at a standstill for weeks. There should be no longer delay in completing this work and removing the obstruction to traffic.

Summer, not Spring has arrived—temporarily. Robins arrived in large numbers yesterday. Let us hope no killing frost follows to kill the buds which have been brought out by the hot wave.

Grain Trade Periled
by Railroad Rebates

Serious troubles were encountered by Chicago traders in the early nineties through the practice of accepting railroad rebates. The railroads of the time were keenly aggressive, and they inaugurated a war of cutthroat competition, giving rebates to heavy and regular shippers—sort of bidding for business. At first the rebates were welcomed by shippers who were flattened by the thought that they were getting something for nothing. The practice became such an abuse that more than one grain firm faced financial disaster because of it. No one ever knew just how great was the rebate that his competitor obtained and the whole situation added a trade hazard that was immeasurable. The rebates ran from 10 to 25 per cent of the published tariff. It was, of course, difficult for the concern that was able to obtain only 10 per cent rebate to compete with the one that got the 25 per cent reduction. Another phase of the rebate system was that the rebate was merely a sort of "gentlemen's agreement" between the trader and some high official of the railroad. Nothing ever was written about the rebate. The "gentlemen's agreement" sometimes became a disagreement and there was then no way to force the railroad to live up to the understanding—James A. Patten, in Chicago Daily News.

The final action of this year's Legislature on the various attempts to have the voters express their opinion whether the 18th amendment to the federal constitution should or should not be repealed came this week when the Senate accepted an adverse committee report on a bill providing for such a referendum.

There is now before the Legislature a bill to legalize games of chance conducted by fraternal, charitable, religious and similar organizations. Under its provisions rules and regulations would be formulated by the State Department of Public Safety and local authorities would have the right to issue permits. The bill is the product of the Committee on Legal Affairs and there are six dissenters. It is a matter of guesswork as to what will happen to the bill.

Cravats when first introduced were not exclusively an article of men's apparel, but some, which were lace-edged and tied in a bow with flowing ends, were worn by women. "Cravated" as a verb and "cravateer" applied to one who ties a cravat, although now practically obsolete, were at one time frequently used. Thackeray in "Vanity Fair" speaks of a young man being "handsomely cravatted."

SCHOOL NOTES

F. A. DAY JUNIOR HIGH

The school is making preparations for installing a radio in the auditorium in the near future. This would enable the students to hear educational programs, music of worth and might also be useful in amplifying voices of speakers on the platform. Various types of machines are being experimented with almost daily.

On Tuesday afternoon of this week the picture "Tin Hats" was presented and fully appreciated by the students. A radio furnished the musical part of the program.

"Alice in Wonderland," Lewis Carroll's classic, was presented as a motion picture during assembly this week, under the direction of Mrs. Sandwall and the lunch room committee. A special performance of this same picture was shown on Wednesday at 1:45 p.m. for the benefit of the fourth, fifth and sixth grades of the Horace Mann, Stearns and Claffin Schools.

The school is happy to hear that Miss Mabel Manning is recovering quite satisfactorily after a serious operation at the Newton Hospital.

Miss Ethel Pierce, English teacher has been suffering from a severe attack of tonsillitis.

A basketball game between the boys' varsity and the Alumni was played on Monday and resulted in a 15-10 victory for the F. A. Day boys.

HYDE SCHOOL

The two fourth grades, under the direction of Miss Sampson and Miss Barnard, and Miss Green's and Miss Ryder's fifth grades, made recent trips to the Children's Museum in Jamaica Plain.

Athletics have taken an enthusiastic start this spring. The boys' baseball team has been organized under Coach Jack Leary, with Albert Robinson as captain and Samuel Adams as manager. The girls are also eager to develop their team.

On last Wednesday afternoon an interesting illustrated health talk was given to the school by a representative from the New England Food and Dairy Council.

ANGIER SCHOOL

Miss Jones' room had one hundred per cent in banking last week. Virginia Heathcote, Robert Moore, Elliott Rogers have not been tardy or absent during the school year.

Miss Doohan's third grade has started its third week with one hundred per cent, taking milk, and its second week with one hundred per cent in banking. The children have thus far banked \$200.

Marie Bailey in Miss Beaudreault's room has not been tardy or absent this year.

The following pupils in Mrs. Forbes' room have been awarded Good Citizenship Pins: Martha Sneath, James Gardner, Jack Brightton, Walter Hatfield, Mary Johnson, Jack Mayberry, Polly Klotz, Betty Miller, Fred Lamb, Louise McKinney, Arthur Robbins, Ruth Wood.

The assembly on Wednesday morning was "A Trip Around the World," written by Miss Timson and in charge of her fourth grade. The following children, who were beautifully costumed in clothes brought from the different countries which they represented, took part: The tour was conducted by Marjorie Mosser. The first trip was to the Indians, Marion Bell, Don-

Budget Postponed to April 16th-- Several Old Claims Are Settled

Regular Meeting of Aldermen Consists Largely Of Unimportant Matters

The aldermanic meeting Monday night was one of the shortest held in many months. Despite the fact that considerable routine business was transacted, the meeting was over before 9 o'clock. On only one hearing out of eight on the docket on petitions did any persons appear to favor or protest. The petitions which brought no proponents or opponents to plead with the aldermen were—W. A. Luce, for permit to keep, store and use 1000 gallons of gasoline at 52 Newtonton avenue, for private use only; Abramson & Bennett, permit to keep, store and sell gasoline at 9 Bennett street, Auburndale, tank of 1000 gallons to be installed, also for permit to erect 70-car garage and repair shop at 9 Bennett street, 50 by 200 feet in size; Edison Company, permits for pole locations on Central avenue and Fisher avenue; taking land for drains and sewers on Allan avenue, Dickerman and Westchester roads. The petition for a sewer in Bemuth road from Dickerman road, westerly, was opposed by James Wentworth, Arthur Curry and Joseph Kerin, residents of that street, who claimed that the sewer is not necessary and that to build it will be imposing expense on them without reason. Mr. Wentworth suggested that there are many other streets in the city on which money can be spent to better advantage.

Alderman Ball moved that the rules be suspended to allow the confirmation of Daniel O'Connell in place of Henry Warren, who declined an appointment. Mr. O'Connell will serve in Ward 6. The motion was carried. Chairman Hawkins for the franchises and Licenses Committee reported favorably on the following petitions, which were granted:

- Linwood W. Tracy, 39 Locke road, Ward 5, 2-car garage.
- Edison Electric Illuminating Co., pole locations, Mt. Vernon street, beginning at a point approximately 150 feet east of Hillside avenue, and running to Hosmer circle, 5 poles.
- Various other Edison and Telephone Companies' petitions for pole locations, etc.

James J. Matthews, permit for one additional pump (no gasoline or tank) at Washington street, corner Court street. Pump to be located on Court street corner, near building, Ward 2.

failing to function but because of the excessively heavy rain which caused surface water to flow into the cellar.

Two claims which fared better were those of Catherine M. Garrity of Hunnewell avenue, Newton, whose automobile was damaged when the police were using it to chase a drunken driver, and J. E. Benway of Waltham whose car was damaged when it hit a depression on Valentine street caused by an excavation not having been entirely filled in. The Garrity claim was for \$35.65 and the Benway claim for \$25. The Claims and Rules Committee's recommendation of the payment of \$2418 for manhole covers to the Puritan Iron Works was accepted. These covers were furnished some time ago to the Street Department and in addition to waiting long for a payment the Puritan Company agreed to take \$250 off its bill.

The appointments of James A. Waters as a registrar of voters for three years, Dr. C. A. Bouteille as Inspector of Animals for one year, and Guy M. Winslow as a member of the Board of Trustees of the Newton Free Library, were confirmed.

Bills contracted by the Water Dep-

partment, some of which were of long standing, were authorized to be paid when the Board voted to appropriate \$69,714.41 for water obtained from the Metropolitan District system, and \$15,126.04 for bills owed various persons for labor and material.

For completing work on water mains on Lansing and Plymouth roads, \$647.50 was appropriated.

An appropriation of \$450 was made to settle a bill owed J. E. Mulcahy since 1926 for transporting Company C and its equipment to the rifle range of that outfit.

Chairman Earle of the Public Works Committee asked for a suspension of the rules to authorize the extension of a sewer in Linwood avenue, Newtonville. His request was granted. He also called the attention of the Board to the practice of petitions being presented for the acceptance of streets when only a small percentage of the property owners on such streets sign the petitions instead of the required 75 percent.

Hearings were set for April 16th on the taking of parcels of land for new schools at Newtonville. One parcel is bounded by Bridges and Parkview avenues, Cabot street and Laundry Brook. Included in this area are several small houses, but it is probable that these houses will not be taken. The other site is at Nevada street and Linwood avenue and it is proposed for its third year, practice periods for the Boys' basketball team and many community meetings. The total yearly attendance of these groups is over 40,000.

Since Mr. Parker became pastor of the church more than 300 people have been received into membership of the church.

Mr. Parker will assume his new duties next week at the Fall River Union Methodist church which dedicated a new church and parish house last May which is one of the finest in New England. It was formed in 1916 by the union of the First M. E. and St. Paul's M. B. churches and since that time has been served by but two pastors, from 1917 to 1929 by the Rev. E. Charlton and since 1929 by Rev. Robert A. Colpitts. In 1916 the city was visited the second time by a great fire which destroyed a large number of buildings on Main street upon which the First M. E. church was located. For some time previous the city had been contemplating widening of this street and when the decision was reached to do it at that time it became apparent that many changes would be necessitated in the church building. It was while considering this problem that the suggestion was made to unite the two Methodist societies.

Mr. Parker leaves Newtonville with the best of wishes from his host of friends as he enters his new and larger field.

TO REPEAT PERFORMANCE

Because of the great success of the performance March 20th of the play, "The Little Princess," in Newton Centre, there will be another presentation, this time in the Copley Plaza ball room on Saturday, April 14th at 11 a.m. This will permit the hundreds of children of Boston and the suburbs to witness the charming drama of Little Sarra Crewe as it is interpreted by Alta Maloney and her friends. The other leading part, that of Miss Minchin, will be taken by Mrs. Ellis Spear of Newton Centre.

The patrons for the Boston production are: Mesdames Frederick Briggs, Wm. Lloyd Garrison, S. Harold Greene, Nelson Howard, Raymond Huntington, Lorenz Muthler, Norman Pratt, Wm. Z. Ripley, Russell Robb and Gardner Walworth. The young ladies who will form the group of ushers are the Misses Virginia Baxter, Virginia Beatty, Barbara Brooks, Marian Dow, Eleanor Dow, Anne Harrington, Alice Potter, Hope Potter, Helen Stuart, Miriam White, Virginia White.

There will be microphones placed throughout the large ball room of the Copley Plaza, so that every person can easily hear every word. The children are excellently drilled. The costumes and the spoken interpretation of the lines make very realistic the delightful play of Mrs. Burnett's.

WILL OF LEVERETT N. FREEMAN

The will of Leverett N. Freeman, late of 541 Ward street, Newton Centre, who died at Santa Barbara, California on March 20, was filed for probate, Wednesday at the Cambridge Annex. Among bequests are \$1000 to the Newton Hospital; \$1000 to the Phillips Hospital at Concord, New Hampshire; \$1000 to the First Congregational Church at Newton Centre, the South Congregational Church, Concord, and the Centre Congregational Church at Providence. Mr. Freeman made specific bequests of \$35,000 to his widow, \$25,000 to each of his two sons, \$10,000 to each of his two sisters, \$5,000 to abraham. The residue is left in equal shares to his widow and sons. To each of his partners and two executors he bequeathed \$100 with the request that they buy some keepsake to remember him by and that they witness the scattering of his ashes in Wellfleet Bay, provided that his widow agrees to such disposition of the ashes.

GYM FLOORS & STANDS

(Continued from Page 1)

was thoroughly dry and the tar paper placed on top of the sub-floor prevented the moisture from the concrete working out and thus created a dampness of many months' duration under the spruce sub-floor.

Last year during a music festival on the grounds at the high school a section of the old portable stands which had been in use for some years collapsed while occupied by many persons. Fortunately no one was very seriously injured and comparatively few slightly injured. It was contended by some that the real reason for the collapse was—because the stand was placed on new ground which gave under the supports. Buildings Commissioner Chadwick examined the stand, found some structural defects in it, and condemned all the old portable stands which had been in use. This left the high school athletic field with but one small grandstand for the crowds which attend the football games there. To care for this situation the Board of Aldermen appropriated \$9000 to purchase and provide portable stands for the athletic field. It was intended that they were to be so constructed that they could be taken apart with comparative ease and moved from the athletic field to the lawns about the school buildings or into the gymnasium for indoor meets or games.

The physical training staff at the high school desired Wayne Steel Bleachers, all metal portable stands which can be rapidly disassembled and reassembled by ordinary laborers. But Buildings Commissioner Chadwick did not enthuse over the ready-made steel stands. He preferred wooden stands and stands of this type were erected. The new stands were six tiers high and three in number—a long stand on the east side of the athletic field and two small corner stands placed at either end of the permanent grandstand on the west side of the field. The total seating capacity of the new stands is 2058. The old portable, or "knock down" bleachers which they replaced seated 3160, 2360 of this number being provided for in the long stand which was located on the east side of the field. The old stands were 10 tiers high.

The old portable bleachers would be easily taken down or set up. One day 60 of the boys at the school set up enough of these bleachers in 90 minutes. It was constructed that they could not be "knocked down" easily by accident or by intent. They were constructed and erected with the idea that there should be little danger of them collapsing. The framework of these bleachers is held together by hundreds of long bolts. The seats are fastened on with about 2100 screws. These bleachers were erected in time for some of the football games and were so placed on posts driven into the ground that while they were well situated for the football games they encroached on the playing space necessary for baseball. They have interfered with the practice of the baseball players so far and it has been impossible to play regular games of baseball because of them. Newton High has a game scheduled this week with Malden and the conclusion has been reached that this game cannot be played at Newton but must be transferred to Malden because of the large "portable" stand occupying some of the playing space.

Monday night on the supplementary docket at the meeting of the Board of Aldermen was a request for an appropriation of \$1200 to pay for the removal of the portable stands from the athletic field and the erection of them again when necessary. It was estimated by the Building Department that it will cost \$350 to take these stands down. It will probably cost considerably more to put them up again. As the communication asking for the \$1200 did not come in time, it was not acted on by the aldermen on Monday night. In order to have the stands out of the way and thus permit Newton High to have its regular baseball field and to play its scheduled games, Mayor Childs authorized the Building Department to begin the work of removing the bleachers yesterday, and it is assumed that some means will be found to finance the expense from some fund of the city until the aldermen appropriate the asked for \$1200, also assuming that they will do this.

While these new bleachers unquestionably are strongly made, they can hardly be called "portable." They certainly are not sufficiently portable to be readily taken down and re-assembled in different sites on the High School grounds. Nor are they hardly suitable to be set up in the gymnasium. Moreover, the cost of disassembling and re-assembling these "portable" bleachers is something to be reckoned with.

Recently the Aldermen at the request of the School Department appropriated \$1500 for some five tier Wayne steel bleachers which were set up in the gymnasium. These bleachers seat 380 and while considerably more expensive than the wooden bleachers, which cost \$5600, they are in fact, as well as in name "portable." The original appropriation was \$9,000 of which the balance was returned. It is a question of finance whether to continue to depend on the somewhat "portable" wooden bleachers which cost quite a penny to take down and set up again, and which are not suitable for the gymnasium, or to purchase some "honest to goodness" portable bleachers which can be quickly and inexpensively taken apart and put together.

AMERICAN LEGION AUXILIARY

The American Legion Auxiliary Post No. 48, will hold a Food Sale on Saturday, April 14, at 20 Centre place, Newton. The hours are from 10 a.m. to 4 p.m. Mrs. William E. Earle of 18 Maple street, Newton, is the chairman. All kinds of food and canned goods are needed for this sale. For further information please get in touch with Mrs. Earle. Let every one support this cause, come and buy your money will be used for the disabled veterans in the hospitals.

Newton Churchmen's Union to Hear Bushnell

Meeting Planned for Monday, April 16th at Grace Church

The Newton Churchmen's Union has been very fortunate in securing as the speaker for their next meeting on Monday, April 16, Robert T. Bushnell, District Attorney for Middlesex County. This should prove to be a very interesting meeting, for the daily events of the district attorney's office, we understand, are filled with sensational highlights. A hearty invitation is extended to the men of Newton, whether church members or not, to come over to the Grace Episcopal Church, parish house on April 16 at 6:30 to hear and meet Mr. Bushnell. Supper will be served at 6:30 for a nominal fee. If unable to attend the supper, try and attend the talk by Mr. Bushnell, which will commence at 8 o'clock.

The Newton Churchmen's Union is now enjoying the second year of its existence. As the name designates, it is a society for uniting the men of the various churches of Newton with an object of promoting better acquaintance and community spirit among our citizens. Meetings are held twice a year at the various churches and are attended by the Men's Club members of the several churches, but non-members of these clubs are very cordially invited. Last year, with Mr. Carl J. Thorquist as president, two very entertaining meetings were held. Rev. Clausen of Syracuse, N. Y., spoke at the Eliot Congregational Church and Mayor Bauer of Lynn spoke at the Baptist church. This year under the leadership of Mr. Arthur C. Blakemore, one meeting has been held at the Channing Church. Mr. Loring Young, Speaker of the House of Representatives, gave a splendid talk following a hearty meal arranged by the Dinner Committee.

The Executive Committee is composed of two men from each Men's Club and from this the various committees are chosen.

Mr. A. C. Blakemore (Channing), chairman of the Executive Committee; Mr. H. W. Bascom (Y. M. C. A.) secretary; Rev. J. R. Dallinger (Grace) and Dr. L. A. Russell (Methodist); Publicity Committee; Messrs. H. C. Wiggin (Channing) and F. E. Wing (Methodist); Dinner Committee; G. E. Rawson (Baptist) and R. C. Henry (Eliot); Speaker's Committee; Charles Champney (Channing) and H. W. Sylvester (Baptist).

Deaths

THORNTON; on March 31 at Newton, Edward J. Thornton of 35 Carleton street, age 49 years.

O'BRIEN; on April 1 at 367 Homer street, Newton Centre, Mrs. Margaret A. O'Brien, age 77 years.

MALLINSON; on March 29 at 39 School street, Newton, Anna Mallinson, age 86.

KENDRICK; on April 3 at 193 Pleasant street, Newton Centre, died on April 1st. He was 59 years of age and a native of Nova Scotia. Mr. Kendrick had served as a steward on the freighter Constellation and other vessels.

WYMAN; on March 30 at 59 Highland avenue, Newtonville, Mrs. Helen Wyman, age 85 years.

MCELRATH; on March 31 at 181 Langley road, Newton Centre, John P. McElrath, age 83 years.

ALLEN; on March 28 at 41 Dedham street, Newton Highlands, Arlene Allen, age 2 years.

KENNEY; on April 3 at 231 Tremont street, Newton, Catherine Kenney.

LYONS; on April 4 at 42 Auburn st., West Newton, Mrs. Mary D. Lyons, age 31 yrs.

WESTON; on April 3 at 14 Newtonville avenue, Newton, Mrs. Alice C. Weston, age 70 yrs.

KNOLWTON; on April 4 at 219 Pearl street, Newton, Ellery Knolwton, age 58 yrs.

NEHEMIAH KENDRICK

Nehemiah Kendrick of 193 Pleasant street, Newton Centre, died on April 1st. He was 59 years of age and a native of Nova Scotia. Mr. Kendrick had served as a steward on the freighter Constellation and other vessels. His funeral services were held Wednesday, Rev. James Rider of the Ruggles Street Baptist Church officiating. Burial was in Cedar Grove Cemetery, Dorchester.

MRS. MARY D. LYONS

Mrs. Mary Lyons of 42 Auburn street, West Newton, wife of Patrolman Joseph Lyons, died Wednesday night at the Newton Hospital after she had given birth to a daughter. She was born in Wellesley 31 years ago, the daughter of Mr. and Mrs. Thomas Duncan. Her funeral service will be held at 2 p.m. tomorrow at St. Bernard's Church. Burial will be in Calvary Cemetery, Waltham.

Compiled by Charles Elmer Alexander

SHAKESPEAREAN PRESENTATION AT DAMON HALL

To mark the progress of their study of Shakespeare's plays under the direction of Prof. Frank A. Lombard, the girls of Damon Hall presented the court scene from "The Merchant of Venice" on Friday evening. Instead of emphasizing the dramatic side of expression the girls tried to bring out its correct interpretation as an example of what they had been working toward all the year in their study. In a preliminary introduction, Prof. Lombard explained to the audience this motive and said that it was not even intended to be an amateur dramatization, but the interpretation that the girls had given to its real meaning. The study was converted into a representation of a court room in Venice and the costumes were of the period. It was considered a success by those who were present. The refreshments were followed by a general social hour.

The cast included:

The Duke, characterized by Miss Harriet Savage; Shylock, by Miss Mary Ray Fraley; Antonio, by Miss Helen Washburn; Bassanio, by Miss Mary Eliot; Gratiano, by Miss Jane Doughty; Salanio, a soldier of the court, by Miss Elizabeth Harris; a clerk of the court, by Miss Alma Whitman; Portia, by Miss Barbara Horton; and Nerissa, by Miss Dorothy Whiting.

Among the guests were: Dr. and Mrs. F. R. Clark, Mr. and Mrs. A. W. Fuller and Miss Fuller, Mr. and Mrs. L. Gibbs, Mrs. H. H. Powers, Miss Ensign, Mr. and Mrs. W. A. Abbott of Wakefield; Miss Grace Washburn, Miss Marjorie Wilson, Mrs. F. A. Lombard, Miss Ruth Woodbury of Wakefield, Rev. and Mrs. John R. Hollinger and Mrs. Carmichael, and Mrs. W. L. Guy.

The students of American history attended two lectures last week at Boston University, one by Judge Matthe of Connecticut and the other by Dean Albers of Boston.

The entire student body attended the third of the course of lectures given by Edward Howard Griggs.

The members of the graduating class have voted to adopt caps and gowns and to wear the same the remainder of the year.

The Easter recess began Wednesday, April 4, and extends to Monday, April 16. The students were given a special Easter breakfast with appropriate decorations before leaving for their homes.

WOMAN'S ASSOCIATION OF CENTRAL CHURCH

The Woman's Association of Central Church met Wednesday, April 4th. One of the pleasant features of the occasion was the presence of Miss Julia Butler who was formerly active in the society, and is now living in West Hartford, Conn.

Mrs. Robert Kelley spoke enthusiastically of the fail to be held at Mrs. Lynde's, April 13. She referred to the spirit of good fellowship among those who had worked together which would outlast the more tangible objectives. Last year the dolls sent to Japan were the bearers of good will and this year

bags will be sent to Mexico for the same purpose. Mrs. Brewer Eddy has them for those who wish to contribute this expression of friendship to Mexican children.

Luncheon was served by Mrs. James A. Stafford and her committee. Mrs. George A. Auryansen presided at the meeting held at the close of the luncheon. The speaker of the afternoon was Mr. William H. McCance of Satara, India, now home on furlough. India, he said, was a land of contrasts, of lights and shadows. Katherine Mayo, author of "Mother India," had seen the darker side. She had spent but a short time there and had failed to know the heart of that country. Her statements are brutally frank.

Undoubtedly India is a needy land. It is hard to unify a people of diverse languages, castes and the cleavage that exists between Mohammedans and Hindus. "We in India like small, but we are moving"; is the message that Gandhi sends to America. Marked changes are seen there. Better methods of transportation relieve farming results in better crops and the famine districts and scientific poultry. Organizations of girl guides, boy scouts, and more schools, all give promise of a better future. Caste barriers can no longer survive the close contacts of the public motor lorries where people are crowded together regardless of rank. And as the moving picture tells the Christ story, many look, listen and ponder. "Is there a God who cares?"

Announcement was made that the missionary meeting of the following Wednesday would not be held in the afternoon but would be merged with the midwest service. Mrs. Irving O. Palmer, the leader, will be assisted by Mr. Samuel Thurber and Mr. C. B. Harrington.

The Jones' Saturday Night

"I see the Phidelah Rice players are coming to Newton," says Mrs. Jones, laying down the Graphic. "Isn't that fine?"

"Never heard of them," says Mr. Jones. "Quer name. What is it?"

"Why don't you remember? Phidelah Rice is Dean of Leland Powers School and has a summer theatre on Martha's Vineyard. We went to it when we spent that week end with the Smiths at East Chop last summer."

"Oh, yes. A good show, too. Very well done. The players were mostly college graduates, weren't they? There was one pretty girl—I'd like to see her again. How do they happen to be coming here?"

"The Newton Y. W. C. A. is sponsoring them, I believe. The Association needs to raise some money, but they also feel that it is a worth while public service to bring plays and players of a high grade to Newton at a reasonable rate."

"What do you call reasonable?"

"Why the single seats are only 75 cents, but in order to assure their financial success they are getting subscriptions for the series of six plays at \$4.50 a seat."

"That must mean a lot of work."

"Yes, but Mrs. Henry J. Harriman has charge of the subscriptions and she has a lot of interested women helping her all over the city. Mrs. J. Porter Russell, the president of the Newton Federation of Women's Clubs, Mrs. George F. Nudd of Auburndale, Mrs. J. Ellis Spear, Jr., of Newton Centre, Mrs. Edwin F. Gibbs of Newton Highlands, Mrs. Philip I. Warren of Waban, Mrs. Plaster Cowin of West Newton, Mrs. Gorham W. Harris of Newtonville are only a few of the subscription committee, and there are other committees working too."

"But do you think people will come from all over the city of Newton Corner?"

"Why not? Mrs. Smith tells me she and her husband have been going over to Dedham every week to see these same players and the theatre is packed."

"What night did you say they were coming here and where are they going to be?"

"Every Saturday night at the Newton Opera House from April 14 to May 19."

"Aren't there lots of other things going on Saturdays?"

"Not much so late in the season and it's a free night for the children. I should like to have Jane and Junior see such good clean plays as the Rice players give, instead of only going to the movies. They are going to begin with Booth Tarkington's 'Intimate Strangers,' and then do 'Kempy,' 'Cousin Kate,' 'Her Husband's Wife,' 'Mary's Other Husband' and 'The Wren.'"

"But the place!"

"Oh, but the Opera House has all been repainted inside since you were there last. Some of the girls of the Y. W. C. A. are going to act as ushers, and Miss Ethel W. Todd and her Service Committee have charge of the arrangements. With Mrs. Harry Huntington Powers, the President of the Y. W. C. A., and Mrs. Louis Stoughton Drake everything is sure to be all right."

"But how about going down to the shore week ends?"

"It's a lot of work and likely to be cold and I hate driving back in the crowd Sunday afternoon. I'd really rather have a season ticket for the Rice players for Saturday nights and a peaceful Sunday at home."

"Well, if that's the way you feel about it, go ahead and get four season tickets for yourself and me and Jane and so glad you want to come yourself. You write the check and I'll send it right in to the Y. W. C. A. at 251 Washington street so that we can be sure of good seats. I'll telephone to Mrs. Robinson and see if she doesn't want to get season tickets too."

Advertisement.

17TH CONCERT

The 17th concert of the Newton Choral Society will be given Tuesday evening, April 10, at 8 o'clock at Central Church, Newtonville. It will be a very interesting evening for music lovers. Miss Elizabeth C. Weller, the gifted young soprano singer who is soon to be heard, is sure to please this audience. She is having a remarkable success after having unusual advantages in this country. Many look, listen and ponder. "Is there a God who cares?"

The chorus is closing a series of 11 rehearsals under Mr. Malcolm Lang as musical director. His remarkable gift as a director of choral music has made him as the conductor of the Boston Cecilia Society and of the Harvard Alumni Club, one of the most noted conductors in the country. Our musical people will be much interested to see what he has been able to do with this chorus which had such excellent previous training under the able direction of Mr. William Lester Bates. The chorus is to sing six of the compositions which have been the most popular and appealing in nine years of its history. Prominent among these are: "Daybreak," by Fanning, and "Psalm 150," by Cesar Frank.

The Choral Society has contributed a great deal of the musical life of Newton in these past years, and with good reason from the people and the singers it can continue to do so. It has given many people training that has fitted them to sing in church choirs thus rendering an important service to many of the churches. A brilliant series of concerts has been presented, which our music lovers have greatly enjoyed.

HIGHLAND VILLA REOPENS

The Highland Villa on Highland Avenue, the management of which was assumed some time ago by Mrs. Anne Brown and which has been redecorated and extensively improved has been reopened.

Dr. Brown Speaks to Waban Young People

Dr. Brown, lately a missionary in Turkey, was the speaker at the meeting last Sunday of the Young People's Forum of Waban. He told the story of Ko Har, a little Armenian, to illustrate his text which was "The Lord Hath Need of You."

Dr. Brown first met Ko Har when he was entering a heathen village late one rainy day. He saw a little white patch by the road and inquired for his friend, who had gone there some weeks before to teach. His only answer was a big handful of mud which went shooting by his ear. There followed a lot of obscene oaths and the white patch developed into an ugly little hunchbacked girl, who quickly ran away.

Later Dr. Brown found out that this child was known in the village as the "child of Satan" and her home as "hell." Her father was a drunkard and her mother a wicked woman. The village itself was called Shepeke, the "Village of Fools."

Dr. Brown resolved to find this girl and tell her of Jesus and His God. After many days of teaching in the stables and huts of the people as he was going from one stable to another he saw the little hunch-back coming down the alley. He grabbed her by the wrist and for a minute he was at his wits' end to protect himself from the teeth and finger-nails of the "child of Satan."

When he had quieted her to come from under a tree and he would tell her the greatest love story the world has ever known. Being a girl she was at once interested, although still skeptical. Dr. Brown told her then the story of Jesus Christ.

After that Dr. Brown only saw her once in a while as she lay hidden in a stable listening to his talks with the men; but when he was going away he saw her again at the outskirts of the village. The little hump-backed "child of Satan" called out, "May the God give you good journey, Father."

Several months after that Ko Har arrived at the girls' school in a big village where Dr. Brown was stationed. She wanted to learn to read and write that she might go back and teach her people here. She had been thrown out of her home by her father and whipped out of town by the pagan priest and then walked all the way to the big village, begging on the way.

She graduated at the head of her class from the girls' college fifteen years later. The "child of Satan" who had lived in "Hell" was now leading other young people to her Master. From there she went to the worst town in the district to teach and with in three weeks she had collected a kindergarten of thirty-six children. In a few years a church was established by the natives and that city is now one of the foremost cities in the district.

Little Ko Har, whose name may be translated "Diamond," nicknamed the "child of Satan" who had lived in "Hell" in the "village of Fools" had become one of the crown jewels of the King. "The Lord had need of her."

The next meeting of the Young People's Forum will be a special Easter Program. The meeting will begin as usual Sunday evening in the Union Church with supper at 6:10, business meeting and program at 6:30. Visitors will be cordially invited.

Tickets are now on sale for the "Moonlight Frolic" to be held at the Waban Neighborhood Club on the evening of April 14. The entertainment will consist of a musical comedy, "The Dragon's Head," at eight o'clock and dancing from 9:15 to midnight.

Miss Hazel Wood is playing the leading part of "Jean" with Mr. Allan Blaisdell as "Bob," her lover, Miss Betty Bates, Miss Isabelle White, Mr. Rufus P. Cushman and Mr. Donald Charlton together with a chorus of fifteen boys and girls and a men's quartet, besides several soloists, will fill out the cast. The complete list will be announced next week. Tickets at 75 cents apiece may be procured from Mr. Darbar Holmes, Center Newton 1011, or from any Forum member.

NEWTON FREE LIBRARY

Twenty-four students and the Director of the Pratt Institute Library School, who were on a 10-day trip through New England inspecting libraries, devoted the afternoon of March 27th to studying the library system of Newton. They were entertained at lunch at the West Newton Branch Library, after which they visited four other branches and the main library. They were greatly impressed with our new branch buildings, and apparently found much of interest in our system. Seven members of the Woman's Club of Newton Highlands transported the party in their cars to the various points in Newton which were visited.

The Waban Branch Library was moved last Thursday from the very small inconvenient basement room in the Angier School to new quarters some three times the size of the smaller room, in the same building. The new room furnishes much better reading facilities, and also allows shelving space for some addition to the collection of books. In spite of the restricted quarters in use during the preceding year, however, in the past two years the Waban Library has increased its circulation by 26%, which growth is being continued thus far this year.

MISS BLAISDELL ENGAGED

At a bridge party given on Saturday evening at their home, Mr. and Mrs. James William Blaistell of Arlington street, Newton, announced the engagement of their daughter, Emily to Mr. Donald Linwood Gibbs, son of Mr. and Mrs. Elmer Linwood Gibbs of Hunnewell avenue, Newton.

Miss Blaistell is a graduate of Dana Hall and of Wheaton College, Class of 1927. Mr. Gibbs is a graduate of St. Luke's School of Wayne, Pennsylvania, and of Bryant and Stratton School, Boston. He is now associated with the Andrews Paper Co. of Boston.

Service Stores

are essential factors in contributing to

your prosperity

They are independently owned by men who reside here, who spend their incomes here—and who pay considerable taxes here. No matter what business or profession you are in—it is from these men and their employees, also local residents, that you derive much of your livelihood. It behoves you to trade at Service Stores. If you take into consideration the Quality and Quantity of all your food needs—it pays to trade at Service Stores.

REAL ESTATE

John T. Burns & Sons, Inc., report that they have sold for E. L. Gonzales the high grade brick two apartment dwelling located at 72 Washington street in the Hunnewell Hill district of Newton. The house, which is practically new, contains thirteen rooms and two tiled baths, and together with two car garage and 7,500 feet of land is valued at \$25,000. Bertha S. Merritt of Brookline purchases for a home and investment. In conjunction with the above sale, Bertha S. Merritt and Daniel F. Merritt have conveyed through Gonzales to Dr. Ernesto Hurtado of Brookline the bungalow home on 17th street, North, Saint Petersburg, Florida. The bungalow contains seven rooms, garage, and is valued at \$6,500.

Burns and Sons also report that they have sold in Brookline for Phileas Bilodeau his new Colonial seven room home located at 187 Mason terrace, Brookline. With the house there is a garage and 9,500 feet of land, and the total value of the property is \$15,000. Daniel F. Collins purchases as a home and will occupy the premises.

Several long term leases have been negotiated through the Burns office in the past month. They have leased to the Great Atlantic & Pacific Tea Company the double store in the new one story brick building at 304-306 Washington street, Wellesley Hills.

In Newton Corner, in the new Washington Building on the Bacon Estate, now being erected by the Aetna Investment Company of Worcester, many new leases have been negotiated, one being to A. L. Howard, who will open a high grade candy and confectionery store; another to the Hollis Jewelry Company for a long term of years; and also a suite of five offices on the second floor have been leased by the same company to Franklin P. Lowry, M.D. Several other long term leases in the same property are in the process of negotiation.

ONE THING AND ANOTHER

By L. D. G. BENTLEY

I was glad to find the other day that at least one man of my acquaintance had stood firm against the subtle effort of inventors to make our lives too easy. So many mechanical devices are offered at a comparatively low price to relieve us all effort. Even tests of ingenuity, such as those that inspired the philosopher to say, "Necessity is the mother of invention" are becoming fewer and fewer.

All of this fills me with regret. I think it would be better for us if we were compelled to do some things for ourselves. Not too many, you understand, for there is danger we may be overworked. We have come to depend on contrivances that were unheard of not so many moons ago. That sounds a trifle old fashioned, doesn't it? Well, that's just the point I wish to make—there were old fashioned notions and things that were good for us, if only we knew.

About the man I saw the other day; he was a high-salaried business man. Ordinarily he willingly listens to suggestions of new methods for efficiency. Any idea that he can apply to improve business he gladly accepts. In other words, he has "sep" and "punch" and such qualities that go to make up a live, hustling and successful merchant.

Imagine my surprise when I found him industriously whittling a half dozen lead pencils. And, mark you, he could sharpen them to the King's taste, if the King has taste in such matters. He had a sharp knife, a keen eye and a clever hand and the combination brought results of which anyone of us would be proud. In short, he was master, an artist, a virtuoso. There was no gouging of the wood, no broken lead, but a perfectly smooth and slender point. Frankly, he would have made a marvelous wood carver, I am sure.

"You don't have to use mechanical pencil sharpeners," I observed.

"Of course not," he replied. "I can do a much better job than any sharpener that was ever invented."

"But you are one of the very few people who resort to the old time methods of sharpening lead pencils," I declared.

"Well, I don't say that there is anything wonderful in what I do, but I will say it's far more satisfactory."

Now what do you think of his reasoning?

It happens that I frequently stroll down town in the morning about the time the youngsters are headed for school. It is interesting to note how they greet the policemen assigned to make their path of knowledge free from automobiles. There is always a smile as they say "Good morning" to their blue-coated big brother. Of course they can't be expected to be brimming-over with gratitude for this protection. All of us are quite apt to take such things as a matter of course. Still, the little folks know a good deal and they would miss the officers if they weren't on hand.

John McNeil and "Buster" Keating are the team of officers I am privileged to observe almost daily and I can't help noticing their tender handling of the little folks on the way to the Underwood School. Part of the fun of going to school would be, at least if I were a kindergartener, the piloting by such good natured friends as "Mack" and "Buster."

I said something about the youngsters having no thought of appreciation. That I wish to take back. One of them surprised Officer Keating the other day by presenting that official with a snapshot photograph of himself. It was one of those tiny pictures, but it was a good one. No grown-up could have done a better job.

The officer was quite unaware at the time, he tells me, that he was being photographed. In fact he was "snapped" in action, right on a crossing and while giving a signal to the driver of a car. You couldn't ask for a better action picture nor a better likeness of "Buster" Keating.

I don't suppose anything could have pleased the officer more than the picture. At least, I should have been tickled to pieces had I been in his place.

I don't know whether the plan to charge admission to a political meeting is going to prove all that is hoped by those who have arranged for the event. It is something of a departure. Personally, I hope a large crowd turns out in order there may be a substantial amount taken in at the door as whatever is received above actual expenses is to be given to aid one of Newton's best philanthropies.

There are political meetings and just plain rallies. The latter usually have about as much dignity as a circus sideshow, with bands and banners and red fire and fiery speeches. I think the idea of a political meeting an excellent one. It seems more fitting to accompany to any intelligent consideration of important economic and political questions by the average voter.

Down South, as I discovered during a Presidential campaign, prayers are offered at the opening of political meetings and even outdoor rallies. I do not know if the custom is universal and yet I observed it in several States. The clergymen in three instances—it was a long series of such gatherings—were on the opposite side of the political fence, but that made no difference. The fact was that the men and women who turned out were impressed with the seriousness of the discussion. That was pleasing to the candidates, who, although not especially plios, realized that they were not giving a show but were appearing before the citizens as speakers worthy of respect.

I do not recall having attended a political meeting at which admission was charged, although I have been at hundreds of them in the course of my work. I will say that I have seen meetings at which admission was charged and which had been advertised as annual dinner or club suppers, turned into political rallies by in-

houses in Newton is a problem. Many people would like to come and live in our city and would prefer apartments, smaller but equally comfortable quarters. And others don't want to see that type of dwelling in our midst. So, there it is.

Very well then, this is a matter which should be discussed and a solution reached in time, if such a thing is possible. I mean, of course, an arrangement that is satisfactory and that will not spoil our city in any way. I don't suppose there are those better qualified to wrestle with this vexatious question than the home folks themselves. I dare say that if it were put to vote apartment houses would not be allowed. But, you see, that wouldn't show those who wanted to come to Newton to live in apartment houses for they wouldn't have a chance to vote. If I wanted to keep vote on the subject, because I know the city as it is, I would say, "Let's on which side the majority would fall. On the other hand, if I were keen to live in an apartment in Newton and found I wasn't wanted I think I would go to Brookline.

We often hear complaints about busses hogging the road. Many drivers mutter and others sputter, according to their sex, at what they declare the nerve of operators of the big passenger conveyances. They seem to forget that a bus cannot reduce its size and shrink up to nothing by the mere shriveling of a lever. A bus is a bus and that means it is about 28 feet long and wide enough for four seats and an aisle. Furthermore, it must occupy enough space to keep on the ground.

Far be it from me to give any street railway company more than its due and the 10 cents it demands from me as a passenger. I have no street railway stock to dispose of and no expectation of acquiring any. My views are those of one who doesn't even know what a traffic magnate or a motorman by his first name. They all treat me well and I treat them the same. In fact, I think I show them more consideration than they do me for I often have to stand and make no kick, confident that it wouldn't get me anything.

Well, this is a story of a young woman driver who gave a bus driver in Newton as much trouble as any and the 10 cents it demands from me as a passenger. I have no street railway stock to dispose of and no expectation of acquiring any. My views are those of one who doesn't even know what a traffic magnate or a motorman by his first name. They all treat me well and I treat them the same. In fact, I think I show them more consideration than they do me for I often have to stand and make no kick, confident that it wouldn't get me anything.

Local Businessman Found Dead in Garage

Edward J. Thornton of 35 Carleton street, Newton, a well known business man of this city, was found dead Saturday morning in his automobile at the Elmwood Garage on Elmwood street, Newton. Early Saturday morning Mr. Thornton drove his car into the garage, had it washed and then told the attendant in charge that he would take a nap in the car. About 9:30, when he apparently was still asleep, the garage attendant went to awaken him, and when he found Mr. Thornton apparently unconscious, summoned the police, who responded with a pulmotor, thinking that the man

might be the victim of carbon monoxide poisoning. They worked on him for 30 minutes without avail and Dr. Shields, who had been summoned, pronounced him dead. He was a victim of heart failure.

Mr. Thornton was born in this city 49 years ago, the son of Michael and Bridget Thornton of 63 Cummings road, Newton Centre, who survive him. His wife died a couple of years ago and he is survived by one son, Edmund Thornton, a daughter, Dorothy, one brother, Michael J., and three sisters—Mrs. Charles Raymond of Hampton, N. H., Mrs. Charles Martin of Cambridge and Mrs. Herbert Wall of 63 Cummings road. His funeral service was held Monday morning at the Church of Our Lady. Burial was in Woburn. A delegation attended from Newton Lodge of Elks, of which the deceased was a member.

CAPT. PERLEY C. KNEELAND

Captain Perley C. Kneeland of the Boston Police Department, who passed away on last Friday, was a member of the Claffin Guards in the Spanish War of 1898, and of the Claffin Guards Veterans Association. At the time of his enlistment in 1898, he resided in Newtonville. In 1903 he was appointed to the Boston Police Department and worked his way up through the various grades to the captaincy of Station 16, one of the most important in the city and which he held for the past six years. He attended the last banquet of the Veterans Association, which was held in Newtonville, last October.

Funeral services were held last Monday from the Trinity church in Copley Square which was thronged with many officials and personal friends. Among those who paid final tribute to their former comrade were E. R. Springer, Robert W. Daley, captain and lieutenant, respectively, of the Claffin Guards in 1898, and Walter H. Stearns, secretary of the Claffin Guards Veterans Association.

Atmospheric Movement

The atmosphere as a whole moves with the earth so that the rotation has no perceptible effect on position, relative to the earth, of bodies supported in it, such as flying machines, birds, etc.—Exchange.

This favorable decision is in direct response to the urgent request of the New England Governors' Fuel Committee of which committee Governor Fuller of Massachusetts was the originator.

The Governors' Fuel Committee was represented by Senator Edward W. Goss of Waterbury, Conn., the Boston Chamber of Commerce by Mr. W. H. Day, in fact many trade associations in New England appeared before the Interstate Commerce Commission urging that West Virginia Low Volatile Run-of-mine and slack coal be permitted to be shipped into New England.

Great credit is due the wholehearted and intelligent manner in which these representatives of New England industry handled this very important matter.

NEWTON CIRCLE

The Annual Card party of the Newton Circle, Inc., will be held at the new and attractive home of the Girls' City Club, April 25 at 2:30 o'clock.

Members and friends are urged to assist. Tickets may be had through Mrs. D. M. Lodge, Chestnut Hill; Mrs. C. Clinton Brown, Elliot Memorial road, Newton Centre; and Miss Margaret Cobb, Ivy street, Brookline.

The Annual Meeting of the Newton Circle, Inc., will be held at the Florence Crittenton Home, Oak square, Friday, April 27 at 2:30 o'clock. Mr. Sanford Bates will be the speaker. Members and friends are urged to attend. Tea will be served.

Waltham's New Theatre Opens Monday Night

The Embassy Theatre, Waltham, opens Monday night at 8 o'clock with a series of attractions which promise to set new high standards for entertainment in this vicinity. The opening will be a gala and festive affair. Mayor Henry T. Beale of Waltham will attend, as well as other officials of State and city.

The feature of the program is Reginald Denby in the screaming comedy, "That's My Daddy." The co-star is Jane Laverne, the child actress who has established herself as the queen of comedy. The picture deals with the adventures of Reginald Denby on the day he is to marry. He is arrested for speeding while on the way to his own wedding, tells the policeman a hard-luck story about his child in the hospital and is duly escorted to the hospital by the officer. Complications ensue when Jane promptly insists "That's My Daddy." The picture is loaded with laughter.

In addition there will be a Charlie Chase comedy, a newsreel, and topics of the day. The vaudeville is headed by the famous "Six Brown Brothers," featuring Tom Brown. This famous saxophone sextet is nationally famous having been a feature of the Ziegfeld Follies. In addition to being artists on the sax, the whole team introduces much comedy into their work. There will also be four other big-time vaudeville acts.

Ray Stewartson and his orchestra, already known to thousands of radio fans, will furnish music, accompanied by the cathedral-toned organ.

The interior of the Embassy is built to resemble a Spanish courtyard. From the outer entrance of the lobby to the magnificent auditorium beauty is the sole keynote. Lighting effects are unique. When the lights are lowered the interior resembles the outdoors.

A star-studded ceiling heightens the illusion. Clouds are wafted by, and a silvery moon rises and sets during the evening.

It is an atmosphere of rest and pleasure.

Perfect ventilation is another feature of the new playhouse. Air, washed and heated, properly humidified, is kept in constant circulation. There are never any drafts, but the air is flowing gently throughout the entire structure.

The free parking space, with an attendant at hand at all times, the "courtesy-first" policy in which the management has drilled every employee, the attractiveness of the retiring rooms, and the comfort of the spacious seats—all these combined make up Waltham's wonder theatre, the Embassy.

LOWER RATES ON WEST VIRGINIA COAL

We are informed by The White Oak Coal Company of Macdonald, West Virginia, that the Interstate Commerce Commission has just handed down a decision effective June 5, 1928, which will greatly reduce the household and industrial fuel bill in New England.

The Commerce Commission ruling will permit, beginning June 5, 1928, the all-rail shipment of West Virginia Low Volatile Run-of-mine coal and slack in addition to lump, egg and stove to all points in New England.

Previous to this ruling only lump, egg and stove West Virginia Low Volatile Coal could be shipped all rail and only to points on the New York, New Haven & Hartford railroad and Boston & Maine railroad.

All rail shipments of West Virginia Low Volatile Run-of-mine and slack were prohibited previous to this decision.

This favorable decision is in direct response to the urgent request of the New England Governors' Fuel Committee of which committee Governor Fuller of Massachusetts was the originator.

The Governors' Fuel Committee was represented by Senator Edward W. Goss of Waterbury, Conn., the Boston Chamber of Commerce by Mr. W. H. Day, in fact many trade associations in New England appeared before the Interstate Commerce Commission urging that West Virginia Low Volatile Run-of-mine and slack coal be permitted to be shipped into New England.

MORTGAGEE'S SALE OF REAL ESTATE

By virtue and in execution of the Power of Sale in a certain mortgage given by Ernesto Hurtado to Albert S. Olson dated May 18, 1927 and recorded with Middlesex South District Deeds, Book 102, Page 221, who is mortgagee, and undesignated is the present holder for breach of the conditions of said mortgage and for the purpose of foreclosing the same will be sold, at public auction at 10 a.m. on April 12, 1928, at the office of L. C. Leggat, Esquire, 19 Milk Street, Boston, Mass., on the twenty-first day of April A. D. 1928, on the premises hereinabove described, all and singular the premises described in said mortgage, and bounded as follows:

All that parcel of land with the buildings thereon in that part of Newton, Middlesex County, Massachusetts, called Waban, being Lot 10, (S) and one-half (1/2) acre of Land in the same, Mass. drawn by Dana F. Perkins C. E., dated August 1922 and recorded with Middlesex South District Registry of Deeds, Book of Plans 310, Plan 100, bounded and bounded:

Easterly by Chestnut Street on hundred and twenty feet;

Southerly by Lot 10 on said Plan one hundred forty-one and 56/100 feet;

Westerly by Quinquequin Road one hundred twenty-two and 42/100 feet; and

Northerly by Lot 7 on said plan one hundred twenty-two and 42/100 feet, containing about 18080 square feet.

Said premises will be sold subject to two prior mortgages, now aggregating \$10,000, held by the National Savings Bank, one being given by Hazel W. Weller, al to said Bank dated March 24, 1923, and recorded with said Deeds in Book 4598, Page 194, and the other being given by said grantee to said Bank to be recorded herewith.

Said premises will be sold subject to all unpaid taxes, tax titles, and Municipal Assessments of record.

Terms of Sale
\$500.00 to be paid in cash at the time and place of the sale, balance in cash within ten days thereafter.

Other terms to be announced at the sale.

Signed ALBERT S. OLSSON
16 Burton Street, Brighton, Mass.
Present holder of said mortgage.

March 23, 1928.
Mar. 30-Apr. 6-13.

MORTGAGEE'S SALE OF REAL ESTATE

By virtue and in execution of the Power of Sale contained in a certain mortgage of registered land given by Michael Farina, Loretto Gentile, Rocco Gentile, and John Gentile, all of Newton, Middlesex County, Massachusetts, to the North Avenue Savings Bank, a corporation duly established under the laws of the Commonwealth of Massachusetts, and located at Cambridge, Massachusetts, on December 19, 1927, and being document No. 82292, registered December 5, 1927, and noted on Certificate of Title No. 22366 in the South District Registry of Deeds, Book 159, Page 61, for breach of the conditions of said mortgage and for the purpose of foreclosing the same will be sold at Public Auction on Monday, April 16, 1928, at the office of Edward Cohen, Esquire, 19 Milk Street, Boston, Mass., on the twenty-first day of April A. D. 1928, at the lot numbered 22 on a plan made by Everett M. Brooks, C. E., dated October 12, 1926, and filed in Registry of Deeds, Book 16, Page 345, said lot being bounded and described as follows:

NORTHWESTERLY by Angier Circle by a way thirty-five fifty-five (55) feet;

EASTERLY by the lot numbered 21 as shown on said plan ninety-one (91) feet;

SOUTHERLY by the lots numbered 17 and 16 as shown on said plan, eighty (80) feet;

AND NORTHWESTERLY by the lot numbered 23 as shown on said plan, one hundred and 48/100 (104.48) feet.

CONTAINING 6580 square feet of land according to said plan.

Basis of title of premises described in said certificate of title No. 22366, registered in Book 159, Page 61, and being subject to restrictions and easements of record in favor of the owner, as far as in force and applicable, together with any and all rights of way in and over the Angier Circle as shown on said plan in common with others lawfully entitled thereto.

Said premises are to be sold subject to any and all unpaid taxes, tax sales, restrictions or assessments, if any.

WOMEN'S CLUBS

(Continued from Page 10)

Newton Community Club

The next meeting of the Newton Community Club will be held at the Underwood School Hall on Thursday afternoon, April 12th, at 2:30 p.m.

The program, a Musical, is being arranged by Mrs. James A. Moyer, chairman of the Music Committee.

Mr. Frank Stuart Mason, will give a musical program assisted by the Community Club Choral Class under the direction of Mrs. Florence Hale Ginn, with Mrs. Lucy Simonds accompanying. Mr. Mason will give a program both of eighteenth century music and of modern music.

Mr. Frank Stuart Mason was born in East Weymouth, Massachusetts, in 1883. He was graduated at the New England Conservatory of Music in 1907 with highest honors. He studied the piano in Paris with Isidor Phillip, Raoul Pugmire, and Andre Horner, and made his debut as pianist with the Boston Orchestral Club in 1910. In 1919, he was appointed conductor of the Peoples' Symphony Orchestra. He is professor of piano-playing and lecturer on history of music at the New England Conservatory of Music and for the Department of Education of

Massachusetts; music critic of the Christian Science Monitor; Officer d'Academie, France, and member of Harvard Musical Association.

Mr. Mason is well-known as a composer. His best works are Rhapsody (on a Persian air) and Bergerie (suite for orchestra), which has been performed by the Boston Symphony Orchestra. Club members are most fortunate in having Mr. Mason with us on April 12th.

The Club will also welcome their talented singers in the Club Chorus, and their able leaders Mrs. Hale and Mrs. Simonds, of whose ability they are proud. The group of three Old English songs is sure to be delightful.

At the close of the meeting there will be a food sale, this being the third and last sale of the series that Mrs. Harold Moore has been managing.

Auburndale Woman's Club

Today, April 6th, the Directors' meeting of the Auburndale Woman's Club is being held, and also the last of Mrs. Grace Morrison Poole's instructive lectures in Current Events. On April 12th the Annual Meeting will be held at the Auburndale Club House, with luncheon served at 12:30 o'clock, and the entertainment at 2 o'clock, and reports and business at 2:30 o'clock. The treasurer will receive annual dues at this meeting.

West Newton Community Service Club

Mrs. Claude U. Gilson gives the last in her series of ten Current Events Lectures, that have been so enjoyed by members of the West Newton Community Service Club, on Friday, April 13th, at the Unitarian Parish House at 10:40 a.m. This is a postponed lecture from April 6th, as originally listed.

Shakespeare Club of Newton Highlands

On Saturday afternoon, April 14th, at 2:30 o'clock, the Shakespeare Club will meet at the home of Mrs. Bernard Early, the president, 2322 Washington street, Newton Lower Falls. Mrs. F. S. Keith is in charge of the Quiz, which is on acts IV and V of "Twelfth Night."

Newton Federation

The plea comes from Mrs. F. A. Campbell, chairman of the Social Committee of the Newton Federation, for

THE CONES CAMP

FOR BOYS

Surry, Cheshire County, New Hampshire

An ideal summer camp with refined home influences for boys from EIGHT to FIFTEEN years of age. Beautiful location among New Hampshire hills. INSTRUCTIVE PROGRAM OF INDUSTRIAL AND CHARACTER BUILDING ACTIVITIES.

SEASON, JULY 2, TO AUGUST 25. COST FOR SEASON IS EXCEPTIONALLY REASONABLE—ONLY \$175.

Further details or interview on application.

Thief Steals Radio While Owner is Away

When Charles F. Jones of 21 Endicott street, Newton Highlands, returned to his Newton home last week, after spending the winter in Florida, he discovered that the house had been entered but that the only articles stolen were a radio set and its accessories. Apparently the burglar was not an ordinary thief—just a radio kleptomaniac.

John B. McIsaac of Colonial avenue, Newtonville, was in the Newton court last Friday charged with driving while under the influence of liquor. His case was continued until April 12. He was arrested the preceding night by Patrolman Jenkins when his car hit Anna and Mary Molloy of 52 Harvard street, Waltham, as the girls were crossing the intersection of Waltham and Crafts streets, West Newton.

In the Newton court last Friday three men were given suspended fines after having been convicted of violations of the labor laws for non-payment of wages to employees. Giuseppe Madonia of Newton Centre was fined \$50 on each of two counts and the fines suspended until April 20 to allow him to make a settlement with the employees. William Harvey of Chester avenue, Waltham, was given similar penalties which will be waived if he pays his erstwhile help by April 27; Samuel Toupin, found guilty on eight counts, was also fined, and the fines suspended until April 27.

Inspector Shaughnessy arrested George Osborne of 16 Fairlee road and turned him over to the Chelsea police last Friday on the charge of driving so as to endanger the lives and safety of the public.

James Holloman of 120 Thornton street, Roxbury, was arrested Saturday night by Sergt. Meehan and Patrolman Haley charged with driving while under the influence of liquor. His case was continued for a week.

The practice of unlawfully appropriating automobiles for joy rides continues in this city. A car owned by George Walsh of Gordon terrace was stolen Saturday night and recovered in Everett the next night; a car owned by Alfred Obst of Brookline was stolen from Prospect street Saturday night

and found on Commonwealth avenue Sunday night. A car owned by Elaine Gough of Newtonville was also stolen Saturday night and later found abandoned on Newtonville avenue near Centre street.

Three boys who had fled from the Lyman Reform School at Westboro were arrested at Lower Falls Sunday night by Sergt. Moan and Patrolman Walsh. The trio—Thomas Payne of Waltham, Thomas Guarino of East

Boston and Arthur Iamacci of Woburn were called for by officers from the school on Monday.

Two Lower Falls boys were in the juvenile court Friday charged with entering a coal office at the village and stealing a sum of money. One of the boys, who was on probation, was committed to the Lyman School at Westboro. The other boy was given a suspended sentence to that institution.

BIDS OPENED

Bids on 10,000 pounds of dry arsenate of lead were opened last Friday in the Street Commissioner's office.

The list of bids were as follows: The Sherwin-Williams Co., \$1173.00; John Lucas & Co., \$1212.75; Grasselli Chemical Co., \$1235.00; Interstate Chemical Co., \$1350.00. The contract will be awarded later.

THE WEEK IN NEWTON SPORTS

Edited by WARREN K. BRIMBLECOM

MALDEN BEATEN IN OPENER 9-4

Newton high baseball team started its season Wednesday afternoon with a clean cut victory over Malden High on the latter's field, the game being originally scheduled for Claffin field but transferred because the home field was not in shape. The so-called portable stands were removed early in the week but the field had not been raked and rolled. It is expected that it will be ready for tomorrow when Newton stacks up against the veteran Lawrence High nine with one of the best schoolboy pitchers, Capt. John Broca on the mound. Coach Sullivan has saved Don Wilson, his ace, for tomorrow's contest and if he shows the form that Bill Reilly did against Malden the Mill City boys are in for a surprise.

Newton's victory over Malden was due to the hitting of the orange and black players, aided by masterly twirling by Reilly. Captain deMille and Phil Andres clouted the bat each getting two hits in three times at bat. The Newton leader's triple in the first inning was wasted as he got no further and it came with no one on but his single in the fourth drove in two runs while he counted another in the third after getting a free ticket to first. Phil Andres clouted out two doubles which sent several runs across. Considering the weather Coach Sullivan's boys played a good game in the field, making but few errors. Reilly started off in great fashion by fanning the first three men. In the second inning Malden counted a trio of unearned runs by two pretty bunts coupled with a base on balls and two errors. They scored another in the fourth as the result of a wild throw but for the rest of the afternoon could do nothing.

By agreement the game was called at the end of the seventh in which inning Spain, Fletcher and deMille completed a fast double play. Spain led off for Newton and was thrown out by the third baseman. Powers fled to short and Capt. deMille came to bat. He leaped on one of Kelley's fast ones and hoisted the ball over the left fielder's head. It rolled to the stands and was good for three bases.

Captain deMille's three base hit over the left fielder's head was the feature of the first inning. Two were down and Art. Wilson's high fly to the shortstop ended the inning. Reilly set the first three Malden batters down in a row, fanning them all in quick succession. Fletcher drew a pass to start the second, Andres sacrificed but Warren and Gatchell were easy outs. Malden had its big inning in the last half of the second. Boehm got a life when deMille lost his high fly on Fletcher's territory in short right field. Freshman worked Reilly for a free ticket and Budiloff laid down a bunt to sacrifice but Reilly's throw was poor and everybody was safe. Marston laid down another bunt and Reilly fanned it to Andres too late to cut off Boehm but the Newton catcher pegged it to deMille to nail the batter for the first out. McCarthy hit to Spain who held Freshman on third and then threw McCarthy out. Kelley singled to score two runners. DePervio singled. Kelley stole third on a short passed ball and hurt his knee.

Two more tallies were rung up by Newton in the fourth. Reilly led off with a hit to left and stole second. Spain drew a pass and was forced out on Powers' rap to short which let Reilly go to third. Powers stole second and deMille scored both runners with a single to right field. Wilson hit to third and Fletcher fled to left to end the inning. Malden also got a run in the last of the fourth. O'Connor, who relieved Budiloff behind the bat, singled, Marston laid down a perfect bunt and Andres threw over deMille's head. McCarthy singled to score O'Connor but was forced at second by Beaman. Beaman, with a man on third tried to steal second but Andres' throw nailed him and the runner didn't dare chance a dash for the plate. Reilly bore down and fanned DePervio for the second time.

Both teams went down in order in the fifth, Andres and Warren striking out.

Newton staged another rally netting four runs in the sixth. Reilly fanned Spain singled to left and stole second. Powers singled and Spain came in with Powers taking second on the throw to the plate. deMille got a life when Boehm took his foot off the bag. Wilson fanned for the second out. Fletcher singled to score Powers. Both deMille and Fletcher rode in on Andres second two-base hit. Warren fanned for the third out. In Malden's half Boehm was called out for batting out of turn and the next two men were thrown out by Warren and Spain.

With one down Reilly singled in the seventh and went to second when Marston dropped Spain's fly. Powers forced Reilly at third. Spain stole third but was later nipped on a quick throw from the catcher. In Malden's half after Gatchell had dropped McCarthy's fly Beaman hit to Spain who started a double play with Fletcher and deMille. DePervio fanned for the third time, to end the game as agreed on before starting.

WATCH SEELEY IN MARATHON

Jack Ryder, Olympic coach and coach of track at Boston College, has been working with Bill Seeley, former Newton High runner and third place winner in the recent Providence-Boston run, for the past year and hopes to see him up with the leaders in the annual B. A. A. marathon from Hopkinton to Boston next Thursday noon. The distance of 26 miles 355 yards is considerably shorter than that in the Shepard stores event and in that race the Newton youth kept up with Clarence DeMar and the other stars most of the time. In fact he led the Melrose veteran for part of the way, giving indications that he should not be greatly outclassed by the latter. Although Manager Tom Kanaly of the B. A. A. expects a field of over 200 starters among whom will be many of the recognized stars of the United States and Canada and Seeley is not considered as a contender for one of the first six places he will not be far behind.

With the first six United States citizens to finish to be chosen to make up the American Olympic Marathon team at the Olympics this summer Seeley will have everything to gain and nothing to lose.

PAYNE TO LEAD 1929 QUINTET

Norman Payne, substitute centre and forward on the Newton High basketball team the past winter has been elected to captain the 1929 five. Payne was used in nearly every game this season and his playing aided materially in several victories.

McNulty ran for him. Spain took Crowley's fly to end the inning.

The Newton team came right back in the first of the third. Reilly led off with a hot shot to the pitcher which the latter deflected to the third baseman who threw Reilly out. Spain got a life when DePervio lost his grounder but was forced at second by Powers. Capt. deMille drew a pass and Wilson singled to drive in Powers. Fletcher also got a free ticket to fill the bases. Andres hit for two bases to bring in two runs and tie the score. Beaman, who had replaced Kelley in the box for Malden at the start of the inning, issued his third pass to Warren. Gatchell hit to the third baseman who touched out Andres to end the merry-go-round. For Malden Boehm drew a pass with one down but Andres pegged to Spain to catch him stealing. Spain tossed out Freshman.

Fletcher drew a pass to start the second, Andres sacrificed but Warren and Gatchell were easy outs. Malden had its big inning in the last half of the second. Boehm got a life when deMille lost his high fly on Fletcher's territory in short right field. Freshman worked Reilly for a free ticket and Budiloff laid down a bunt to sacrifice but Reilly's throw was poor and everybody was safe. Marston laid down another bunt and Reilly fanned it to Andres too late to cut off Boehm but the Newton catcher pegged it to deMille to nail the batter for the first out. McCarthy hit to Spain who held Freshman on third and then threw McCarthy out. Kelley singled to score two runners. DePervio singled. Kelley stole third on a short passed ball and hurt his knee.

Two more tallies were rung up by Newton in the fourth. Reilly led off with a hit to left and stole second. Spain drew a pass and was forced out on Powers' rap to short which let Reilly go to third. Powers stole second and deMille scored both runners with a single to right field. Wilson hit to third and Fletcher fled to left to end the inning. Malden also got a run in the last of the fourth. O'Connor, who relieved Budiloff behind the bat, singled, Marston laid down a perfect bunt and Andres threw over deMille's head. McCarthy singled to score O'Connor but was forced at second by Beaman. Beaman, with a man on third tried to steal second but Andres' throw nailed him and the runner didn't dare chance a dash for the plate. Reilly bore down and fanned DePervio for the second time.

Both teams went down in order in the fifth, Andres and Warren striking out.

Newton staged another rally netting four runs in the sixth. Reilly fanned Spain singled to left and stole second. Powers singled and Spain came in with Powers taking second on the throw to the plate. deMille got a life when Boehm took his foot off the bag. Wilson fanned for the second out. Fletcher singled to score Powers. Both deMille and Fletcher rode in on Andres second two-base hit. Warren fanned for the third out. In Malden's half Boehm was called out for batting out of turn and the next two men were thrown out by Warren and Spain.

With one down Reilly singled in the seventh and went to second when Marston dropped Spain's fly. Powers forced Reilly at third. Spain stole third but was later nipped on a quick throw from the catcher. In Malden's half after Gatchell had dropped McCarthy's fly Beaman hit to Spain who started a double play with Fletcher and deMille. DePervio fanned for the third time, to end the game as agreed on before starting.

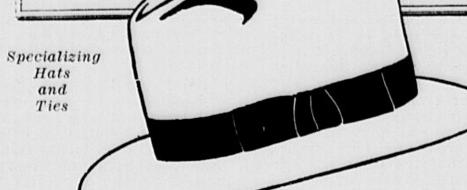

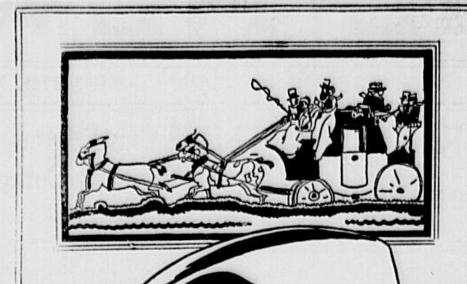

SPORT NOTES

To Use Longwood Courts

Newton high school's first annual high school tennis tournament will be held on the courts of the Longwood Cricket Club on June 9 and will be open to all high schools in the state. Entry blanks have been sent out by S. Ervin Smith of the Newton faculty who is director of the tournament. Twenty or more schools are expected to enter teams.

Lingham Holds Eastern Leagues

Phil Lingham, pitching for the Brown varsity team against the Providence Eastern League team in an exhibition game at Providence last Saturday, held the minor leaguers in the last two innings of the game which Providence won 4 to 0. The Brown team got but one hit while the Grays were collecting nine, two of which Bill Cronin, West Newton youth collected. In the fast two innings while Lingham was on the mound he allowed but two hits no runs and fanned two.

Vaughan Hits Two Homers

Although Captain Dick Vaughan and his Yale baseball nine went down to defeat at the hands of the William & Mary college team last Friday on the short end of a 7 to 5 score the Newton Centre youth pulled out a home run in the fourth inning with one on to score the Blue's first two runs. Errors in the first two frames enabled the Williamsburg nine to score five runs and gave them a commanding lead.

In Saturday's game with the Naval academy which the Ellis won 12 to 8, Vaughan went hitless but on Monday came back with another four-bagger when he was the first man up in the second inning in the game with Georgetown which the latter won 8 to 5. Although Vaughan went hitless against the Navy he scored two runs by getting a life at first and his teammates pushed him around.

Everett Vets Ineligible

Three veteran Everett high school infielders have been declared ineligible owing to scholastic difficulties, rendering a severe blow, to the team's suburban league championship hopes. Baldwin, a shortstop, and Ott and Golden, first and second basemen, will not be permitted to play for at least a month.

Mahoney Gets Two

Neil Mahoney was the only batter on the Northeastern University nine that could solve the slants of Captain Leo Smith of the Providence College team, who turned the Huskies back without a run and but three hits in the opening game of the season for both teams last Saturday at Providence. Providence tallied three runs in rallies which netted but one tally each in the fifth, sixth and eighth innings. Mahoney was at bat four times and capped out two hits, one a single and the other a double. Coach Rufus Bond sent Roy Richardson to the mound and saved Leo Crowley for the game yesterday with Tech and Wednesday Crowley was declared ineligible.

Hill Beaten By Lott

Fifty players started play in the 10th annual North and South singles tennis championship on clay courts of the Pinehurst C. C. at Pinehurst, North Carolina, last Monday among them several Harvard players including last year's freshman captain, Malcolm T. Hill. In his first round match Hill went up against George Lott, Jr., of Chicago, the youthful star who lost his final match and the title last year to Bill Tilden. Lott disposed of the Wabash youth in short order, losing but one game in the two sets.

Gilligan On Exeter First Team

Tom, was chosen by the coach of the Exeter Academy varsity baseball team for a position in the infield. The former Newton star can play either short, second or third. The squad got out for the first time this season a day or two ago.

Entry Blanks Out

Entry blanks have been issued for the annual outdoor interscholastic track meet under the auspices of the Mass. High School Athletic Association on the Harvard Stadium track on June 2nd. Newton high with Captain Jimmy McCrudden heading a star aggregation is expected to be one of the contenders for the state honors. In addition to McCrudden in the half mile, Coach Enoch has a number of stars for the other events in Dick Reynolds, 440 yd. runner; Ebelhare in the high

EDITORIAL

The new law to allow a straw vote of preferences for the presidential nomination will greatly complicate the counting of the ballots at the coming primary on April 24th. The voter can help materially in correcting this difficulty if he or she will merely write in the last name of the person favored for the nomination. Just write Coolidge, Hoover or Smith, rather than Calvin Coolidge, Herbert Hoover or Al Smith. The law requires the election officers to make a return of all divergent preferences and unless something like the above is done, it will take considerable time to tabulate the many ways in which individuals will express their choice. Just write in the last name of your candidate and that will be sufficient.

The undoubted sentiment in this city in favor of Hoover as the favorite candidate for the Republican nomination for president, as well as the personal acquaintance which Dr. Anderson has in Newton, should operate to give him a commanding vote in the coming primary as a delegate at large to the Kansas City convention.

We are reminded by one of the Civil War Veterans that yesterday was the double anniversary of the firing on Fort Sumter, the beginning of the Civil War and was also the anniversary of the death of President Lincoln.

We may well pause a moment and remind ourselves what bearing these two events have had on the United States.

We are glad to call attention to the attitude of Representative Luitwieler on the bill to provide for a referendum vote on the 18th amendment which was recently killed in the House. Mr. Luitwieler not only voted against the bill but was also one of the convincing speakers on the side.

We understand that Mr. George W. Wardner of Wellesley, who is a candidate for district delegate to the Republican National convention, is pledged to the candidacy of Hoover for president and is also a man whom the dry element in this district can gladly support.

UNDER THE GILDED DOME**POLICE NEWS**

Charles F. Rittenhouse of Newton Centre has been appointed by Governor Fuller as a member of the State Board of Registration of Certified Public Accountants to succeed George L. Bishop. The name was sent to the Executive Council at last Wednesday's meeting and will come up for confirmation next Wednesday.

On the rollcall last Wednesday, whereby the House rejected, 93 to 76, an order for an opinion of the Supreme Court on the constitutionality of a State fund for workmen's compensation, Messrs. Hollis, Luitwieler, Saltonstall and Thompson voted to reject the order.

The House has elected Frank E. Bridgeman its clerk to succeed the late James W. Kimball. Mr. Bridgeman has served more than a score of years as assistant clerk. The late Raymond L. Bridgeman of Auburndale was his cousin.

One of the surprises of the week was the overriding by the House of Governor Fuller's veto of the bill to provide that the State pay the entire salaries of the members of the Public Utilities Commission. At present part of these salaries is paid by the corporations supervised by the commission. The House passed the bill notwithstanding the Governor's veto.

William C. Brown, of 40 Bernard street, Newton Highlands, was fined \$10 in the Newton court yesterday for speeding.

Robert Harding of Newtonville was found not guilty in the Newton court Wednesday on the charge of reckless driving as a result of a collision recently between his car and another at Centre and Homer streets. Serg. Bannon, who was a passenger in the other car, was the complainant. Harding contended that he was driving on the right side of the street and that the driver of the other car was going at a rapid rate.

Edward Durall of Chapel street, Brookline, was fined \$10 in the Newton court Tuesday for driving too rapidly. He also was fined \$5 for driving without his registration.

Frank Morrill of 480 Geneva avenue, Dorchester, was fined \$50 in the Newton court Tuesday on the charge of larceny. He appealed. Morrill was formerly employed as a chauffeur by Robert Gould Shaw, 2nd, of Oak Hill. When he left Shaw's employ he refused to surrender a chauffeur's uniform he had in his possession. Morrill claimed he considered the uniform as given to him in conjunction with his wages.

Ronald Rousseau of 67 River street, West Newton, was fined \$10 in the Newton court Tuesday for driving too rapidly. Patrolman Goddard testified that Ronald was "hitting" between 40 and 45.

Patrolman Ray Taffe and his wife leave Sunday on the Caronia for Ireland to visit a relative of Mrs. Taffe who is ill. This is Ray's second trip across. The first was taken in 1917, not to Ireland, but to "sunny" France, under more exciting, but less comfortable conditions.

Theodore Jeffers of 379 Newton street, Waltham, was in the Newton court Monday charged with driving while under the influence of liquor. His case will be tried April 16. He was arrested Saturday by Patrolman Dalton.

James McGlynn of 337 Beacon street, Somerville, was fined \$10 by Judge Bacon on Tuesday for operating his automobile at night with improper lights. Edmund Yates of St. Paul street, Brookline, was fined \$10 for speeding and \$5 for operating his car with the cutout open.

William C. Brown of Bernard street, Newton Highlands, was fined \$10 by Judge Bacon yesterday for speeding. Jesse Guilford of Brookdale avenue, Newtonville, reported to the police that his Hupmobile car had been stolen on Wednesday night from the garage where it is kept on Albemarle road. The car was later found abandoned in Brighton after it had been damaged in an accident.

Saturday evening Patrolman Goddard shot a collie dog on Washington street, near Walker, Newtonville, after the animal had been hit by an auto operated by F. Buluban of 23 Maple street, Auburndale. The dog was owned by Mrs. Elizabeth Colligan.

POLICE NEWS**NEW POSTOFFICE SITE AT NEWTON?**

(Continued from Page 1)

Early Friday morning Patrolmen Laughlin and Teehan found a Chrysler car abandoned on Washington street, near Thornton street. It had been stolen on April 5 in Cambridge from John Rosecrans of Irving street, that city.

At 12:40 Saturday morning Patrolman Maguire found a dead turtle on Centre street, Newton, near Centre avenue (erstwhile Centre place).

The turtle apparently had been killed by an automobile while attempting to cross Centre street. Just how the turtle happened to be at a point so removed from water is a mystery, unless it heard of all the gold fish which were being given away at Hubbard's Drug Store and reasoned that some of the persons getting the nucleus of an aquarium might also want a turtle as a pet. Patrolmen frequently find dead cats and dead skunks in the streets, but it is unusual to find a dead turtle.

John McInnes, of 2 Colonial avenue, Newtonville, whose automobile hit Anna and Mary Molloy of Waltham, on Waltham street, West Newton, on March 29, was found guilty in the Newton court yesterday by Judge Bacon on the charge of driving while under the influence of liquor and sentenced to one month in the House of Correction. He appealed.

William C. Brown, of 40 Bernard street, Newton Highlands, was fined \$10 in the Newton court yesterday for speeding.

Quality Paint Saves \$210²⁴

THAT, according to the cost chart* is the saving Quality Paint makes for you every 5 years because it outlasts cheap paint 2½ to 1—and at that, Quality Paint costs less than \$4.00 more for painting an average house because it covers more square yards per gallon.

— gives low square yard cost, low five-year cost!

It armors your property with a moisture proof film that keeps out weather and decay — saves repair bills — prevents depreciation!

*Before you buy paint, see cost chart at this store.

CITY HALL NEWS

Buildings Commissioner C. C. Chadwick has been elected president of the Mass. Building Inspectors.

Among the petitions received by the Board of Aldermen is one from the New England Creamery Company for alterations at the property on Farwell street, Newtonville, formerly known as Willow Farm. This property consisted of a cow barn and a building where milk was bottled; also a barn for horses. It is proposed to convert an ice-house into a refrigerating plant and to build an addition to house more wagons. The New England Creamery Company desires to move its distributing plant from Waltham to the Newtonville location. The cows are no longer at the Farwell street place and it would be a distributing plant for Newton, Waltham, Brighton and vicinity.

The Beacon Oil Company petitions for an extension of a non-conforming use at the gasoline filling station at 1290 Commonwealth avenue, near Fuller street. A permit to build a brick structure is asked for.

William J. Doherty, Jr., asks for a permit to erect two extra pumps at the filling station on Washington street near Lowell avenue. John J. Copinger asks for two extra pumps at his filling station, 79 Needham street, Upper Falls.

Newton Upper Falls

At the monthly meeting of the Sunday School Board of the Methodist Church, Tuesday evening, plans were discussed for Mother's Day, Children's Day and the Sunday School Picnic. The treasurer's report for the year was also read.

About 75 parents attended the special meeting of the Girl Scouts Tuesday evening when an illustrated lecture on Yellowstone National Park. Refreshments were served to mothers by the Girl Scouts afterwards.

An announcement has recently been made of the engagement of Herbert William Heestle of Shawmut park to Miss Vivian Helen Geddis of West Newton. Mr. Heestle is the son of Mr. and Mrs. William Heestle and Miss Geddis is the daughter of Mr. and Mrs. Maxine P. Geddis of Elliot avenue, West Newton.

The Annual Conference of the Methodist Church will start next Wednesday being held at the Wesley Methodist Church in Worcester. Dr. William Shaw will be transferred to another parish in the New England district at this conference. There will be specially attractive programs on Friday and Saturday for all who wish to attend.

At the annual luncheon and business meeting of the Vincent Club will be held next Tuesday evening in the Parish Hall. Election of officers for the ensuing year will take place at this time.

Miss Harriet Russell of Somersworth, N. H., was the guest of Miss Doris Brown of Linden street, for the Easter holidays. Miss Russell is a classmate of Miss Brown at Wheaton College.

Hose 7 was called out Friday afternoon for a grass fire in the field behind Dr. McGowan's house on Elliot street. Before the fire was controlled the barn caught fire and caused some excitement in town.

At morning worship, Sunday morning, in the Methodist Church, Dr. Shaw will give a brief report of the membership and financial work of the year. There will be a special sermon at the 7 o'clock evening service.

Salt in Hudson River
There might be a slight indication of salt in the Hudson river as far up as Troy. However, this varies with floods. In case of floods the sea water is pushed back and the salt water does not go very far up. Without floods, however, the water is brackish as far up as Troy.

HIGHLAND GLEE CLUB CONCERT

The Highland Glee Club of Newton, Inc., gave its forty-sixth concert at the Newton High School Auditorium last evening.

Judging from the rendition of a most interesting program, this splendid male organization, which has just completed its twentieth season, is fast becoming one of the outstanding Glee Clubs in this section.

As members of the Federated Glee Clubs of New England, they have for the past two successive seasons won second prize in the contests held at Waltham, Mass., and Portland, Me. There is every indication that they will acquit themselves creditably at the next contest to be held in May in Springfield, Mass.

The program consisted of a fine collection of part songs arranged for men's voices by recognized composers, and for a second time the "Songs of the Fleet," a work admirably arranged by Sir Charles Villard Stanford, was most effectively rendered. Throughout this work the demands on both soloist and ensemble were exacting. However, it was very apparent that the men not only knew their music, but were getting a full measure of enjoyment out of singing, and were portraying the vivid picture, which the music tells.

It was a pleasure throughout the evening to listen to fifty odd well-trained male voices responsive to the last degree to the will of their conductor.

Earle Spicer, a baritone, and a recent new-comer to these parts, was the soloist. While his group of songs was admirably sung, his interpretation and rendition of the solo numbers and soliloquies in the "Songs of the Fleet" were most effective.

Mr. Spicer possesses a voice of lowly quality, ample range and resonance. He sings with real animation and understanding, and fine musicianship, and is the type of baritone voice that one likes to hear. Just as Evan Williams had an unusual tenor voice, so Mr. Spicer differs from the baritone which one hears so frequently in concert or oratorio these days.

D. Ralph MacLean, Director, has again reflected his discriminating musicianship, and has succeeded in fusing together effects which can only result from a nice understanding and painstaking effort. There was no mistake that this fine group of men thoroughly enjoyed singing under Mr. MacLean's guidance, and just as the community is fortunate in having this organization to uphold its high standard of music for which it has had a reputation for many years, so is the organization to be congratulated upon having such an able Conductor.

Karl Switzer, the accompanist, has been of great assistance to Mr. MacLean in bringing the Club to its present state of perfection. Mr. Switzer's selections were, "Christus Resurexit," by Ravanello, "Vision," by Rheinberger, "Communion," by Guilmant and "Grave Adagio, Sonata II" by Mendelssohn.

The Americanization Division of the School Department co-operating with the teachers and pupils of the Davis School on Wednesday afternoon presented a charming program, each number of which illustrated some phase of daily activity in each of the first five grades. The large audience of parents were further favored by Mr. Ellsworth, Master of the Pierce District, who fittingly introduced Mayor Childs. Talking with convincing sincerity Mayor Childs gave great pleasure to his hearers who well appreciated the privilege that was theirs.

The three hundred odd patrons of the Highland Glee Club wish them the very best of success in the coming contest in May, to be held in Springfield.

The officers of the Club are: George H. Wight, President; Albert R. Speare, Vice-president; Norman B. Powers, Secretary; Gustave R. Breitze, Treasurer; Gustave W. Ulmer, Librarian; Francis S. Smith, Jr., Chairman Active Membership Committee; Sherman L. Smith, Chairman Subscribing Membership Committee; Francis H. Williams, Chairman Concert Committee.

Change National Holiday

The Belgian government has fixed November 11 as the national holiday in place of August 4, because November 11 was the day of liberation from the war and from the enemy.

West Newton

The Monthly Supper, given by the Ladies' Aid Society of the Lincoln Park Baptist, was held on last Wednesday evening, April 11. A very much enjoyed play was rendered by the Young People's Society entitled "Not Quite Such a Goose."

Mrs. Herbert K. Hallett of Highlands street returned this week from two months stay in Florida. She was accompanied by her daughter, Mrs. L. B. Howe, and husband, who will make their home in the north after two years stay in Jacksonville, Fla.

A beautiful "Chancery Cross" given in loving memory of John G. Holmes, M.D., has been received, approved and accepted by the "Committee on Memorials" of the Unitarian Church. This gift is the generous donation of Mrs. Holmes and her daughter, Mrs. Everett.

Mr. and Mrs. George F. Larcom of 44 Putnam street, gave a bridge party on Friday of last week, at which the engagement of their daughter Inez, to Mr. Homer True Brown was announced. The wedding will be solemnized in the Second Church on June 23, with Rev. Boynton Merrill officiating.

Dr. Raymond Calkins, pastor of the Shepard Memorial Church of Cambridge, delivered a very interesting address before the Women's Guild, members and guests, on last Wednesday evening, April 11, it being the occasion of their April Luncheon meeting.

The Woman's Alliance, connected with the First Unitarian Church, held their monthly meeting in the Parish House on last Wednesday, April 11. Miss Catherine A. Gage was in charge of the Devotional exercises. Mrs. Fred W. Woodcock, the contralto soloist of the church sang most charmingly.

Mr. William Ellis Weston of 905 Beacon street, Boston, organist of the Unitarian Church, gave an organ recital on Easter Sunday afternoon preceding the pageant. Among Mr. Weston's selections were, "Christus Resurexit," by Ravanello, "Vision," by Rheinberger, "Communion," by Guilmant and "Grave Adagio, Sonata II" by Mendelssohn.

The Americanization Division of the School Department co-operating with the teachers and pupils of the Davis School on Wednesday afternoon presented a charming program, each number of which illustrated some phase of daily activity in each of the first five grades. The large audience of parents were further favored by Mr. Ellsworth, Master of the Pierce District, who fittingly introduced Mayor Childs. Talking with convincing sincerity Mayor Childs gave great pleasure to his hearers who well appreciated the privilege that was theirs.

Smith, Jr., Chairman Active Membership Committee; Sherman L. Smith, Chairman Subscribing Membership Committee; Cecil J. Hall, Chairman Music Committee; Francis H. Williams, Chairman Concert Committee.

MISS ELIZABETH A. MAHAN

Miss Elizabeth A. Mahan of 109 Adams street, Newton, a life long resident of this city, died Tuesday following brief illness. She was the daughter of the late Simon and Mary Comerford Mahan. She is survived by a brother, John J. Mahan, a sister, Mrs. Mary A. Rady, a niece, Miss Mary C. Mahan and a nephew, John P. Mahan, all of Newton. Her funeral service was held this morning at the Church of Our Lady. Burial was in Calvary Cemetery, Waltham.

MAN'S BODY FOUND IN RIVER

Friday noon the body of a man was found on the Needham side of the Charles River near the pumping station at Upper Falls. The body which was caught on a snag appeared to have been in the water about two months and was that of a man 5 feet 8 inches tall, dark brown eyes, clothed in dark gray trousers, a chauffeur's jacket and a brown overcoat. His underwear, which was knee length, bore the maker's name "Wilson." The body was taken in charge by the Needham police and has not been identified.

ABOUT TOWN

By Edw. H. Powers

The boys all over the country are getting in practice for the annual national marble championship. There were no systematically conducted marble championships when we played marbles. Some of the boys "knuckled" marbles in rings in the old orthodox fashion, but more played a different game of marbles, then in vogue. Agates or "glasses" of different sizes were placed up against a curbing or a wall and the owner of the "glassy" or agate would take a chance on the other participants in the game hitting his property with a bogey, large clay marbles in rings in the old orthodox fashion, but more played a different game of marbles, then in vogue. Agates or "glasses" of different sizes were placed up against a curbing or a wall and the owner of the "glassy" or agate would take a chance on the other participants in the game hitting his property with a bogey, large clay marbles in rings in the old orthodox fashion, but more played a different game of marbles, then in vogue. Agates or "glasses" of different sizes were placed up against a curbing or a wall and the owner of the "glassy" or agate would take a chance on the other participants in the game hitting his property with a bogey, large clay marbles in rings in the old orthodox fashion, but more played a different game of marbles, then in vogue. Agates or "glasses" of different sizes were placed up against a curbing or a wall and the owner of the "glassy" or agate would take a chance on the other participants in the game hitting his property with a bogey, large clay marbles in rings in the old orthodox fashion, but more played a different game of marbles, then in vogue. GOLDEN WEDDING

A large number of relatives and friends gathered Tuesday evening to congratulate Mr. and Mrs. William W. Palmer of 352 Cabot street, Newtonville, on the fiftieth anniversary of their marriage.

An interesting feature of the occasion was the fact that the reception was held in the room in which they were married fifty years before and in the house which they have occupied for a half century. Miss Susan Dickinson of Newton and Miss Josie Burleigh of Cambridge who witnessed the marriage were present Tuesday night. Mr. Palmer, who is 79 years of age,

ABOUT TOWN

By Edw. H. Powers

There are reformers—and reformers. A few who endeavor to reform the conduct of public affairs are sincere and possess requisite knowledge to attempt the task intelligently. Many would-be reformers while sincere, are either uninformed or misinformed, and their criticisms are too often unwarranted, or the remedies they propose—impracticable.

Then, there are, have been, and will be those artful souls who pose as reformers. Not because their knowledge of public affairs is so consummate that they speak with authority, not because they are impelled with civic zeal, with patriotism, with altruism, but because they believe—and hope that the prominence they gain as "reformers" will redound to their personal benefit.

Spring arrived with a rush last Thursday and Friday. Robins and bluebirds appeared, buds opened, grass fires raged—and the tarvia on the streets oozed.

If a speeding automobile comes in contact with another car or a pedestrian damage to property and perhaps loss of life will occur. It makes no difference whether the automobile is a privately owned car or a fire truck or automobile. Driving around a blind corner to the left of the centre of intersection at a speed of 30 miles an hour is taking an unnecessary risk. It is better to lose a second in arriving at a fire than to take a chance of losing a life.

NEWTON CHURCHMEN'S UNION

The Newton Churchmen's Union is striving to correct that fault for which Newton has been taken to task for many years, namely, the bringing together of the men of the five churches in the vicinity of Church and Centre streets, for the purpose of promoting better acquaintance and good fellowship amongst the members of these churches.

Such an organization at times can be a valuable aid to the Community, and it is the duty of each man who attends one of these churches to come up with this organization. But aside from all obligations the pleasure and fraternal spirit that has been shown at each of the meetings dispels any reason why the Union should not enjoy the benefit of 100% attendance from each church.

Return postal cards have been sent to most of the men of the various Churchmen's Clubs announcing Mr. Robert T. Bushnell, District Attorney of Middlesex County as speaker for the next meeting on April 16th. Supper will be served at 6:30 for a nominal fee. If by any chance you did not receive one of these cards, Mr. Bascom of the Y. M. C. A. would be very much pleased to add your name to the list for future notifications.

HEALTH CONFERENCE

Dr. Francis George Curtis, Chairman of the Board of Health, presided at the joint Luncheon Conference of the Health and Welfare Divisions of the Newton Central Council, held at the Levi P. Warren Junior High School, West Newton, on Tuesday, April 10.

Mrs. Irving O. Palmer, President of the Council called attention to the Annual Meeting to be held on the evening of Friday, May 4, at the Bonnar Atwood Studio, Newtonville. All were cordially invited to attend.

A vote of thanks was given Miss Wallace for the delightful luncheon served by the pupils of the school.

Dr. Edward Lane, State District Health Officer for the Metropolitan District, spoke on the comparison of general municipal health work and state work.

Dr. Lane stressed the need of fitting the program to the community involved. He pointed out the value of the periodic health survey and appraisal, in determining progress and finding weak points. The question was raised whether or not such a survey might well be made by the Health Division of the Council. It was the consensus of opinion that such a plan would be a feasible one.

At the close of the meeting Mr. Paul Scarborough, principal of the school, invited all to make a tour of the building.

MOUNT IDA COUNCIL

Mount Ida Council, Royal Arcanum, met Monday evening at their new hall in the Masonic Temple, Newtonville. At the short business session Charles E. Ryall of Newton Centre was elected to the office of Guide to fill out the unexpired term. At the close of the business session Regent Giberson turned the meeting over to the Orator and Chairman of the Entertainment Committee, Chas. H. Milliken. Orator Milliken then presented the guests of the Council, John F. McGahan, Grand Regent of Massachusetts, and H. A. Rambouillet, Grand Trustee. Both responded with very inspiring talks. Splendid entertainment was then provided by Mr. Walter Baylor, humorist, impersonator, and singer, after which cigars and refreshments of a substantial nature were served.

It is the aim of Mt. Ida to have something interesting and entertaining at each meeting. There was no doubt in the minds of those present that Mt. Ida succeeded.

LASELL SEMINARY

Rev. Douglas Horton, pastor of the Leyden Congregational Church of Brookline, will address the assembled students at the vesper service on Sunday afternoon next.

Lasel students have taken a large block of seats for the pageant depicting the work of the Palmer Memorial Institute in Symphony Hall, Monday evening, April 16. Mrs. Charlotte Hawkins Brown, director of the Institute, was a recent speaker at Lasell. Mr. J. Porter Russell, President of Franklin Square House in Boston, will speak at the chapel service on Wednesday morning, April 18.

POLICE NEWS

Theodore Jeffers of 379 Newton street, Waltham, was arrested Saturday afternoon by Patrolman Dalton charged with driving while under the influence of liquor. His case will be tried April 16.

Lester Feinberg of Chelsea, who recently started a tire store on Washington street, Newton Corner, near Nonantum place, was found guilty in the Newton Court Monday of placing an obstruction on a sidewalk after he had been ordered to remove it. Feinberg placed a large tire against a pole at the street corner near his store so that it was across the centre of the sidewalk. After being ordered to remove it he next placed a pile of old tires on the out side of the sidewalk and was ordered to remove these. Last week he again placed an ordinary sized tire in the same location he had placed the first tire and after being once more ordered to remove this obstruction again put it back on the sidewalk. He had pictures taken of sidewalk displays of other merchants to justify his persistency in disobeying the orders of the police. His counsel, a young Chelsea woman told the judge it was her first appearance in court as an attorney and she succeeded in having the case placed on file.

An abandoned automobile stolen in Boston on Saturday was found on Cypress street, Newton Centre, Sunday by Patrolman Hurd. It was the property of Fred Trall of Bennett street, Everett.

CHORAL SOCIETY CONCERT

The 17th concert of the Newton Choral Society was given Tuesday evening at Central Church. The audience was somewhat depleted by several interesting events going on the same night, but the music lovers present were enthusiastic over the work of the chorus and the gifted soloist, Miss Elizabeth Worcester. Miss Worcester has a beautifully trained soprano voice, and none of the soloists that the society has ever heard have made a more favorable impression. She responded to the hearty applause by one encore, and the audience hated to see her finally leave the platform.

The program was rather short, but it was the idea of the musical director, Mr. Malcolm Lang, to devote the time of the rehearsals to intensive study of a few compositions and so to produce a highly finished result. The chorus responded admirably to his instruction. The piano accompaniments were finely rendered by Miss Mary Ingraham, while Mr. Lang played the accompaniments for Miss Worcester in a most effective way. The organ accompaniments for a couple of pieces were by Miss Jeanette Hart Howe.

All the choral and solo numbers were fine types of musical compositions, appropriate to the beautiful poetry musically illustrated by these composers.

At the close of the concert the singers gathered around Mr. Lang, and expressed their very hearty appreciation of his work.

D. R.

Sarah Hull Chapter, D. R., held a regular meeting at the home of Mrs. Stephen Holmes, 237 Park street, on Wednesday, April 11th, 1928. The Regent, Mrs. Daniel Goodridge presiding. The meeting opened with the salute to the flag. Three (3) new members were admitted to membership.

Sarah Hull Chapter, D. R., together with individual members has contributed \$36 toward the preservation of Franconia Notch. At this meeting the chapter voted to send \$25 to the John A. Andrew Home in Newtonville, and \$20 to the Pine Mt. School in Keene.

After the business meeting, Mr. Robert Pearson, Harvard '31, played a group of cello solos, accompanied on the piano, by Mr. Clair Leonard, Harvard '23, who also played a piano solo.

Mr. Melville C. Freeman was the speaker of the afternoon. His subject, "Puritan Womanhood."

Mr. Pearson played another group of cello solos, and the meeting closed with the singing of one verse of America. The hostesses of the afternoon were: Mrs. Geo. B. King, Dr. Marietta P. Reid, Mrs. Clair Siggins, Mrs. Howard R. Mason, Mrs. Willard L. Sampson, Mrs. Anna H. Strauss.

HUNNEWELL CLUB

The last bridge party of the season on Tuesday evening brought out enough members and guests to fill 16 tables. Souvenirs were awarded Mrs. D. M. Goodridge and Mrs. E. L. Gibbs for ladies and to Mr. G. B. Lewis and Mr. D. M. Goodridge for gentlemen. On account of leap year, the "poulers" were Messrs. E. L. Gibbs, E. M. Horne, H. D. Lloyd and A. G. Armstrong.

Annual meeting of the Club will be held on Monday evening, May 14, 1928, at eight o'clock, for the election of officers and the transaction of other business.

KIWANIS CLUB

The weekly meeting of the Kiwanis Club at Woodland on Tuesday was attended by 72 members. The speaker of the day was Harold Schwab, teacher of piano forte at Lasell and accompanist for the club's sing fests. Mr. Schwab spoke very interestingly on the origin and development of music tracing it from its crude beginning among savage tribes down through the ancient civilizations where it was served.

It is the aim of Mt. Ida to have something interesting and entertaining at each meeting. There was no doubt in the minds of those present that Mt. Ida succeeded.

LASELL SEMINARY

Rev. Douglas Horton, pastor of the Leyden Congregational Church of Brookline, will address the assembled students at the vesper service on Sunday afternoon next.

Lasel students have taken a large block of seats for the pageant depicting the work of the Palmer Memorial Institute in Symphony Hall, Monday evening, April 16. STATE SOCIETY D. R.

BIRTHS

Newton members of the State Society Daughters of the Revolution will be interested to know of the splendid program arranged for the meeting of Friday, April 20, at the Hotel Vendome, Boston. The business meeting will open at 2 o'clock promptly with Mrs. Adelbert Fernald, regent, presiding, and the program at 2:30.

Dorothy Quincy Chapter, as hostess, with Mrs. Adelaide Fitz, regent, presents the speaker, Mrs. William E. Cheney, president of the Harvard Woman's Club, whose subject will be "My Experiences in Soviet Russia." Mrs. Cheney will be in costume which always adds to such a lecture. Music will be furnished by Mrs. Florence Hallet Forte, soprano, assisted by Mrs. Lucy Chase Simonds, piano soloist.

After the program there will be a Food Sale under the auspices of Dolly Madison Chapter.

By invitation, the Daughters of the Revolution will attend service at Christ Church (Old North Church), Sunday, April 22, at 10:30 o'clock. Free bus will leave Park street at 10:10 a.m.

WOMEN'S CLUB ACTIVITIES

Edited by EMMA D. COOLIDGE

COMING EVENTS

Newton Centre Woman's Club

There is now a most attractive exhibition of Paintings in the Art Room of the Newton Centre Woman's Club, displaying the work of many talented Newton artists, and Club members, friends of the artists, and many others of the community are enjoying the display. It opened on the 11th, but will continue through the 19th, and many will avail themselves of the opportunity before the week is out.

Shakespeare Club

Mrs. Bernard Early, the president, entertains the Shakespeare Club of Newton Highlands at their meeting on Saturday, the 14th, opening her home, 222 Washington street, Lower Falls, at 2:30 o'clock. Mrs. Charles H. Burr is in charge of the program which is a Quiz on acts IV and V of "Twelfth Night."

Christian Era Study Club

Mrs. Arthur W. Desoe, 15 Ware road, Auburndale, will be hostess to the members and guests of the Club on the afternoon of April 16th at 3 o'clock. The program will consist of two papers; one on "John Adams," will be given by Mrs. Edward Edmonds, and the second on "Washington, the Centre of Government," by Mrs. E. P. Allen. This will be the last program meeting before the Annual Meeting which comes the 7th of May.

Newton Highlands Woman's Club

A novel trip has been planned for Monday afternoon, by Mrs. Richard A. Cody and members of the American Home Committee, when a group of Newton Highlands Woman's Club members will be guests of the Electric Refrigerator Company in the company's building at 733 Boylston street, Boston, to listen to a lecture on the "History of Refrigeration." Following the 30 minute talk, the assembly hall of the building is to be used for bridge, the tables, cards and refreshments being supplied by the company for the Club guests.

Those wishing to avail themselves of this opportunity for an instructive and delightful afternoon, should notify Mrs. Cody at once, that arrangements for accommodations be made in time.

And the more that attend, the better for the Club treasury, as a stated sum is to be given by the Electric Company for specified units attending, thus offering an easy way to add to current cash, at no labor or expense for the committee.

Auburndale Woman's Club Business and Professional Division

The Annual Meeting of the Business and Professional Group of the Auburndale Woman's Club will be held on April 16th, at 7:00 p.m. There will be a dinner, and the tickets for this may be procured from Mrs. Doris Fuller. Federation officers will be the guests of the evening. As this is the last meeting of the year, everyone should make an effort to attend.

Newton Upper Falls Woman's Club

The Newton Upper Falls Woman's Club will hold its Annual Meeting and banquet Monday evening, April 16th, at 6:30 o'clock in the Club Rooms, when the yearly reports and election of officers will take place.

Newtonville Woman's Club

Now are the days of Annual Meetings, and the Newtonville Woman's Club celebrates theirs with an Annual Luncheon which will be held this year at the Central Congregational Church on Tuesday, April 17th, at 12:30 p.m. Two members of the Club, Mrs. Otto Bachman and Mrs. McCutney are to serve; therefore its success is assured. The annual

meeting follows. The reports of the year's work by the various committees are limited to three minutes; therefore their brevity is assured, also.

Tickets at 50 cents may be obtained from Mrs. W. B. Hanna, Tel. N. N. 4127-M.

The Garden Club will be entertained by Mrs. H. L. Slade, 300 Cabot street, on Wednesday, April 18th. The subject will be "Lily Pools."

Newton Community Club

Mrs. A. G. Caldwell, it is announced, will again conduct her popular Class in Painting Furniture and refinishing antiques for members of the Newton Community Club, beginning April 13th. There will be six lessons, for a fee of \$6 and all who wish to join should apply at once to Mrs. Philip Hogan, N. N. 0271. At this season this work is always most attractive with the summer about to begin, and summer furniture for porches, breakfast nooks and gardens, gaining attention.

The outdoor activities also take on new interest, so that the announcement of the Conservation Committee, Miss Margaret S. Ball, chairman, for a natural history class to be conducted at Cedar Hill, Waltham, on Tuesday, the 17th, will appeal to Club members. Time of starting is given as 1:30 o'clock. Admission to the grounds at Cedar Hill is ten cents, and there will be opportunity to have tea at the Farm House, with its delightful solability and opportunity for "getting acquainted."

Community Service Club of West Newton

On Wednesday, April 18th, the Community Service Club of West Newton combines business and pleasure for its Annual Meeting in a luncheon and entertainment following the reports and election of officers. The meeting opens at 11:30 o'clock, with the president, Mrs. Plaster Cowlin in the chair. Following the election, luncheon will be served at 1 o'clock, and later still, there will be a play, with the cast composed of Club members. Taken all in all the day promises to be a most enjoyable one, as there is probably no form of diversion more popular than a play in which those one knows perform. Tickets for the luncheon at \$1.00 should be secured from Mrs. Richard M. Ott, chairman.

Social Science Club

The meeting on Wednesday will be at the home of Mrs. Henry O. Marcy, Jr., 140 Sargent street, at 10:30 o'clock. Miss Helen Clapham, harpist, will entertain the Club.

State Federation

RADIO. Mrs. Grace Morrison Poole, recording secretary of the General Federation and candidate for first vice-president, will be the guest of honor at WNAC next Wednesday morning, the 18th. Her topic is "Federation Ramblings," and listeners may tune in at 10:30 o'clock.

Miss Beulah M. Sweetser, Contralto, of the Malden Musical Club, accompanied by Miss Grace Campbell, will contribute a group of songs at 10:40.

Mrs. Arthur J. Crockett, chairman of Community Service, is to broadcast a "Modern Message of Paul Revere," at 10:50.

FEDERATED CHORAL SOCIETY. On Saturday evening, the 21st, the Federated Choral Society is to give a most attractive sounding concert at the Hotel Statler, "The Highwaysman."

The Society, of which Mrs. F. O. Drayton is president, is composed of the singers from various Clubs near Boston, and is doing some splendid musical work. Mine, Claire Maentz, soprano, and Mr. Earl Spicer, baritone, are the assisting artists. Joining with the Choral Society, and this is of special interest to Newton, is the Lasell Seminary Chorus. Mr. George Sawyer Dunham will conduct.

The Society is giving this concert to secure funds for its maintenance, and Club women who desire to help in this work now have the opportunity to do so while enjoying an excellent evening of music.

GARDEN CLUB. Of timely interest for Garden Week which is April 15-22, and of special value to Conservation or Art Chairmen not only for this year but for reference for next year, it will be to give to Newton Clubwomen a list of books on this subject which they may read during the summer months, or have for the future. This list is taken from Federation Topics, and of it Mrs. Elsie K. Chamberlain, State chairman of Arts, says:

We are indeed fortunate this month in having these suggestions for the study of color in the garden. Just in time, too, for your spring planning and planting.

Miss Mabel Babcock of our Art committee is a member of the American Society of Landscape Architects and has taken great pains to compile this for us. Do let us use it.

DOROTHY DIX--

This wonderfully understanding woman receives letters from men and women of all classes and answers their personal problems of home, marriage and love affairs in the Boston Globe. Consoler and friend to thousands of New Englanders. Read her column in today's

BOSTON GLOBE

Remember the Dorothy Dix columns appear 6 times a week in the daily issues of the Boston Globe. All sold out in many places last Sunday. To be sure of your copy of next Sunday's Globe, order the paper in advance from your newsdealer or newsboy.

ONE THING AND ANOTHER

By L. D. G. BENTLEY

No doubt you are well aware that next Thursday is Patriots' Day. Do you also know that it is the legitimate successor of Fast Day, which was more desecrated than celebrated. Thirty-four years ago last month the Massachusetts Legislature passed a bill which abolished the practice of appointing annually a day of "fasting and prayer" and established the 19th of April as an annual holiday to be known as Patriots' Day.

On April 11th, 1894, the first proclamation of the new holiday was signed by Governor Frederic T. Greenhalge. I managed to obtain a copy of it, which is interesting in the extreme and which I pass along to the readers of this column that they may share with me the satisfaction I found in reading it. Here it is:

"By an act of the Legislature, duly approved, the nineteenth day of April has been made a legal holiday."

"This is a day rich with historical and significant events which are precious in the eyes of patriots. It may well be called Patriots' Day. On this day, in 1775, at Lexington and Concord, was begun the great war of the Revolution; on this day in 1783, just eight years afterwards, the cessation of war and the triumph of independence were formally proclaimed; and on this day, in 1861, the first blood was shed in the war for the Union."

"Thus the day is grand with the memories of the mighty struggles which in one instance brought liberty, and in the other union, to the country.

"It is fitting, therefore, that the day should be celebrated as the anniversary of the birth of Liberty and Union."

"Let this day be dedicated, then, to solemn religious and patriotic services, which may adequately express our deep sense of the trials and tribulations of the patriots of the earlier and of the latter days, and also especially our gratitude to Almighty God, who crowned the heroic struggles of the founders and preservers of our country with victory and peace."

Newton people will be interested in the announcement that a former Newton resident will succeed Edward H. Forbush, State ornithologist, when the latter is compelled to relinquish his State duties April 24, at which time he will have reached his 70th birthday. The law will not permit a man, unless he be a Grand Army veteran, to retain his State position after he is 70 years old.

It is fortunate for Massachusetts that Mr. Forbush is to be succeeded by another eminent authority on bird life—Dr. John B. May of Cohasset. Dr. May may be referred to as a Newton boy for he was a member of a well known Newton family. Their residence stood at the north corner of Centre and Jefferson streets.

"Jack" May, as we used to call him, passed his boyhood in this city and attended the public schools. As an ornithologist he has attained an enviable reputation. If further proof were needed of his preeminence in the study of economic ornithology it may be found in the fact that Mr. Forbush chose him as an assistant.

It is well known that the State bird book, so-called, published by the Massachusetts Department of Agriculture, has proved to be one of the greatest works on birds published in the country. Already there is a premium on the first edition and although the original price fixed by the State, was \$5 as high as \$15 has been offered for a copy. The second edition is also in wide demand.

It happened that I had occasion to interview Dr. May recently and he recalled with evident pleasure many of his Newton friends. We chatted of the "old days" in the home town of which both seemed to have vivid and delightful recollection.

In the matter of reminiscences they are certain to come with a rush when we stop to think that soon the old established Waltham trolley cars are to give way to busses. The line that runs from Newton through Newtonville and West Newton to Waltham was the first that Newton possessed. Thus, their removal is bound to recall to those of us who were boys at that time something of the "days of real sport," as one cartoonist has expressed it.

It also brings up the fact that there was a five-cent fare, which of course we may never expect to see again. An excursion to Waltham and return cost only ten cents and to us youngsters it was worth it. There were small cars in those days but to travel on them was a treat. A greater treat was to be obtained by hooking a ride, which consisted of jumping on the rear end during the temporary absence of the conductor who was either in conversation with the motorman or collecting fares.

One of my friends spoke to me the other day and asked me if I remembered how we as "kids" had our fun on the old cars. He told me that once when he engaged in the hazardous occupation of stealing a short ride he came near ending his career. I cannot disclose his name but I can say he occupies a dignified position today that makes him a desirable citizen of Newton. Still he was not above pranks as a lad and when he hoped on the car on this particular occasion he did not exercise the same sound judgment which now characterizes his behavior. The conductor was nearer than he thought and in attempting to avoid an encounter with that official my friend alighted—to use the high-brow form of speech—or attempted to do so, by leaping at right angles with the moving car. As was to be expected he landed in a heap and although not seriously hurt was badly mussed-up.

I am willing to admit that I did equally unwise things myself in those days and just how I managed not to get a bad tumble I cannot explain. I used to like the open cars and chose the front seat. It was some sight-seeing

trip up Washington street and then across West Newton, past Nightcap corner to Waltham. I think I must take that ride once more, even in a closed car, before the trolleys are taken off just for auld lang syne.

You never can tell. Here's something no one ever spoke of until it disappeared; an article of general use that was never known to have any value until removed. Isn't that the way things go and doesn't it prove the poet was right when he penned the immortal lines, "You never miss the water till the well runs dry," or something like that.

The weather vane that held itself about and aloft on the tower of Elliot block had many friends. They are now rallying, not to mourn, but to see if a successor to this splendid and venerable contrivance cannot be obtained for the public welfare. In other words they miss the weather vane but are not inconsolable since they would be happy if another was placed somewhere in the vicinity of the Centre street bridge in Newton Corner.

"You have no idea how I depended upon that Elliot block weather vane," said a reader of this column. "Yes, sir, I never failed to consult it when I got up in the morning. I could see it very well from my window and being something of a weather sharp I always made up my mind what kind of weather to look for."

"Now you can't have a weather vane on Coles block. That is the tallest building in the landscape as viewed from my home and if a vane was placed on the roof along the railroad end of the block it would be perfectly satisfactory to me and a great many other people. Why don't you suggest it to your column?"

Personally, I am glad to make the suggestion, although I never use weather vanes. That shows how unselfish I am, but, of course, any self-praise I may offer is quite beside the point. It is apparent that there are a good many people who know how to interpret the winds and all they portend. These people are entitled to the weather vane. Maybe the business men in Coles block will take the tip and realize the advertising possibilities of the idea. I sincerely hope they will as I would like to see my good friend who called the matter to my attention provided with what he needs.

For my own part I should have to have a compass with which to gauge the weather vane and then if I did indulge myself in a weather forecast I should have so little confidence in myself that I'd have to look in the daily paper for that day to see whether I was right or wrong on my meteorological prognostications.

"Jack" May, as we used to call him, passed his boyhood in this city and attended the public schools. As an ornithologist he has attained an enviable reputation. If further proof were needed of his preeminence in the study of economic ornithology it may be found in the fact that Mr. Forbush chose him as an assistant.

It is well known that the State bird book, so-called, published by the Massachusetts Department of Agriculture, has proved to be one of the greatest works on birds published in the country. Already there is a premium on the first edition and although the original price fixed by the State, was \$5 as high as \$15 has been offered for a copy. The second edition is also in wide demand.

PLAYGROUND PLANS

Members of the Newton Highlands Tennis Association and others interested in the Newton Highlands Playground, will be glad to know of the plans Mr. Hermann has laid for the coming season.

He will put a new surface on the tennis court, getting material of the best possible type, and laying it under his personal supervision. Wire ropes will be put through the nets, so that they will always remain at the proper height in any weather, and will not need to be let down. Lead tapes will be provided throughout. Mr. Hermann has drafted plans for carrying the back-stop completely across the west side of the courts, and 20 or 30 feet nearer together on the east side. He may not have money to do all this, but he will definitely plan to extend the back-stop along the east and west sides, so that balls will not go out of bounds on service.

Beside these things, Mr. Hermann is very eager to carry out the plans of the playground commission this year, and complete other developments. They have asked in the budget for \$1000 to complete the filling and draining and levelling of the new baseball diamond, and the land around the tennis courts, so that all that grass can be cut by machinery.

The thousand dollars will complete the levelling and laying out of the diamond. Beside this, he would very much like to carry out the popular demand for a water supply at the lower part of the playground. He figures that this would cost about \$300 a year.

Newton YOUTH IN REPERTORY

Samuel Collard Tuthill, Jr., son of Mr. and Mrs. Samuel Collard Tuthill of 602 Centre street, Newton, has just returned home from Schenectady, N.Y., where he played juvenile leads and light comedy parts with the Risley Russell Players at the Hudson Theatre. Mr. Tuthill will spend a week at home before leaving for Akron, Ohio, where he has accepted a summer engagement in the Akron Dramatic Repertory Co. at the Colonial Theatre. Mr. Tuthill started his stage career with Helen Ford in the Broadway musical comedy success "Dearest Enemy," which played at the Tremont Theatre in Boston during the summer of 1926.

Young Peoples Forum Hears Talk On Japan

Mrs. Carey of Auburndale proved a most interesting speaker on Japan at the meeting of the Young People's Forum of Waban, held last Sunday evening at the Union Church. "Learning the native language is the first bridge to cross when one goes into another country to live," said Mrs. Carey, who lived many years in Japan as a missionary.

When she first went there, food and supplies had to be brought from America. Now, however, the Japanese storekeeper carries the same things that ours do, what seemed very queer to Mrs. Carey at first was that the Japanese seemed very "back-handed." They pull a plane towards them; they cut up, rather than down, with a saw and they back a horse into the stall, which, of course, makes it much better for the horse, since he has a much better view.

When Mrs. Carey first arrived at Japan, the Christian religion was prohibited by law. Edict Boards were set up on which was printed the following, "This evil sect known as Christian is prohibited." But soon the Christian religion gained a foothold in the new territory.

The usual way to start a church was to establish a Sunday school. The Japanese home is well suited for a Sunday school since the thin paper particles are easily removable to make of the house one big room. The children are recruited from the yards of the Buddhist Temples which are opened as playgrounds.

These children are taught the simple truths of Christ—"There is one God and He is Love; and He gave His only begotten Son to us to save us from our sins." Then they are taught some of the hymns. They love to sing.

When Christmas comes they get up a real program, with perhaps, a simple little pageant, to which the children are given permission to invite their parents and friends.

After the pageant one of the missionaries makes a little speech and tells the older people that if they will come the next Sunday evening they will learn more about this wonderful Christ. From this little beginning the group grows till finally a church is is established.

"One gets quite used to the earthquakes," said Mrs. Carey. Since the great quake of a few years ago, there have been 22,500 quakes in Japan. Last year there were 2,384 that could be felt and 1,482 more that were recorded by instruments, making a total of 4,262 quakes in a year. If there was a heavy quake we would get under the beds to protect ourselves from falling pieces of the ceiling or roof, but otherwise we paid little attention."

During the business meeting three new members were admitted to the Forum. They are Gertrude Dryer, Alice Johnson and Ralph Vaughan.

Next Sunday Mr. Le Roy of Auburndale, will speak on his experiences in Africa and on the following Sunday Dr. Brown, who has been so popular at his previous lectures, will tell some more stories of his life in Turkey. These meetings begin at 6:30 and visitors are cordially invited.

CITY HALL NEWS

The School Department has asked for \$1663 to care for the playing fields at the High School, \$10,232.60 for furnishing the Ward School and \$3,495 for furnishings for the new school at Lower Falls.

Petitions have been received asking that the following streets be laid out and accepted under the Betterment Law.—Jameson road, Annapolis road, Clinton place, Fordham road, Grove Hill Park, Hazelhurst avenue, Adams avenue.

Other petitions received ask for sewers in Hereward road, Oakfield road, Underwood avenue and Bishopgate road; from the Gas Company for a permit to lay mains in Lewis terrace and other streets, for the relocating and widening on the southeast corner of Centre and Elmwood streets and for the covering of Laundry Brook along Jackson road. This brook was formerly known as Smelt Brook. According to the petitioner for its improvement it is now a smelly brook.

Damage claims presented to the city are—Mrs. L. Marsh for personal injuries resulting from a fall on Washington street, Newtonville; Frank H. Wrigley due to automobile caused by a water department truck; Mrs. Andrew Darcy personal injuries caused by a defect on Mount Vernon street.

Sylvia Webber of Waban Hill road petitions that all property in Precinct 3 of Ward 6, the Chestnut Hill section, now in the private residence zone be placed in single residence zones. Charles Temperley asks that land at the corner of High and Elliot streets, Upper Falls, be changed from general residence to business zone.

James Matthews petitions for an additional pump at his gasoline filling station at the corner of Washington and Court streets, Newtonville. Grace E. Peatfield asks for a permit to conduct an employment office at 793 Washington street, Newtonville. Edmund Poulin of 16 Everett street, Newton Centre, asks for an auctioneer's license.

Arthur T. Nelson asks for a license to run bowling alleys in the new building he will erect on the site of the old Elliot Block at Newton.

Newton Centre Men's Clubs

There will be a dinner of the Men's Clubs of Newton Centre at the Newton Centre Baptist Church, Thursday evening, April 26, 1928, at six o'clock.

His Excellency Alvan T. Fuller, Governor of Massachusetts, will attend.

Mr. A. H. Blackinton, Staff Photographer of the Boston Herald, will give an illustrated talk on his experiences as a Staff Photographer.

The Highland Glee Club will sing. There will be Community Singing under the leadership of Mr. Pettingill.

Tickets may be obtained from the representatives of the Men's Clubs of the different churches.

ing forces spoke words of highest praise of the Scouts of Newton for their excellent services, for without them, the fire would have certainly been far more serious and would have done much more damage over a greater territory, even coming far into the Scout Reservation. A Scout is prepared!

Marriages

ADSHADE—GINGRAS: on April 7 at Waltham by Rev. Charles J. McLean, John Adshade of Waltham and Catherine Gingras of 311 California street, Newton.

RYDER—FINNEGAN: on April 8 at Newton by Rev. Robert Mantle, Michael Ryder of Watertown and Nellie Finnegan of 64 Eldredge street, Newton.

EVANS—NICHOLSON: on April 8 at Wellesley by Rev. John Flood, George T. Evans of Roxbury and Sarah Nicholson of 24 Winnataska road, Waban.

MAHONEY—BEDDARD: on April 8 at Newton by Rev. Joseph Robichaud, William P. Mahoney of Roxbury and Rose Bedard of 38 Faxon street, Newton.

WATKINS—RICHARDS: on April 8 at Newton by Charles G. Whitcomb, J. P., Charles M. Watkins and Mary Richards of 70½ Cottage street, Upper Falls.

HUMPHREY—HATHAWAY: on Mar. 2 at Providence, R. I., by Rev. Ashbury Krom, Stanley A. Humphrey of Boston, and Mary G. Hathaway of Parker Terrace, Newton Centre.

MOODY—MOHING: on April 3 at Newton Centre by Rev. E. M. Noyes, Roscoe Moody of 11 Rice street, and Mae Mohing of 606 Commonwealth avenue, Newton Centre.

CARTER—JAMROG: on April 2 at Boston by Harris Stahl, J. P., Melvin Carter of 36 Thornton street, Newton, and Emma Jamrog of Boston.

LOVERING—CARMICHAEL: on Mar. 21 at Hartford, Conn., by Rev. James Dunlop, Archer Lovering of Carlisle, Maine, and Jean Carmichael of Newton Centre.

BROWNE—DROWNE

The wedding of Miss Dorothy Drowne, daughter of Mr. and Mrs. Wilfrid S. Drowne of 51 Endicott street, Newton Highlands, and W. Dexter Brownell, Jr., son of Mr. and Mrs. W. D. Brownell of Providence, R. I., took place Wednesday afternoon in St. Paul's Church at Newton Highlands, with the rector, Rev. Charles O. Farhart, officiating.

The bride's cousin, Mrs. Stephen B. Neiley (Elizabeth Barton) was matron of honor and the bridesmaids were Miss Helen Ball and Miss Margaret Mackintosh, both of Newton Highlands, also Miss Mary Benger of White Plains, N. Y., and Miss Elizabeth Bartlett of Providence.

The bride wore cream-colored crepe with a veil of antique Spanish lace which is more than three hundred years old and was purchased from a museum in Spain. It covered her head and was held in place by a solid band of pearls. She carried a shower bouquet of white roses and lilles of the valley. The matron of honor's gown was blue georgette and she wore a blue straw hat to match. The bridesmaids were in yellow georgette and their hats matched their costumes. All of the attendants carried spring flowers with yellow and blue shades predominating.

Herbert C. Brownell was best man and the ushers were Prescott R. Drowne, a brother of the bride; Erwin Darling of Detroit, Mich., a cousin of the bridegroom; Stanley Hazzard of New York; Donald Murray of Albany, N. Y.; Frederic L. Chase, Jr., of Providence, and Walton Smith of Warren, R. I.

A reception followed at the home of the bride's parents. Mr. Brownell and his wife will be at home after June 1.

The bride is a graduate of Miss Sacker's School of Design in Boston; Mr. Brownell is a member of the Phi Gamma Delta fraternity at Colgate University, Hamilton, N. Y.

ENGAGEMENT ANNOUNCED

At a luncheon given at the Brae Burn Country Club Saturday afternoon, Mr. and Mrs. Carlton Westbrook Baxter of Hobart road, Newton Centre, formally announced the engagement of their daughter, Miss Virginia Baxter, to George Ellis Finlay of Boston. Mrs. Baxter was hostess for some two-score of her daughter's young friends, including some of the alumnae of Miss McClintock's School, Boston, and Kendall Hall, Prude's Crossing, where Miss Baxter has

Scout Master John M. Bierer of Troop 10, with his Assistants Roy Argersinger and A. B. Root, Jr., reported with Scouts of their Troop.

Assistant Scout Master Francis Fulmer of Troop 11 reported with Scouts for duty.

Deputy Commissioner (acting) F. J. Edmonds, reported for duty late in the afternoon, having delivered the Drum and Bugle Corps of which he is Director, safely home.

He with several of his older Scouts, was commanded for duty by the State Wardens and helped save several cabins on the State road to which the fire reached.

Assistant Scout Master George H. Crossbie reported for duty with many Scouts from Troop 5. Assistant Scout Master Chester N. Reed, of Troop 7, which had had a Treasure Hunt in Newton scheduled for that afternoon, came in with a car full.

Scout Master John M. Bierer of Troop 10, with his Assistants Roy Argersinger and A. B. Root, Jr., reported with Scouts of their Troop.

Francis Pickershill, Associate Scout of Troop 18, acted as motorcycle orderly for the executive and drove his machine over all kinds of roads and through the woods to see conditions and report back to Headquarters at the entrance that fire-fighters might be assigned where needed. Scout Curtis of Troop 7 acted as runner.

Charles Center, Scout Master of Troop 19, was on the job with a delegation from that Troop.

In addition there were fathers,

mothers, Troop Committeemen—in

fact it looked like a migration from

Newton. Some of the Troops not men-

tioned could not be reached or they

would have had Scouts and officers on

hand too.

Special mention should be made of

the fine work by Mrs. R. C. Liscomb,

one of the Office Secretaries, who, with

her husband and some Scouts of Troop

7, reported for duty among the early

comers. She went into action right

in the fire zone and the Ranger and

Scout Officers spoke very highly of her

success in fighting fire.

The State men and local fire fight-

ing forces spoke words of highest

praise of the Scouts of Newton for

their excellent services, for without

them, the fire would have certainly

been far more serious and would have

done much more damage over a

greater territory, even coming far into

Y. M. C. A.

The speaker at the Fellowship Club on Monday evening was Dr. Fred Simin who has so successfully coached the wrestling team of the Newton Y. M. C. A. this year. Assisting him was Mr. Joseph Arsenault who was winner of the 145 pound class in the Olympic tryouts in Cambridge a few days ago. Dr. Simin illustrated some of the most important holds of wrestling and told about some of the famous wrestlers of this and other countries. The speaker next week will be Mr. Martin Campbell, and his subject will be "The Three C's of Credit Giving." Dr. Cameron Rae will sing and his accompanist will be Miss Florence Walsh who plays the piano for the gymnasium classes.

The Bowling team consisting of Messrs. A. F. Tucker, Walter Cooper, Lawrence Trowbridge, Jack Ward, and Louis Bills have played matches lately with Beverly, Newburyport, and Lynn, winning from Newburyport and Beverly, but losing to Lynn. Friday they play a match at Worcester with the Worcester "Y" team.

Sunday morning the dormitory men had breakfast together with appropriate exercises for Easter morning. After the breakfast they attended church in a body. The boys, under the leadership of Mr. Thompson, had an Easter breakfast and were addressed by Charles B. Chapman, student at Newton Theological Seminary.

Boys' Division Notes

The following events will be in the vacation program of the Boys' Division in addition to the regular gym and swim period. The Boys' Monthly Dinner will be held on Saturday, April 14th, at 12:30. On Tuesday, April 17th, the Employed Boys expect to go to Quincy for a social and banquet to be held with the Employed Boys Brotherhood there.

On Wednesday, April 18th, there will be an educational trip to a cracker factory, and on Saturday, April 21st, another trip to the East Boston Air Port. Thursday morning will be stamp exchange day when the boys will bring their stamp collections and exchange extra stamps for those wanted.

The Booster Club in the Boys' Division is becoming very popular. John Babbage and Russell Provost are tied for first place and are trying for a full year's membership ticket. Buddy Wittens has to have but one more star to his credit to win the Silver Monogram "Y" watch fob. The proud wearers of the Y. M. C. A. skull cap awarded for having three stars are: Buddy Wittens, Russell Provost, John Babbage, Harry Gough, Ralph Koffman, Mark Rubin, William Fish, Sydney Levine, Herman Rosenthal, Harvey Donaldson, and Fred Burns. The membership contest closes on June 1st.

EMBASSY THEATRE

The second big week of the Embassy, Waltham's wonder theatre, begins Monday, April 16, with a show which promises to eclipse even the gala performance of the opening week. The hundreds who have hitherto been unable to get into the beautiful theatre will be accommodated.

The feature photoplay will be "Man, Woman and Sin" a picture amazing in its portrayal of what goes on behind the scenes in the newspaper world, and which astounds and grips with its fascinating disclosures.

The vaudeville for the first three days of the week includes "The Baggage-Smasher," a special comedy act with special scenery; Franklyn Farmum, famous motion picture actor who is making a series of personal appearances; The Earl Mossman Trio, in a fast-moving series of songs and dances; Boyd and King, in nifty songs, dance and chatter; and as a special attraction the Ishakawa Japs, jugglers who, however, juggle human beings.

For the last half of the week the feature photoplay is "The Latest From Paris" with Norma Shearer. This star appears as the travelling saleswoman for a firm of suit and cloak makers and adds new laurels in the comedy-drama. There will also be five vaudeville acts, of the all-star variety.

MRS. BLACKLER DEAD

Mrs. Jessie Marion Blackler, the wife of Mr. Walter H. Blackler of Austin Street, West Newton, died suddenly after a short illness on Monday. Mrs. Blackler has resided here for the past twelve years and was a member of St. John's Church of Newtonville, and of the West Newton Educational Club. She was born in St. John, N. B., and was 52 years of age. Besides her husband she is survived by two daughters, Elizabeth B. and Marjorie E. Blackler, and two sons, Robert H. and Walter H. Blackler.

Funeral services were held Wednesday afternoon at St. John's Church, Newtonville, the rector, Rev. Raymond Long, officiating. The burial was in the Newton Cemetery.

DEATH OF MRS. SHAW

Mrs. Frances E. Shaw, the widow of the late George Remond Shaw died Tuesday morning at the home of her nephew, Mr. Carlton L. Shaw on Braemore road, Newton. Mrs. Shaw has been an invalid for a long time and her death was not unexpected.

Mrs. Shaw was a native of Boston and her maiden name also was Shaw. She was married to Mr. Shaw about fifty years ago and after a long residence in Portland the family moved to Boston. In Portland Mrs. Shaw was a member of the Universalist Church. She is survived by a sister, Mrs. Lucy J. Pike of Wellesley, and several nephews and nieces.

At the funeral services held yesterday morning at Mrs. Shaw's residence, Rev. Walter F. Swisher of Wellesley officiated and the burial was in Portland, Me.

GIRL SCOUTS

In the Girl Scout report of last week it was erroneously stated that Troop 3 Newton Centre, won the Intermediate Division of the Newton Girl Scout Rally on March 31st. The Intermediate Division was won by Troop 5, West Newton, with apologies for the error of last week.

Nine members of the Newton Girl Scout Leaders' Course with 2 officers spent the night of April 4th, camping in the Calf Barn at Cedar Hill, thus bringing to a successful end an eighteen week period in Girl Scout leadership. The group was divided into 3 patrols that took turns in cooking, cleaning up, and providing wood and water. The Calf Barn has been fitted up as a most attractive camping place for winter and spring camping parties. An enormous fire place while the cooking is done on a small cook in the corner. The campers sleep on bags of hay thrown on the floor by the fire or laid in the hay loft or "mezzanine," as one leader expressed it. After supper the group of leaders explored the grounds and had a look at the maze, and then settled down around the fire to talk and sing until bedtime. A warm and quiet night was spent in the hay and in the morning 8 of the group finished their second class test and were invested as second class Girl Scouts. Tracking and trailing games were also part of the morning program and after dinner cooked and eaten out of doors in the Council Bowl the party was brought to a close with a unanimous vote to hold a reunion at Camp Mary Day in June. Those who were present on this trip were Mrs. Klotz, Mrs. Root, Mrs. Soule, Mrs. White, Mrs. Wood, Mrs. Moir all of Waban. Mrs. Edwin Smith of Newton, Mrs. Ralph Riddle of Newtonville, Mrs. Ralph Emery of Newton Highlands. Mrs. Burns Wright of Waban, was acting as Lieutenant and Mrs. Warren from Girl Scout Headquarters was captain. Miss Freeman was invited to supper and spent the evening with the group.

At the Spring Rally on March 31, 1928, 238 badges were awarded to 134 girls.

NEWTON HOSPITAL

Miss Nell A. Hostetter, Superintendent of Nurses, returned on Tuesday from a week-end in Atlantic City, and Miss Helen Cary, Social and Physical Director, returned on Monday from a week-end with relatives in Hartford, Conn.

On Wednesday, April 11, 1928, Miss Catherine French, R.N., Inspector of Schools of Nursing from the Department of Education for the State of New York, visited the Newton Hospital. As the Newton Hospital School of Nursing is registered in New York state in order that Newton graduates may practice there, these visits by the inspector are welcomed by the board.

Elizabeth Dennison Ward, which has been thoroughly renovated, will be opened for patients on Thursday.

Thirteen accidents or emergencies were admitted to the hospital during the week—the following were results of automobile accidents:

A woman suffering with a fractured fibula and abrasions on her face and hands.

A boy suffering with a fractured skull.

Others were two men who fell from stings, one suffering with a dislocated right shoulder and lacerations of the right side of the head, the other had abrasions of leg and shoulder also a child who fell out of a window, a boy with a lacerated finger caught in the chain of his bicycle and a boy with a lacerated lip caused by falling off his bicycle, a girl who fractured her tibia by falling while roller skating, a young man with a fractured leg, a man with his great toe injured in a printing press, a woman who broke her arm as she fell downstairs and a man with acute alcoholism who needed first aid care.

During the past week the daily average number of patients was the highest since the influenza epidemic of 1918-19.

DEATH OF WABAN RESIDENT

Mr. David B. McPherson, a resident of Waban for fifteen years died Monday at his home on Chestnut street, after an illness of several months.

Mr. McPherson was a native of East Boston, born Oct. 19, 1855, and for a long time before his retirement from business was a member of the firm of Frame & McPherson, builders and wood workers, the firm doing considerable ship work. He is survived by his widow, who was Martha Lena Frame of East Boston; and two daughters, Miss Helen Louise and Miss Marion Russell McPherson.

The funeral services were held yesterday at the Woodlawn Cemetery.

Funeral services were held Wednesday afternoon at St. John's Church, Newtonville, the rector, Rev. Raymond Long, officiating. The burial was in the Newton Cemetery.

DEATH OF MRS. SHAW

Mrs. Frances E. Shaw, the widow of the late George Remond Shaw died Tuesday morning at the home of her nephew, Mr. Carlton L. Shaw on Braemore road, Newton. Mrs. Shaw has been an invalid for a long time and her death was not unexpected.

Mrs. Shaw was a native of Boston and her maiden name also was Shaw. She was married to Mr. Shaw about fifty years ago and after a long residence in Portland the family moved to Boston. In Portland Mrs. Shaw was a member of the Universalist Church. She is survived by a sister, Mrs. Lucy J. Pike of Wellesley, and several nephews and nieces.

At the funeral services held yesterday morning at Mrs. Shaw's residence, Rev. Walter F. Swisher of Wellesley officiated and the burial was in Portland, Me.

Newton's Civic Centre

will be beautifully developed within a few years

Beaumont Estates

yet this ideal home neighborhood is far enough away from busy traffic thoroughfares to assure desired quiet. We will gladly show you the excellent home sites there.

Legal Notices

(D. P. U. 3155)

THE COMMONWEALTH OF MASSACHUSETTS

In Department of Public Utilities

Boston, April 9, 1928.

On the petition of the Boston Consolidated Gas Company for approval of an issue of additional capital stock of the par value of \$1,683,000 for the purpose of purchasing the gas and water property of Quincy, the Commission of the Department of Public Utilities will give its hearing to all parties interested at its meeting room, 10 State House, Boston on Monday, the sixteenth day of April current, at ten-thirty o'clock in the forenoon.

And the petitioner is required to give notice of said hearing by serving a copy hereon on the respective members of Boston, Chelsea, Newton, Watertown, and the town of Brookline, Milton, Watertown, Wellesley and Weston, and the chairman of the selectmen of Brookline, Milton, Watertown, Wellesley and Weston, and the chairman of the selectmen of Boston, April 17, 1928.

The hearing will be opened in the Boston Globe, Boston Post, Boston American, Boston Herald, Boston Traveler, Boston Cheltenham Newton Graphic, Walham News-Tribune and Watertown Tribune, Enterprise, in each of said papers, at least prior to the time of hearing, and to the return of service and publication at the time of hearing.

By order of the Commission.

ANDREW A. HIGHLANDS,

Secretary.

COMMONWEALTH OF MASSACHUSETTS

CITY OF NEWTON

NOTICE TO DEALERS IN GRANITE EDGESTONES

Sealed proposals for furnishing about 6000 feet of granite edgestones, including top and corners, will be received at the office of the Street Commissioner, City Hall, West Newton, Massachusetts, until April 17, 1928.

The proposal must be on blank forms furnished by said Commissioner and must be accompanied by a certified check upon a national bank or trust company in the sum of five hundred dollars (\$500.00) payable to and to become the property of the city of Newton, if the proposal is accepted, and the bidder neglects or refuses to execute the contract.

A sufficient bond for the faithful performance of the contract, signed by a surety company authorized to do business in the Commonwealth of Massachusetts, for the sum of three thousand dollars will be required.

Specifications and form of contract can be obtained at the office of said Commissioner.

The Commissioner reserves the right to reject either, any or all proposals or any part of any proposal, or to accept any proposal or any part of any proposal.

GEORGE E. STUART,

Street Commissioner.

CITY OF NEWTON

MASSACHUSETTS

NOTICE TO CONTRACTORS

Sealed proposals for constructing new coal tar concrete sidewalks, crossings and gutters and for repairs to existing coal tar sidewalks will be received at the office of the Street Commissioner, City Hall, West Newton, Mass., until 10 A. M., April 18, 1928.

The proposal must be upon blank forms furnished by said Commissioner and must be accompanied by a certified check on a national bank or trust company in the sum of five hundred dollars, payable to and to become the property of the city of Newton, if the proposal is accepted, and the bidder neglects or refuses to execute the contract.

A sufficient bond, signed by a surety company authorized to do business in the Commonwealth of Massachusetts, for the faithful performance of the contract in the sum of five thousand dollars will be required.

Specifications and forms of contract can be obtained at the office of said Commissioner.

Said Commissioner reserves the right to accept either, any or all proposals or to accept any proposal.

GEORGE E. STUART,

Street Commissioner.

CITY OF NEWTON

MASSACHUSETTS

NOTICE TO CONTRACTORS

OK

Because we are delivering more new Chevrolets than at any other time in our history, we are offering a number of exceptional values in reconditioned used cars.

Our used cars carry an official O. K. tag which is reproduced on this page. Attached to a used car by a Chevrolet dealer it signifies that every vital part of the car has been inspected, properly reconditioned and where worn, replaced by a new part. This plan enables anyone to select a used car with absolute confidence as to its satisfactory operation, and the price is absolutely fair and right.

Reasons why you should buy your used car from a Chevrolet dealer

- 1 —Chevrolet dealers have been selected by the Chevrolet Motor Company on the basis of their financial responsibility and dependability.
- 2 —Chevrolet dealers offer used cars on a plan originated and endorsed by the Chevrolet Motor Company.
- 3 —Chevrolet dealers have the necessary modern tools and equipment to properly recondition used cars.
- 4 —Chevrolet dealers desire the good will of used car buyers the same as they enjoy from new car buyers.

National Packaging Co. Buys Local Mill

Will Employ Over 100 Operators in Former Cordage Mill

Final papers were passed on Friday transferring the well-known plant of the Silver Lake Company in Newton to Percy E. Ginn, doing business as the National Packaging Machinery Company of Massachusetts. The sale was conducted by David H. Mason of the Factory Exchange, Boston. The assessed value of the property is \$150,000. The purchase price is understood to have been somewhat in excess of that sum. The property is located on Watertown street, corner of Nevada street, and consists of a three-story and basement mill of exceptionally good construction, together with about six acres of land. It is one of the most attractive complete factory units in Eastern Massachusetts. About seven months ago the Silver Lake Company, manufacturers of braided cordage, removed to Chattahoochee, Georgia, and the plant in Newton has since been idle. Its reopening will give employment to 100 skilled male operatives. The packaging company were constrained to move on account of expanding business from the quarters they have leased for about a score of years in Jamaica Plain. Machinery is already being installed and the new plant will soon be running.

The office of the company will also be located in the old Silver Lake plant and will employ about 10 persons. The company manufactures machinery for making paper boxes and cartons and machinery for weighing the commodities which are packaged.

With so many industries in Newton having closed down in the last few years, or running on part time, it is of distinct advantage to have a new and thriving industry purchase the Silver Lake plant with the intention of placing it in operation by June 1st.

AN UNUSUAL LECTURE

An event of unusual interest to those who are connected with Drama will be a lecture on "The Value of Proper Lighting to Stage Productions" by C. Hassler Capron, Specialist and Instructor in Lighting and Stagecraft. The Guests are invited to the Newton Center Woman's Club, on Monday, April 16th, at 2 o'clock, to hear this lecture which will be illustrated, not with the usual stereopticon pictures, but with the most modern lighting equipment used on the stage today, so that the audience will be shown how beautiful effects are obtained by proper lighting.

Because of the unusual character of this lecture a large audience is ex-

pected. One number from The Rainbow Revue will be produced, and a Tea and Reception will follow.

The guests of honor include Mrs. A. Packard, Mrs. Frank H. Stewart, Mrs. Carl L. Schrader, Mrs. Nelson W. Howard, Mrs. Ellis Speare, Jr.

The ushers will be Mrs. Larsen Black, Mrs. Ralph E. Stuart, Mrs. Fern Hollis, Mrs. Worthington L. West, Mrs. George W. Bird, Miss Virginia McClellan, Miss Carolyn McClellan, Miss Penelope Ridgeway, Miss Mary Robinson, Miss Miriam Wilson.

PHILOMETHIA BRIDGE WHIST

Next Monday evening a Bridge party will be held at the club house on Commonwealth Ave., Chestnut Hill, under the direction of Mrs. Martha Moore Avery, assisted by Mrs. T. H. Sennott. Many beautiful prizes will be awarded.

LODGES

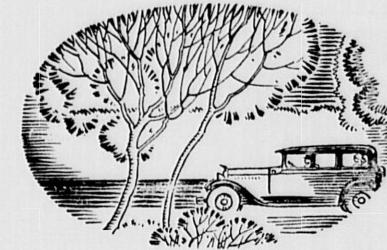

The annual inspection and review of Gethsemane Commandery, K. T., will be held at the State Armory, West Newton, on Tuesday evening, April 24th, and will be followed by a grand ball.

At the meeting of Newton Royal Arch Chapter next Tuesday evening, Right Excellent Charles E. Hatfield, district deputy, will make his official visit.

The official installation of the new officers of Newton Lodge of Elks last

Easter style show of new STUDEBAKERS

.. months in advance of other makes

WE cordially invite you to attend our Spring Showing of the newest motoring modes as created by Studebaker. In beauty and grace of body lines, these Studebaker and Erskine fine cars lead the fashion. In luxury of finish and appointments they anticipate the style trend in tomorrow's smart motor cars. Brilliant color combinations and newest pastel shades sponsored by fashion authorities—Damson Plum, Antelope Tan and Gold Bronze—Spruce Green, Dove Grey and Old Ivory—Burgundy and Deauville Sand—Tapestry Blue, Duskblue and Carmine.

In The President Eight, upholstery is of two-toned broadcloth or mohair in colors harmonizing with the body themes. Door panels finished in antique walnut, embellished with etched sil-

ver medallions. The Commander Regal has such luxuries as seat cushions 9½ inches deep, silk assist cords, smoking sets with electric lighters. The Dictator Royal has decorative door panels, bright metal parts of chromium plate and onyx driving fittings. The Erskine Six is most tastefully fitted, even to arm rests and ash receivers.

If you paid many thousands, you could not surpass these Studebaker and Erskine cars in modishness, luxury of finish and richness of appointments. Their championship performance proves the brilliance of Studebaker's engineering genius. Select your new car at our Spring Showing—the newest styles and One-Profit values—\$795 to \$2450 f. o. b. factories.

TERMS \$3.00 A YEAR

Aldermen Adopt Drastic Policy On Permitting Children To Act

Will Refuse Permits for Night Entertainments Before School Days

In the future the Newton Board of Aldermen will not grant permits for school children to participate in entertainments on nights before school days. To be explicit, the present Board of Aldermen will not grant such permits. Alderman Fred Woodcock, who is serving his first term as alderman from Ward 2, is responsible for this action. Prior to moving to Newtonville Mr. Woodcock was a resident of Waltham, and for 10 years served on the School Committee of that town. At the first meeting of the committee on Franchises and Licenses this year a petition was received from a Newton Centre organization asking that children be allowed to participate in an entertainment held on a night before a school day. Mr. Woodcock declared himself very emphatically against this practice and announced that he would oppose any and all such petitions. He voted against the petition in the committee, his being the only vote against it. When the matter came before the full board he again was the sole opponent to it.

At the meeting of the aldermen Monday night a petition was received from John Dunleavy asking for a permit to allow Daisy Bernier and Muriel Sullivan to take part in an entertainment at the Newton Opera House on Monday night, April 23. These two 13-year-old girls are well-known entertainers and have participated in scores of shows in this city for the past several years. As this petition was not presented until Monday it was not on the docket, and as the meeting was about to adjourn at 3:15 Tuesday morning Chairman Hawkins of the License Committee asked that action be taken on it. Alderman Woodcock commented that, while the members were tired and anxious to go home, he wanted to oppose this petition and give his reasons for doing so. He told of his experience on the Winthrop School Committee, which had convinced him that children who stay up late of a night taking part in an entertainment are unable to properly attend to their school work the next day, even if they come to school. He asserted that the only nights when the children should be allowed in shows are those which do not precede a school day and he made a motion that "the aldermen go on record as refusing to grant permits for children to participate in entertainments on any nights other than these."

Alderman Gallagher, as a physician, concurred with Mr. Woodcock's views and told of the many children whose hearts and nerves have been affected by their constant participation in evening entertainments and the consequent loss of sleep. Alderman Flitts gave the opinion that, inasmuch as heretofore the aldermen have always

Consider Repair Shops, Licenses And Claims

Aldermen Have Busy Session on
Many Routine Matters

Opposition developed Monday night at the aldermanic meeting to the petition of the Newtonville Motor Mart for a permit to operate an automobile repair shop at 10 Walnut terrace, Newtonville, in the premises formerly known as the Central Garage. William F. Kimball of the Colonna Apartments at 230 Walnut street objected to the granting of the permit because of the noise which he claimed would result. He stated that all the occupants of that building are against the permit being given. A representative of Mrs. Helen Bassett of 105 Central avenue also entertained a protest and a letter from Joseph Crowell, owner of the Colonna Apartments was read in opposition to the permit being granted.

James P. Gallagher, attorney for the petitioner, Joseph Rooney, stated that his client has been in business in this city for many years, will conduct a high class garage and repair shop, that the place will do light repair work and will cause no nuisance from the standpoint of noise and will not disturb the peace of the neighborhood. He mentioned that the property is assessed for \$57,000 and the proper use of it should not be forbidden. Alderman Baker asked Mr. Gallagher

"Will the place be used as a garage repair shop or a motor vehicle repair shop?" Mr. Gallagher inquired as to the distinction and was informed that heavier repair work is performed in motor vehicle repair shop. He informed Mr. Baker that in the Newtonville Motor Mart light repair work will be done.

No opposition developed on the petition of Ladd & Thomas for a permit to increase the storage capacity of gasoline at 383 Boylston street by 1000 gallons, or to that of Farling Bros. for a permit to keep 500 gallons of gasoline at 121 California street for private use. No persons appeared to object to the petition of the Gamewell Company for a 3 car garage at 70 Linden street, Upper Falls.

The Claims and Rules Committee recommended leave to withdraw on the claim of Mrs. John M. Kelly as a result of injuries sustained when she fell on the sidewalk on Centre street at the railroad bridge in Newton.

The city contends that there was no defect in the sidewalk. The claim of Andrew Schwar for damage done to his automobile by a water department truck was allowed.

The Franchise and Licenses Committee reported favorably on the following petitions—Sarah Skier, common victualler license at 370 Water street, Nonantum; North Bennett Street Industrial School, permit for minors to take part in entertainments at Players Hall on April 28; Jane Grant, minor, permit to take part in exhibition of interpretive dancing at Newton Club, April 17; William E. Earle, incorporator of Massachusetts Elks Scholarship Foundation; William J. Doherty, Jr., 2 additional pumps at filling station, Washington street, near Lowell avenue; John J. Coppingier, 2 additional pumps at filling station, 79 Needham street, Newton Highlands.

The special committee on the new Fire Station and Signal System recommended the appropriation of \$1000 for the employment of an architect for the Fire Alarm Headquarters Building, and requested Chief Randlett to obtain bids and specifications for apparatus to be installed in the new building.

Petitions were received from Vincent Ali for a permit to deal in second-hand articles, from Joseph Kessner for a license to run bowling alleys at 865 Washington street, Newtonville, from the Highland Oil Company to increase its storage capacity for gasoline at Needham street, Newton

Churchmen's Union Hear About Crime

District Attorney Bushnell Makes
Interesting Address

The Newton Churchmen's Union held a most interesting meeting Monday evening in the parish house of Grace Church. Arthur W. Blakemore presided and the guest and speaker was District Attorney Robert T. Bushnell. Mr. Bushnell's talk was preceded by an excellent dinner served by Marshall.

Mr. Bushnell first stressed the lack of knowledge of the average citizen of the administration of criminal law, and termed a national disgrace. In many cases the average person does not come in direct contact with the criminal or the criminal classes and has adopted the attitude of "Let George do it." He fails to realize that the tremendous cost of crime hits his pocket book through the taxes levied to meet this situation. It has been estimated, Mr. Bushnell said, that the cost of police, the first line of defense, the courts the second line of defense and the jails, the third line of defense, costs annually, twelve times the cost of maintaining the army and navy of the country, or in other words, the cost is three times the entire income of the federal government. And this enormous sum is merely the cost of defensive work against the criminal classes, of which it is estimated there are 400,000 professionals in the country. Mr. Bushnell urged business men to accept service on the jury when they are called and stated that in the last few years there had been a notable increase in the character of Middlesex County juries and a consequent lessening of crime in the district. Mr. Bushnell illustrated his talk with many incidents which had taken place in Middlesex County and showed how loop holes in the archaic system of law were taken advantage of by persons accused of crime.

He also related his attempts to obtain changes in legislation and how little attention was paid to improving the statutes by members of the legislature. He paid high tribute to the Supreme court, saying it was 100 years ahead of similar bodies of other States and yet, was restricted in many instances by the wording of the statute under consideration.

In closing he again urged the importance of jury service by business men.

Highlands, from 40,000 to 80,000 gallons. Albert H. McAuslan submitted an offer of \$7500 for land owned by the city adjoining Norumbega Park.

Chairman Baker of the Claims and Rules Committee presented a resolution asking the Mayor and City Solicitor to petition the Legislature to authorize the City of Newton to pay the widow of the late Leonard Jackson compensation under the provisions of the amendment to the Workmen's Compensation Law which includes foremen, sub-foremen and inspectors as beneficiaries under the law. Mr. Jackson, an inspector in the Health Department, was killed in the explosion at the Gorgone building in West Newton, on January 30.

On the matter of the taking of land by the city for school purposes at Nevada street and Linwood avenue, Newtonville, Elisha P. Avery of 324 Crafts street, speaking for the Avery estate which owns the land, favored the taking of a larger area than the city contemplates. He was told that

Successful Shoot By Newton Archers

Observe Patriot's Day With
Ancient Weapons

The Newton Archers held a most successful shoot on Thursday, April 19th. About 24 men, 12 ladies and 5 juniors competed. Guests from distant points were invited. The day was not favorable to the best shooting as the high wind made record, or near record scores, impossible.

The American Round at 60, 50, and 40 yards was shot by men and by ladies all day, and a Junior Round at 40, 30, and 20 was used also.

In the morning Dr. Paul N. Crouch of Newton Centre was top man with 88 hits, 538 score, closely followed by A. W. Dick of Worcester with 84 hits, 564 score. Next in line was L. C. Smith of Newton Centre with 72 hits, 364 score. On the ladies' side, Mrs. Norton of New Bedford was ahead with a score of 152, 32 hits. Mrs. Dick of Worcester, came next with score of 147, 39 hits. On the totals Mrs. Dick was highest. Bill Diamond of Newton Centre was top man for the juniors, with score of 290, 46 hits. In the afternoon Bill went down with a score of 184, 44 hits before Miss Carnie Clarke of Boston whose score was 388, 78 hits. However we think Bill will be a coming archer. The junior prize for the afternoon shoot was a new cup given by Mr. L. C. Smith of Newton Centre.

The afternoon's shoot was a handicap contest for both men and women. Mr. O. A. R. Wood of Lynn won the cup with a handicap of 499, score 292. Dr. Crouch with a handicap of only 87 did not make good on this.

Two new cups for the most goals at one end were offered for men and ladies by Mr. and Mrs. Dick of Worcester, for the first time. Dr. Crouch took the men's with three goals and Mrs. Bean the ladies' with two goals. Mrs. Edith Christiana Woolley of Newton Highlands is also giving a prize to be awarded at the end of the season, for a year for the highest score of a novice. This prize was a beautiful pewter bowl, shown on the 19th.

Prominent among the Newton Archers was Mr. F. I. Peckham of Newton who has not been shooting for a year.

WEST NEWTON COMMUNITY CENTRE

At the Community Centre, West Newton, on Tuesday evening, April 17th, with Miss Gertrude MacCallum as director, the Game Club gave their annual social, that was enjoyed by a number of their friends. During the evening prize whist was played, after which a collation was served, followed by dancing until a late hour.

he will have an opportunity to confer with the aldermanic committee which will consider this matter.

Several persons were present in the hall to oppose, or inquire regarding the taking of land bounded by Park View and Bridges avenues for a new school. President Weeks of the Board had announced this hearing in conjunction with the hearing on Nevada street land and those interested in the Park View avenue property were unaware that this matter was announced and did not voice their views. Other matters on the docket were taken up and finally the residents of the Park View avenue neighborhood went home without being heard. They will receive an opportunity to appear before the committee dealing with this matter.

Explaning that he did not desire to make this same objection each time an item calling for an increase to a department head's salary would be reached, the Ward 1 alderman moved that no increases be granted to officials receiving over \$3000. The motion was seconded by Alderman Noone. It was defeated, only Alderman Noone and Powers voting for it. Mr. Bally will receive the "generous" increase of \$50. His two associate assessors will also obtain small increases in salaries—\$100 each.

Referring to the budget of the City Clerk's Department, Alderman Baker

(Continued on Page 3)

Largest Budget In History

Aldermen Appropriate \$4,000,000

Careful Consideration Given at a Session Lasting Until After 3 A. M.

Chairman Collins of the Finance Committee then announced that the usual custom would be followed, appropriations recommended for each department would be perused and any member objecting to any item should so state.

In the Executive Department budget the cut of \$100 made by the Finance Committee on the proposed increase of \$150 to the salary of the Mayor's secretary was restored, on the motion of Alderman Flitts. Alderman Collins explained that a cut of \$400 in the item for clerical assistance in the Comptroller's Office did not mean that the salaries of the clerks there will be reduced, but that no extra temporary clerks will be employed there this year, if possible, and if the regular clerks succeed in doing the work alone they will be given small increases amounting to about \$50 each. Alderman Heathcote asked: "Is this policy to be pursued in the other offices at City Hall?" He was given a negative answer.

The first salary increase item for a department head to be reached on the budget was one calling for a \$50 jump in the salary of the chairman of the Board of Assessors. He now receives \$3550. Alderman Powers announced that it was his intention to oppose all increases in salaries for department heads now getting over \$3000. He said: "I believe all these officials are competent and eventually should receive higher salaries, but because of the great amount of unemployment which has prevailed the past year, and which is prevailing, any money which the city can spare should be used on more public improvements to afford employment to laborers during the coming year and thus lessen the probability of more idleness for these men." The Ward 1 alderman read excerpts from a report of the Newton Chamber of Commerce, made several weeks ago, which told of over 1000 men being out of work in Newton, of large increases in the number of appeals for aid both to the Charity Department of the city and the Newton Welfare Bureau, and of the evidences of lack of proper food, as shown in the physical condition of many of the school children in this city. He said: "The amount of \$50 recommended as an increase for the Chairman of the Assessors is not a real increase—it is just a polite gesture. Mr. Bally's position is one of the most important in City Hall. His salary has not been increased proportionately in the past seven years as compared with the salaries of other department heads. He should receive a real increase next year."

Explaining that he did not desire to make this same objection each time an item calling for an increase to a department head's salary would be reached, the Ward 1 alderman moved that no increases be granted to officials receiving over \$3000. The motion was seconded by Alderman Noone. It was defeated, only Alderman Noone and Powers voting for it. Mr. Bally will receive the "generous" increase of \$50. His two associate assessors will also obtain small increases in salaries—\$100 each.

Referring to the budget of the City Clerk's Department, Alderman Baker

FIFTIETH ANNIVERSARY

The 50th anniversary of the organization of the Newton Centre Unitarian Society will be celebrated today with a meeting to be held in the parish house of the church at Centre and Cypress streets, at 8 p. m. Dr. Louis C. Cornish, president of the American Unitarian Association, will bring the greetings of that organization, and Dr. Alexander T. Bowser, the oldest living minister of the society, its pastor for its early days, will give an historical address. Dr. Albert C. Dietz,

fenbach, the present minister, will preach the anniversary sermon, and appropriate music will be given. The celebration is being planned by Charles P. Powers, former chairman of the executive committee.

The church society was organized on April 21, 1878, by 51 members, of whom Miss Edith Gammons and Mrs. Ellen Ferguson are still actively interested in the affairs of the church. Dr. Rufus P. Stebbins, the first minister, died in 1885, and the local branch of the Women's Alliance has been named after him.

During the 50 years 10 clergymen have followed Dr. Stebbins in the ministry of the church, up through Dr. Diefenbach, who accepted the post early this year. The first building contained only 20 pews, with a Sunday school room in the basement. This was rebuilt in 1894, and a parish house was added on Cypress street. In 1921 and 1922 a total of \$55,000 was spent in the reconstruction of the church, and the new building was formally dedicated on March 25, 1923.

The society at present has 241 members, with 82 in the Sunday school. In addition to the branch of the Women's Alliance, the local chapter of the Laymen's League, the Hale Union and the Matheson Club are active. The trustees of the church include J. C. S. Taber, Addison C. Burnham and Harry P. Bradford. The executive committee is headed by Frank L. Richardson and includes also Miss Mabel Melchior, Fred D. Bond, James Kugman, John Marshall, Prof. Henry G. Pearson, John E. Peakes, treasurer; Mrs. George H. Crosbie, Charles F. Rittenhouse and Linnell Studley, clerk.

and urged that the School Department be allowed to supervise the repairs. He stated that he had been told that Mr. Chadwick has threatened to resign unless he will get an increase in salary and he also said that he had been informed that "Mr. Chadwick insisted on his favorite contractor being given the contract of building the high school or he would resign."

Chairman Fitts of the Public Buildings Committee replied to Mr. Heathcote and defended Mr. Chadwick. Mr. Fitts asserted that the Buildings Commissioner is performing his work in a very capable manner, that he could, if given the opportunity answer satisfactorily all the criticisms of the Ward 4 alderman and that there has been no request from the school department for control of the repair work on school buildings, as alleged by Mr. Heathcote. Mr. Fitts condemned Mr. Heathcote for impeaching the architects of the buildings where the defects have developed when these gentlemen have the highest standing in their profession. The Ward 7 alderman asserted that the condition of the floor at the high school gymnasium is no reflection on Mr. Chadwick. Experts have been consulted to ascertain what has caused the rotting of the sub-floor there and the consequent buckling of the flooring above. To date the cause has not been determined. Mr. Fitts contended that the department heads are efficient and deserve the increases recommended.

Alderman Earle argued that the \$60,000 recommended for repairs and alterations in schools by Mayor Childs be granted, rather than the \$55,000 recommended by the Finance Committee. He stated that he has viewed the floor at the gymnasium and several thousands of dollars will be needed to repair it instead of the \$1500 as estimated by Mr. Fitts. Alderman Collins disagreed with Mr. Earle because it is not known what is the trouble with the floor and so the cost of fixing it cannot be determined—so why appropriate \$5000?

Police Department

The Finance Committee had recommended four additional patrolmen for the police department instead of the 10 asked for by Chief Burke. Alderman Noone inquired as to the placing of these extra men, stating that there are some parts of the city not being properly policed. Alderman Heathcote stated that if he could be shown that the four men are needed he would vote for them, but there seems to be much inefficiency in this department despite the fact it has been largely increased in personnel the past few years. He condemned the new practice of making night patrolmen do traffic work near schools and asserted that if Chief Burke's salary is increased the salaries of the other officers and men of the department must be increased. According to the Ward 4 alderman, crime is on the increase in Newton.

President Weeks took the floor in defense of Chief Burke and stated that this is the first year Alderman Heathcote has not been an ardent supporter of the Chief. He has endeavored to learn why the Ward 4 member has so changed his attitude? He condemned any member of the alderman for criticizing a department head when the latter has no opportunity to defend himself against unjust criticism. The Board voted to authorize the four additional patrolmen and to give Chief Burke a \$300 increase in salary.

Fire Department

One of the bitterest fights on the budget developed over the matter of giving the firemen the "two platoon" system. Mayor Childs had again recommended and the Finance Committee had again refused it. Alderman Collins, while admitting that the men now receive one day off in three and the latter moved the appropriation of the amount recommended by Mayor Childs for its establishment. Alderman Noone and Grebenstein argued for the granting of the "two platoon" and the latter moved the appropriation of the amount recommended by Mayor Childs for its establishment. Alderman Baker spoke against the motion, calling attention to the low fire loss in Newton as evidence of the efficiency of the local department under the present system of working conditions for the men. Alderman Gallagher, while favoring the "two platoon," argued for its postponement until another time because of the need for a new fire house at Newton Corner.

Alderman Heathcote, reading from the GRAPHIC of October 9, 1926, quoted Chief Randlett as saying that "10 additional men would allow the establishment of the 'two platoon' in Newton." Alderman Baker called attention to a statement made by a committee representing the firemen themselves, which specified 27 additional

men as necessary for the starting of the "two platoon." Alderman Heathcote moved the appropriation of \$8500 additional on the Fire Department budget to provide for 10 additional men. This motion was defeated on a rising vote, 14 to 6. Those voting for it were: Earle, Grebenstein, Heathcote, Noone, Powers and Prior.

Teachers' Salary Increases

The matter of granting the grade teachers in the Newton schools an increase of \$100 in their salaries to bring the maximum from \$1900 to \$2000 was debated at length by a number of the aldermen. Alderman Collins called attention to the fact that the cost per pupil in Newton's schools has increased 300% in the past 20 years. We must eliminate unnecessary things in the school work; many feel that the junior high idea is merely a fad; a careful survey should be made of the expenditures for the schools. Other city departments have been and are being deprived of very necessary appropriations because so much of the taxes raised by the city are being diverted for schools.

Alderman Heathcote contended that the aldermen have no right to interfere in the matter of teacher's salaries. Asked by Mr. Collins regarding this, City Solicitor Bartlett stated

that the law of the Commonwealth states school committees with the authority to specify teacher's salaries and the aldermen are supposed to appropriate the money therefor. A heavy penalty is provided for failure to do so, but it is quite doubtful if this penalty would be imposed.

Alderman Collins moved the present maximum of \$1900 be not increased. He told of Newton's teachers arguing that they should get the increase because Brookline had given it and of Brookline officials telling that they gave the increase because the teachers of that town had started the Newton teachers were about to be given it. The Ward 2 alderman said it looked like jockeying on the part of the teachers. Alderman Fitts argued that the introduction of the junior high schools has given salaries of \$2100 and more to many teachers who otherwise would have a maximum of \$1900. If the maximum for certain grade teachers will be increased to \$2000, the salaries of many others must be increased and the added yearly cost to the city will be around \$40,000. He argued that Newton is now 2nd or 3rd among the cities of the State in the payment of salaries to teachers and that if the increase is given it may necessitate the curtailment of the school building program. Mr. Fitts asserted that the aldermen have been extremely fair in co-operating with the School Department and should receive reciprocal treatment.

Alderman Woodcock, who served 10 years on the Winthrop School Committee favored the increase. He remarked that with stenographers at City Hall being paid \$1500 and \$1750 yearly salaries, school teachers certainly are entitled to a maximum of \$2000. The motion to grant the increase was lost by a close vote.

The amounts cut from the Mayor's recommendations this year are com-

EDITORIAL

We have received ample evidence in several directions that this community is favorable to the nomination of Hoover for the Republican candidate for president and we wish it was possible for that sentiment to be crystallized at the primary next Tuesday. There are two ways in which this preference can be expressed, first by a vote for Dr. Anderson, who is a candidate for delegate at large and for Mr. Wardner, who is a candidate for district delegate; and secondly by indicating on the ballot that Hoover is your choice for president. Don't waste your preference vote by marking for President Coolidge. Mr. Coolidge is not a candidate and the real fight at the convention will be to nominate Mr. Hoover against the field. A Hoover preference vote in Massachusetts will aid him greatly in that fight.

While we have no quarrel with the Republican State committee over the selection of candidates for delegates both at large and by district, we are not particularly pleased with the candidates that body has selected and the neutral attitude most of them have taken on the pending nomination for president. We advise a vote for Mr. Butler and for Senator Gillett, and trust Dr. Anderson will defeat any one of the remaining candidates for delegates at large. In conclusion we urge a preference vote for Hoover and the election of Dr. Anderson, Mr. Butler and Mr. Gillett at large and Mr. Wardner as a district delegate.

Since writing the above, we learn that former Speaker B. Loring Young, one of the candidates for district delegate in this district, has openly announced himself as favorable to Hoover. We are glad to make this announcement and to urge the voters in this district to vote for Mr. Young and Mr. Wardner.

With the advent of spring and the consequent increase in the number of automobiles using our highways, especial emphasis should be given to the meaning of the word "safety." Competent observers urge operators to "think" safety as a necessary preliminary to acting safely. Too many business and professional men who drive their own cars are too apt to be thinking of their business or engagements while operating, and there is a consequent lessening of their concentration on driving. There is also the ever present driver under the influence of liquor. There is absolutely no excuse of this offender. He should be treated as a pariah, even by his best friends, for his victims may well be his own neighbors or relatives; for blinded with alcohol, he knows neither friend nor stranger. Let us hope that in the coming season the police will be most active in driving these potential murderers from our streets.

The members of the Newton Churchmen's Union and all others of similar standing in the community should give careful attention to the statement by District Attorney Bushnell, as to the need of men of character and common sense on the juries of Middlesex county. When the call comes, it is a call to patriotism as much as if it was a summons to battle.

Notwithstanding the laudable purpose to recall to the people the stirring events of Armistice Day by making it a public holiday, we are sorry to see another holiday added to our present list. We changed the former "Fast" Day to Patriots' Day. Why not combine Thanksgiving Day and Armistice Day in similar fashion?

Members of St. John's Church do well to honor the memory of the late Richard T. Loring, its rector for 27 years. May the memorial be an incentive for all that Mr. Loring stood for while among us.

POLITICAL ADVERTISEMENT

UNDER THE GILDED DOME

DEATH OF MR. BULLARD

The House on Wednesday ordered a third reading a resolve providing for an investigation by the Metropolitan District Commission with reference to the route of the proposed parkway or boulevard from a point near the junction of Newton and Hammond streets in Brookline to the junction of Beacon street and Glen avenue in Newton Centre. This takes the place of a bill petitioned for and which would have provided for the construction of such a thoroughfare. It means that the proposition has not been exactly turned down by the Ways and Means Committee on whose recommendation the resolve was substituted for the original bill.

Mr. Bullard was one of our most active citizens, and had taken a prominent part in the business and social life of Newton and Boston. He was chairman of the board of trustees of the Eastern Massachusetts Street Railway under appointment by Governor Cox in 1924.

George Partridge Bullard was born in West Medway, the son of Emerson N. Bullard and Susan Partridge Bullard, on June 25, 1857. He came to Boston when 17 years old and began his business life as a clerk in the hardware firm of A. J. Wilkinson & Co. Three years later he was head bookkeeper for the company. Later he went to Bacon & Co., iron and steel manufacturers, and was made a partner in 1886.

In 1891 he founded the Eastern Expanded Metal Company and then the Eastern Concrete Construction Company. For several years he was actively identified with the concrete construction business. His eastern companies were merged with the Penn Metal Company in 1914, and he became president of the consolidation, remaining in that post for several years.

Mr. Bullard was active in the affairs of West Newton Savings Bank and for over 25 years was its president.

He was also a director in the Beacon Trust Company and the Federal Mutual Liability Insurance Company.

He served in the Common Council of Newton in 1894 and as an alderman in 1895.

In 1901-02 and '03 he was a member of the Massachusetts Legislature.

Another bill of more than passing interest was that the public control of the Eastern Massachusetts Street Railway be extended for a period of five years.

On the rollcall by which the measure was passed to be engrossed Messrs. Hollis, Saltonstall and Thompson voted for the bill and Mr. Luitwieler was paired for the bill with Mr. Rockwell of North Andover.

Governor Fuller's stand against the bill providing that the State pay all the salaries of the Public Utilities Commission was upheld by the Senate and the measure is dead as far as this session is concerned.

Under the existing law, which still remains in force, portion of the Commissioners' salaries is paid by some of the corporations which it supervises.

The Governor took the stand that the corporations should contribute to the cost of maintaining the commission, intimating that it would be as well if all utilities supervised by the commission were made to pay the full cost.

Senator Simoneau of Marlboro, who represents this district, was one of the eleven Senators who voted to override the Governor. Twenty-two voted to uphold the Chief Executive.

The fact that Governor Fuller has signed the bill to make Armistice Day, November 11, a legal holiday puts another holiday on the calendar for Massachusetts. The Governor had the bill on his desk the full five days permitted him to either approve or veto. There was an early report that he would veto it, but this proved untrue for just before leaving the State House late Monday afternoon he affixed his signature. He had only a few hours left in which to decide.

The veto of the Governor was overridden by both branches on the bill to permit the sale of fish, fruit and vegetables on Sunday whenever Rush Hashonah or the Day of Atonement begins on that day. Opponents of the measure contend that the Governor was right and declared that the Sunday laws should not be changed.

Mr. Dowse was born 76 years ago in Sherborn, and graduated from Harvard with the class of 1873, and from the Harvard law school two years later.

He was appointed proctor at Harvard in 1873. After taking his degree he studied for a year as graduate, in Roman history and philosophy. In 1876 he began to practise in Boston, making a specialty of patent law, and eventually had offices in New York. His clients were mostly manufacturers whose cases arose in the federal courts in all parts of the United States, and came finally in many cases before the United States supreme court.

His professional career was successful, but he was obliged to abandon it in 1898 to give his whole time to his own manufacturing interests, as president of the Reed & Barton Manufacturing Corporation, of the United States Fastener Company and of the Theodore B. Starr, Inc.

He was also interested in factories in Europe, which at times demanded his personal supervision. He became a director in the Waltham Watch Company, also president and director in several other metal concerns.

For 11 years he was president of the Home Market Club of Boston, a member of the National Association of Manufacturers and the Boston Merchants Association and the Economic Club.

He was a member of a number of clubs, associations and historical societies.

He erected a library in Sherborn in memory of his father and mother in 1913, on the 100th anniversary of the birth of his father, and the Rev. Edmund Dowse, D.D., for 65 years pastor of the Pilgrim Church in Sherborn, for 67 years chairman of the school committee in Sherborn, and for 25 years chaplain of the Massachusetts Senate. In 1924 he erected a memorial in Sherborn in honor of all those from Sherborn who died in the various wars of the United States from 1674 to date.

He is survived by his widow, Fanny Lee Dowse, and three daughters, Mrs. Franklin D. Putnam, Miss Margaret Dowse and Mrs. Sinclair Weeks.

BERNARD COONEY DIES SUDDENLY

Bernard Cooney of 42 Newbury street, Newton Centre, died suddenly of heart failure on last Thursday afternoon. He was a former resident of Brighton and in his 49th year. He was a member of the Plumbers' Union and of the Loyal Order of Moose. He is survived by his widow, three sons and three daughters, one of whom is Mrs. Francis E. Dimmick of Auburndale. His funeral service was held last Sunday, Rev. R. L. Root of Dorchester officiating. Burial was in Cedar Grove Cemetery, Dorchester.

JOHN L. TRACY

John L. Tracy of 229 Auburn street, Auburndale, died on April 12th, in his 76th year. He was a native of Sackville, New Brunswick, and had resided here for four years. He is survived by his widow, three sons and three daughters, one of whom is Mrs. Francis E. Dimmick of Auburndale. His funeral service was held last Sunday, Rev. R. L. Root of Dorchester officiating. Burial was in Cedar Grove Cemetery, Dorchester.

POLICE NEWS

The speaker at the Fellowship Club last Monday evening was Mr. Martin Campbell, Credit Manager of the American Motor Equipment Company and Director of the Boston Credit Men's Association, who gave a very interesting talk on the three C's of Credit Granting.

Dr. Henry Moore, Head of the Orthopedic Department at The Newton Hospital, will be the speaker next Monday evening. His subject will be "Care of the Feet."

The bowling team defeated Worcester, three points to win, at a match last Friday evening. Those who represented The Newton Y. M. C. A. were A. F. Tucker, Walter Cooper, Lawrence and Fred Trowbridge, John Ward. A return match will be played on the Y. M. C. A. alleys on Thursday, May 3rd.

Physical Department Notes

Members and friends of the wrestling team of the Newton Y. M. C. A. held a banquet at the "Y" last Thursday evening. This event closed up the season's activities for the majority of the members of the team excepting for "Joe" Arsenault, holder of the A. A. U. championship in the 145 pound class in the New England district and Francis Cassidy runner-up in the 134 pound class who are training for the final Olympic Try Outs for the United States to be held at Grand Rapids on July 6th and 7th.

Following the banquet, Dr. Fred E. Simm, who has coached the "Y" wrestling team for the last three years, was presented a watch chain, pen knife, and Masonic emblem, by the members of the team in appreciation of his services. Dr. Simm has not only developed a team which compares favorably with any in the state but he has also always kept in mind the health and character of the men. Following the presentation, Dr. Simm awarded emblems to the following members of the team who had either won a bout in a dual meet or a class championship in a State meet: Joe Arsenault, Francis Cassidy, Joe Vachon, Henry Vachon, Guy Carlson, John Lane, Wm. Palmiter, Oscar Margolin, Sam Fried, and Albert Evans.

Mr. H. W. Bascom, General Secretary of the Association, spoke to the team of its activities and of the work of Dr. Simm. At the conclusion of the meeting the men who had actually wrestled in meets during the past season met and elected Joseph Arsenault captain of the team for 1928-1929.

FINE ASHTON PARK RESIDENCE SOLD

In Ashton Park a splendid house of ten rooms and bath with two-car garage and about 10,000 feet of land, located at No. 63 Kenwood avenue, Newton Centre, has been sold to Lillian S. Tyler of Brookline. Mr. Tyler will make some alterations and renovations preparatory to occupying the estate as his home. The grantor is Louis M. Young. The property is valued at \$18,000.

T. W. Conway, of Cambridge, has taken title to his new house located at No. 367 Woodward street, Waban. The sellers are Regan & Daley of Needham, Mass.

One of Newton's properties situated at No. 60 Fisher avenue, Newton Highlands, has been sold to James V. Gridley of Sharon, Mass. The house consists of eight rooms, bath, one sleeping porch, and two-car garage. Mr. Heribert L. Ray is the grantor. The place is valued at \$16,000.

Alvord Bros. report brisk interest in homes in Newton. The varied types of houses and attractive surroundings in this city are causing much comment.

Newton

—Mr. and Mrs. David Black and daughter motored to Northfield for the week-end.

—Rev. Chester A. Drummond of Channing Church is confined to the house by illness.

—Mrs. J. P. R. Sherman of Vernon street has returned from Atlantic City and Washington.

—Mr. and Mrs. Royal Waring and daughter of Jewett street are spending the week in Maine.

—John T. Bowen of Braemore road, has been elected to the Cornell chapter of Phi Beta Kappa.

—Miss Mand Henry and Miss Elizabeth Henry of Centre street have returned from New York and Atlantic City.

—Miss Elizabeth Kendall has returned from Hartford, Conn., and is with Mrs. W. A. Corson of Newtonville avenue.

—The last meeting of the season of the Federated Sewing Society was held on Tuesday at the North Congregational Church and was well attended by workers from this village.

—Mrs. William P. Prescott and daughter, Miss Cynthia Prescott, of Claremont, N. H., are spending the week with Mrs. Prescott's mother, Mrs. Nathan Prescott, of The Colony.

—Mrs. Annie M. Cummings, the widow of the late Robert F. Cummings and for many years a resident of Richardson street, Newton, died last Sunday at the home of her daughter in Swampscott at the age of 81 years. Mrs. Cummings was an active member of Immanuel Baptist church while a resident here. She is survived by one daughter, Mrs. Persis B. Whitney of Swampscott. Funeral services were held Tuesday and the burial was in Chelsea.

THE CHILDREN'S MUSEUM

"April's Water Babies in Ponds and Brooks," a study of spring water life will be taken up by young naturalists from the Children's Museum of Boston on a field trip Friday morning at 10:15. Special studies of nature at first hand have been given every day this vacation week, with an illustrated lecture in the afternoon.

In preparation for the Bird Walk on Saturday morning at 8:00 a. m., the Friday afternoon talk will be "Birds of the Field, Forest, Farm and Fen." Much interest has been shown in the Bird Walks which leave the Children's Museum every Saturday morning at 8 a. m. and lead to nearby bird haunts.

These walks are open to children over 10 years of age. "Heroes and Patriots" is the subject for the Story Hour in the Museum lecture room for small children on Saturday morning at 10:30.

All about frogs and toads, with a motion picture showing the metamorphosis of a tadpole will be shown in the illustrated lecture on Saturday, April 21, at 3 p. m., entitled "The Spring Swamp Chorus."

During the current week the field trips are scheduled for 10:15 each morning, with an afternoon lecture each day at 3, according to Miss Mildred E. Manter, Director.

OLD KING COLE AND ALICE IN WONDERLAND

The children of the Newtons may meet Old King Cole and Alice in Wonderland with their retinues on Saturday afternoon, April 28, at Playsters' Hall, West Newton. The children of the North Bennett Street Industrial School of Boston will introduce them and will play and dance and make merry as they have for eleven years past. They bring a clean, wholesome, interesting afternoon of fun for the children and with the money which they earn assure some of their own good times this summer, for the proceeds of the entertainment help carry on the summer recreational of the North Bennett Street Industrial School in Boston.

The program is in charge of Miss Olive Mayer of Roslindale, Instructor of Dancing at the School, and Mrs. Henrietta C. Beaumont, Accompanist and Director of Play.

POP CONCERT

Through the public-spirited interest of a group of Newton Centre people, Bray Hall has been restored and will be reopened to the public May 11 and 12 with a joint pop concert by the Highland Glee Club and the Newton Symphony Orchestra.

These two musical organizations enjoy a high reputation throughout New England, and these pop concerts, like those which were given several years ago, will be welcomed by the community as highly enjoyable social occasions.

The groom was attended by Mr. Robert L. Haffermehl and his orchestra will furnish the music for dancing following the concerts.

BRINCKERHOFF-FABER

Mr. and Mrs. Frederick Beauregard Faber of Jackson, Minnesota, have announced the marriage of their daughter, Mary Henrietta, to Laurence Gordon Brinckerhoff, son of Mr. and Mrs. H. Gordon Brinckerhoff of Chestnut Hill, April fourteenth. The bride studied at the University of Minnesota with courses later at Columbia University, New York, while the groom is a graduate of Harvard, Class of '23 and the Mason Grammar and Phillips Exeter Academy, class of 1924. He is a member of the Brae Burn Country Club.

PINES SCHOOL

The Pines School, the graduate of the Sea Pines School. The groom attended Phillips Exeter Academy, class of 1924. He is a member of the Brae Burn Country Club.

N. D. S. S. A. TO MEET AT WATERTOWN

WOMAN'S ASSOCIATION OF CENTRAL CHURCH

The fair held at the home of Mrs. Charles R. Lynde, on Clyde street, proved a marked success. Friday, the 13th, sounded ominous, but perhaps the charms of four-leaved clovers, horseshoes and wishbones, which formed the decorations, may have dispelled the ill luck. Or it may have been the alluring character of the posters designed by Mrs. H. H. Lounsbury and Miss Faye Merrill. Undoubtedly the untiring efforts and wise care for detail of the chairman, Mrs. Robert Kelley, and the cordial hospitality of Mrs. Charles R. Lynde helped make the occasion propitious one.

Luncheon attracted 150 guests and it was a busy scene from 11 to 2 p. m. Later, afternoon tea was served. The tables of useful and fancy articles were very attractive and brought many purchasers. The amount netted will be over \$850 and will form a fund to pay the expenses of the association.

The "white elephant" table was a fascinating display, comprising a varied assortment, ranging from busts of Governor John A. Andrew and Homer to small pieces of brica-brac and china. Smaller living quarters may have been the cause of their owners parting with them. They will come to their own and be passed down in their new homes as valued heirlooms.

How popular were those "gold dust" containers which Miss Judith Andreas decorated so effectively. The demand for more of them will keep Miss Judith busy for some time. Mrs. Eddy contributed a beautiful bedspread, the 28th she has made, which had sufficient merit to be in the arts and crafts exhibition of the woman's club. There were all kinds of aprons, including the "flapper," and the supply was well-nigh exhausted, as these garments make a great appeal to the modern active, capable woman.

The fancy table had the most success financially, bringing in \$160. Potted plants of bright geraniums, gay color, and orders were taken for pottery.

The spirit of good fellowship and a closer acquaintance are results which will not soon be dispelled.

THE LIBRARY

The report of the Newton Free Library for last year shows a gratifying condition of affairs, so far as circulation and growth is concerned. Over 130,000 books are now in the main library and branches, a gain of over 4000 over the previous year, while over 555,000 books and periodicals were checked out, a 6 percent gain over the previous year and giving us a per capita circulation of ten, a figure which is rarely exceeded in the entire country.

The new branch libraries at Auburndale and Newton Centre did not enter into the year's report, but figures for the first quarter of 1928 indicate a rapid growth in circulation in both places.

ENGAGEMENT ANNOUNCED

From Worcester the announcement is made of the engagement of Miss Kathryn B. Howes, the daughter of Mr. and Mrs. Willard L. Howes, and Mr. Lincoln Alvord of Newton Centre, member of the firm of Alvord Bros. Miss Howes, who is a student at the Leland Powers School, is making her home with relatives, Mr. and Mrs. E. C. Bouve of Cypress street, Newton Centre. Mr. Alvord, Harvard, 1918, is the son of Mr. and Mrs. A. E. Alvord of 193 Ward street, Newton Centre, and during the war was a lieutenant in the aviation section of the Signal Corps. He is a member of the Harvard Club and of the Newton Centre Squash Tennis Club.

HUNNEWELL CLUB

The Nominating Committee has named the following officers for the coming year:

President, Freeman O. Stanley; Vice-President, Henry P. Curtiss; Secretary, Mason H. Stone; Treasurer, Harry L. Dexter.

Directors for two years—Harold Moore, H. Alfred Hansen, Elmer L. Ford.

Membership Committee—Dr. William Duncan Reid, Chairman; Harold M. Hallett, Alson H. Goodsell, Warren K. Brimblecom, Frank B. Cummings.

Auditing Committee—Thomas R. White, Chairman; J. Brooks Gilbert, Frank G. Dennison.

ON THE AIR

The last bridge of the season given by the Entertainment Committee of the Auburndale Club was held in the Lounge Monday afternoon. There were thirteen tables, presided over by Mrs. Winthrop A. Stockwell as chairman. Delicious refreshments were served and prizes awarded Mrs. Boyd, Mrs. E. L. Johnson, Mrs. Remer and Mrs. Ashley Wright.

BIDS OPENED

The following bids were received Wednesday by Street Commissioner George E. Stuart, on cement concrete work for the year 1928, for the Street Department:

James Chesarone, Newton Upper Falls, Mass., \$59,304.50; Simpson Bros. Corporation, 77 Summer street, Boston, Mass., \$61,725; Hervey F. Armington, Inc., Brookline, Mass., \$62,261; Otto A. Theurer, Watertown, Mass., \$52,436; Jenkins-Anderson Corporation, Boston, Mass., \$54,811.

The contract will be awarded later. The following bid was also received Wednesday by Street Commissioner George E. Stuart on tar concrete work for the year 1928: Hervey F. Armington, Inc., Brookline, Mass., \$12,290.

BOYS FIND SKELETON

Three young boys living in the Chestnut Hill section of Brookline, made a gresome find Tuesday morning while walking through the swampy area near Hammond Pond in that district. The land, which is owned by the Lowell estate, is about 300 yards removed from Boylston street and few travel over it. The boys found in the woods there the skeleton of a man and hastened to tell of the discovery to William Taft, Elevated starter at Chestnut Hill, who communicated with the Newton police. Medical Examiner Gallagher was notified and examined the remains. They were those of middle aged man, 6 feet

TWO DELIVERIES DAILY

THE ELIOT CHURCH of Newton

Ray A. Eusden, Minister

10:30 A. M. Morning service of worship

Rev. Albert J. Pitman,
Preacher

Newton

Mr. and Mrs. Henry Tolma returned last week from a winter's stay in Florida.

Mr. and Mrs. Fred A. Gay have returned from a stay at Altmont Springs, Fla.

The Channing Guild met Sunday afternoon at the home of Miss Phebe Alden on Fairmont avenue.

Vote next Tuesday for Anderson, Young and Wardner, who are favorable to Hoover for president.

At the morning service next Sunday at Channing Church Rev. John F. Theodore will be the speaker.

Mr. and Mrs. Joseph Smith and Miss Natalie Smith of Elmhurst road are spending the week at Elkins, N. H.

The Channing Guild will hold an "April Shower" bridge and dance next Friday evening in the church parlors.

Miss Lois Cone and her guest, Miss Alice Roak of Maine, are leaving today for a week in Washington, D. C.

The Greater Boston Sunday School Union held a meeting and dinner Monday evening in Channing Church parlors.

Miss Elizabeth Hains is an inmate of St. Mary's Hospital, where she is convalescent after a minor surgical operation.

Mr. and Mrs. Sidney R. Smith of Hunnewell avenue have returned from several months' stay at the Hotel Statler.

Mr. and Mrs. Elmer L. Gibbs of Hunnewell avenue are spending the week at their summer home in Manganet, Mass.

On the Hall street side of their store Moore & Moore have a most attractive window appropriate to the opening of the fishing season.

Mrs. Margaret L. Morton of Churchill street and Miss Elizabeth M. Eden of Playstead road sailed Saturday, April 14, for a vacation in Bermuda.

Members of the Newton Business Associates have had their places of business marked this week with attractive orange and black emblems. Give your trade to these up-to-date business men.

The Channing branch of the Women's Alliance will hold its annual meeting next Tuesday in Channing Church. The program includes a business meeting at 11 a. m., luncheon at 1 p. m., under direction of Miss Kate Howard and an address by Rev. Dr. A. L. Hudson, a former minister of this church at 2 p. m.

49 Elmwood St., Newton

Tel. New. No. 6380

Newton

Mr. and Mrs. S. Bayard Wilson and three children have returned to Newton after living for a short time in Ohio. They are staying temporarily at the Episcopal Rectory until they find a desirable location to make their home.

At the annual meeting last week of the Channing Branch of the Laymen's League R. B. Tyler was elected president; A. O'Connor, vice-president; Bruce R. Ware, treasurer; K. L. Watson, secretary, and William F. Garcelon, H. B. Stuart and E. W. Crawford, executive committee.

Auburndale

Mrs. D. D. Williams and daughter, Shirley, are in New York.

Miss Helen Hall of Windemere road is visiting in Washington, D. C.

Mr. and Mrs. Lowell MacNutt are spending the week at their farm in Bolton.

Mrs. Ernest L. Johnson of Ionia street entertained at bridge on Tuesday afternoon.

Mrs. J. Arthur Furbish and daughter are spending the week at their summer home on the Cape.

Vote next Tuesday for Anderson, Young and Wardner, who are favorable to Hoover for president.

The monthly meeting of the official board of the Centenary Church will be held Thursday evening.

The Search Light Club of the Congregational Church will hold an entertainment next Friday evening.

Mrs. Mildred Beardsley and Miss Ruth Ufford entertained at the Walham High School reunion Tuesday evening.

Mrs. Ralph Longden of the Central R. R. Signal Co. of Newton, has gone on a business trip to Chicago.

At the convention of the Boston District of the Epworth League held yesterday, Alexander Fraser was elected a vice-president.

Mrs. and Mrs. F. F. Davidson, who have been spending several weeks visiting their daughter, Mrs. J. Scott Rider and family, in California, have returned to their home on Woodland road.

All day Monday the ladies of the Auburn Club will hold a rummage sale in the clubhouse. The proceeds of the sale will go toward repairing and painting the clubhouse.

The girls of the Search Light Club are giving an entertainment Friday evening, April 27th. Cradle songs, pantomime and a Chinese play are the principal features.

The annual concert given by the Orphean Club, the chorus of Lasell Seminary, will be given at the clubhouse Wednesday evening at 8 o'clock. The public is invited without charge.

A bridge and whist party will be held at the residence of Mrs. Philip Bridgeman, Orchard avenue, Weston, on Saturday evening for the benefit of the Messiah Parish Hall Improvement Fund.

Announcement is made by Mrs. Eva E. Dow of Worcester, formerly of Auburndale, of the engagement of her daughter, Miss Katherine Dow, to Mr. Daniel Austin Howe, also of Worcester. No time has yet been decided upon for their marriage.

From figures just issued by the Newton Free Library, it is evident that the new branch library in this village was badly needed. The circulation of books in Auburndale for March, 1927, was 3066, jumping in March, 1928, to 6437, over 100 percent increase.

The Seaward Shoppe at 2086 Commonwealth avenue and Lexington street, has been recently reopened under new management and now carries a full line of gowns, hoseery, silk underwear, corsets and brassieres. Mrs. Seaward has had an ample experience in business in Winchester and elsewhere and is prepared to cater to the best class of trade.

CLARK—CHAMBERLAIN

The wedding of Miss Pauline Augusta Chamberlain, the daughter of Mr. and Mrs. Edward C. Chamberlain of Harvard street, Newtonville, and Rev. Wendell Justin Clark of Bridgeport, Conn., took place Tuesday evening in the Newtonville Methodist Church, which was attractively decorated with lilies and palms.

The ceremony was performed by Rev. A. D. Parker, minister of the church, the bride being given in marriage by her father.

The bridal gown was of satin backed crepe, cream color, with court train. Her cream tulle veil was fastened with lace head band and she carried a large spray of calla lilies.

Her sister, Miss Emily Louise Chamberlain, was maid of honor, and was in turquoise blue taffeta in period style with ermine lace and velvet trimmings and blue satin slippers to match. She carried a bouquet of lavender sweet peas and yellow roses.

The bridal group included these bridesmaids: the Misses Blanche O. Berry, Ruth Brown, Ruth Calder of Newtonville, and Gertrude Powdrell of Boston. They were gowned in orange peach taffeta in period style with crepe de chine in pastel shades with little caps.

The wedding was held at the home of Mrs. Helen Ward, 119 Wood End road.

Mrs. Hutchins of Portland, Me., is the guest of her parents, Mr. and Mrs. Hubert Dennis of Hyde street.

Mrs. George Salmon of Walnut street is at the home of Mrs. Schroeder on Lake avenue for a few weeks.

Holmes Whitmore has pitched in parts of three of the Harvard baseball games this season.

Mr. Vernon Lewis of Erie avenue has won recognition at Tech for his exceptionally high standing.

Vote next Tuesday for Anderson, Young and Wardner, who are favorable to Hoover for president.

This Friday afternoon the Reading Circle meets at the home of Mrs. Helen Ward, 119 Wood End road.

Mrs. Hutchins of Portland, Me., is the guest of her parents, Mr. and Mrs. Hubert Dennis of Hyde street.

Mrs. George Salmon of Walnut street is at the home of Mrs. Schroeder on Lake avenue for a few weeks.

Holmes Whitmore has pitched in parts of three of the Harvard baseball games this season.

Mr. Vernon Lewis of Erie avenue has won recognition at Tech for his exceptionally high standing.

Vote next Tuesday for Anderson, Young and Wardner, who are favorable to Hoover for president.

Designed with an eye to Beauty— Built to give you better Dry-Cleaning Service

*The Reception Room**The Things We Collect Today*

ACORDIAL invitation is extended to the people of Newton to visit this attractive little house which shelters an individual unit of the HOWES organization . . . a group of capable craftsmen who are working here in these pleasant surroundings to make that unusually efficient dry-cleaning service which has won us so many friends even more convenient and accessible for you.

We built this new plant to give high-grade, complete and rapid dry-cleaning service to the people of Newton. We built it in the form of a pretty little English cottage in order that it might in no way detract from the charm of its neighborhood.

Reliable, thorough dry-cleaning used to be a matter of a week or more. We succeeded in cutting down the time to three or four days. But, as our business has grown, it has become apparent that by having local plants we can give even better service to the people of the communities where they are situated . . . so we have "pioneered" in this direction, too, with this new establishment in your town.

Community Service Plant No. 2 of HOWES—
Dry Cleaners
1173 Washington St., Newton, Massachusetts
Telephone: West Newton 2100

A Corner of a Dressing Room Most Convenient for Changing into Freshly Cleaned Garments if You Wish.

The smart HOWES service-cars will still be ON YOUR STREET TWICE DAILY for collection and delivery. But now they will carry their burdens to this new plant where they will be checked in and inspected. Cleaning will be done at the main plant, after which your garments will be brought here for finishing and pressing, which means greater personal service and convenience to you. Buttons will be replaced where necessary, slight damages repaired,—everything will be made ready and returned to you in the shortest possible time.

Should you sometimes wish to call and change into the cleaned garments . . . you'll find attractive, comfortable dressing rooms right here in our new little "Cottage". We hope you'll use them . . . use any and all of the features of HOWES service . . . in short, let us take our place among you and make ourselves genuinely useful "citizens" of Newton.

WOMEN'S CLUB ACTIVITIES

Edited by EMMA D. COOLIDGE

COMING EVENTS

Waban Woman's Club

The Annual Meeting of the Waban Woman's Club will be held on Monday, April 23rd. Luncheon will be served at 1 o'clock in the Union Church Vestry. Mrs. Guy B. McKinney, Hostess, followed by annual reports and election of officers for the coming year. The custom of combining festivity and business, in closing the year's accounts, is a delightful one that is gaining popularity with more and more of the clubs in Newton yearly.

Monday Club

On the same date and at the same hour, Monday, the 23rd, at 1 o'clock, members of the Monday Club of Newton Highlands will have luncheon at Babson Manor, Wellesley, followed by the Annual Meeting, with its election and reports. Babson Park in the spring, especially if the season is advanced, is most attractive in setting. One of its fascinating points is the bird sanctuary, where may be found many birds that have been coaxed to confidence by friendly treatment. A trip to this spot, then, for a club is a most pleasing one for winding up affairs.

Newton Highlands C. L. S. C.

Miss Mary Hyde opens her house, 22 Floral street, for the Monday afternoon meeting of the C. L. S. C. of Newton Highlands, the 23rd, at 2:30 o'clock. Mrs. Andrew B. Wright will be in charge of the program, which will be a presentation of the "Best Current Poetry." This is the second program arranged in the series for the second part of the year, "Poetry and Music."

West Newton Women's Educational Club

The last meeting of the Travel Class for this year will be at the home of Mrs. William Richardson, 228 Highland avenue, West Newton, with Mrs. Alivah Jordan assisting the hostess. The date for this is Monday, April 23rd. Mrs. Ella Mason will give a paper on "Lakes of the United States." There will also be a paper on "Boston" by Mrs. Ethel Leach.

The annual meeting of this club will be held in the Unitarian Parish House on Friday, April 27th. An attractive luncheon will be served in the dining hall at 12:30 o'clock. The committee in charge consists of Mrs. Joseph McDonald, Mrs. John Shaw and Mrs. Clarence Angell, Chairman. It is hoped that any who are not able to attend the luncheon will plan to come to the Annual Meeting at 2:30. There will be the election of new officers and the annual reports of all officers and chairmen of committees. Mrs. Joseph Congdon, 12th district director, and Mrs. George Phipps, oldest member of the club, will be the guests of honor. Miss Hazel Hallett, pianist, will give a musical program. Miss Hallett is the winner of the prize given in Chicago by the National Federation of Music to young artists. Those who heard her last October realize what a treat is in store for them.

Shakespeare Club

The Shakespeare Club has two pleasurable festivities in the coming week. In celebration of the master dramatist for whom their club is named, and whose works they study, they will hold on April 23rd, Shakespeare's birthday, a Card Party, for the benefit of their Philanthropic Fund. This will be in the Workshop of the Newton Highlands Woman's Club, at 2 p.m., and the committee in charge of the affair, including the sale of tickets, which are the amazingly small price of 75 cents, is Mrs. Mildred Stratton, Mrs. H. W. Drew and Mrs. W. E. Moore.

On Saturday afternoon, the 28th, at 2:15 o'clock, the Club holds its Annual Meeting at the home of Mrs. Charles H. Keeler, 36 Oak terrace, and after reports and election of officers a social hour with refreshments will be enjoyed.

Newton Highlands Woman's Club

The party will be back in Newton by 12:30, so that those who have to be home for luncheon with their children will have ample time.

Please notify Mrs. Ralph C. Henry, N. N. 2582-M, not later than Saturday morning, April 23rd, so that a sufficient number of cars may be provided.

She also announces classes in Tennis and Nature Study, as the Playground Department stands ready to furnish the Women's Clubs and others of Newton with instruction in tennis and nature study, if a sufficient number desire it. The regular instructor in tennis will begin classes about the middle of June, but players can begin as soon as the courts are ready by making special arrangements with Mr. Hermann. They can have the courts practically to themselves in the mornings until the summer school vacation begins.

Mr. Hermann also stands ready to obtain a teacher in nature study, if we clubwomen would like to take it up. In order to make it worth while a sufficient number must apply and be ready to attend with some degree of regularity.

These are great opportunities which it would be hard to duplicate in any other city, especially as they may be had without cost to the Clubs. Apply to Mrs. Ralph C. Henry, N. N. 2582-M.

Newton Centre Woman's Club

The Executive Board meeting for the Newton Federation for April will be held at the Technical High School, Newtonville, in the library, on Tuesday afternoon, April 24th, at 2:30 o'clock. This is the last board meeting before the Annual Meeting, and all delegates should attend. Club women are also welcome at these meetings.

At this time too, Club women are reminded that Mrs. Frank A. Campbell of 281 Jackson street, Newton Highlands, chairman of the Social Committee, will greatly appreciate early order of tickets for the luncheon which will be held on the day of the Annual Meeting, May 1st.

Auburndale Review Club

Tuesday morning, the 24th, the members of the Auburndale Review Club, including the Waiting List, will go to the Babson Park Inn for their Annual Meeting. There will be the regular annual reports from the various chairmen, election of officers and luncheon, after which the Program Committee will furnish amusement of some kind, the nature of which they have not divulged.

Social Science Club

The annual meeting of the Social Science Club will be held at the Brae Burn Country Club, Wednesday morning, the 25th, at 10:45. After the business meeting luncheon will be served.

State Federation

RADIO. Alice Allen Drayton, chairman of the Department of Music is to broadcast a talk on "Women in Music" at WNAC next Wednesday morning at 10:30 o'clock. This will be followed by a musical, including a group of songs interpreted by Eleanor M. Boynton, Soprano, piano selections by Mrs. Drayton, and trombone solos contributed by Belle Eaton Mann.

Liseners may tune-in at 11:30 o'clock for a broadcast by Mrs. Henry M. Chamberlain, chairman of Art, who is to tell of the Development of Taste."

Newton Circle, Inc.

The Annual Card Party of the Newton Circle, Inc. will be held at the Girls' City Club April 25th, at 2:30. Tickets may be had through Mrs. D. M. Lodge, Mrs. C. Clinton Brown, both of Newton; and Miss Margaret Cobb, Ivy street, Brookline. The annual meeting of the circle will be held at the Florence Crittenton Home, Oak square, on April 27th, at 2:30 p. m. Sanford Bates, State Commissioner of Institutions, will be the speaker.

Boston Woman's Civics Club

Newton members of the Boston Woman's Civics Club are notified of their Annual Meeting, which comes on Wednesday, April 25th, at the Hotel Brunswick, Boston at 2 o'clock promptly. This day of reports and election of officers for the coming year is made a gala one by combining it with Presidents' Day, and for the honored guests a most pleasurable program has been arranged. Mrs. Blanche C. Martin will give a dramatic reading on that popular story, "If I Were King," and Mrs. Mina Del Castillo has planned special music.

Newton Community Club

The Newton Community Club held the regular meeting in the Underwood School Hall on April 12th. Mrs. Harry W. Flits presided. After the report of the last meeting and a few announcements the meeting was handed over to Mrs. James A. Moyer, chairman of the Music Committee.

(Continued on Page 15)

The next meeting of the Newton Community Club will be on Thursday, April 26th, at 2:30 o'clock, in Underwood School Hall, and will be the last meeting of the season. The business will include the election of officers and annual reports of officers and chairmen of standing committees. Annual dues are payable at this meeting.

Mrs. Ralph C. Henry, of the Public Health Committee of the Newton Community Club, makes two interesting announcements of outdoor features, one for a special day, and one that will be enjoyed for many summer days.

On Monday, April 23rd, at 10 a. m., those who wish to hike will meet at Eldridge street, outside of Underwood School, where cars will be waiting to take them to Charles River Village for a hike over the hills of Dover. This is an unusually beautiful countryside, where among the hills of Dover, the Appalachian Club and the Boy Scouts both maintain camps. This is just the walk to put one in trim for the May 3rd climb of Prospect Hill. No one can afford to miss it, bearing in mind also the Wachusett trip and, finally, the Chocorua climb.

Before You Close House for the Summer

... there will be that final clean-up package you will want laundered.

Just bundle up all the soiled articles about the house. Stains and dirt are injurious if left in garments for any length of time.

If you wish this final package delivered at your shore address, prompt delivery will be made by our shore salesman. If away at the mountains or country, it can be mailed Parcel Post. Or we will hold it until your return.

Anything to make our service pleasant and convenient for you!

ONE THING AND ANOTHER

By L. D. G. BENTLEY

THE OBSTINATE LATCH

I trust I am not fussy, unreasonable, exact, or fail to think of others, with courtesy and tact; if soon in Newton Corner a new place should be found to locate the Post Office and keep it safe and sound—I offer no suggestions, but this I do implore—Have one where without struggle, One may shut and close the door.

After attending the opening performance of the Philadelphia Rice Players at the Newton Opera House I am convinced that the dramatic committee of the Y. W. C. A. has not only planned a profitable enterprise in arranging a series of plays each week by this splendid company, but has given Newton people assurance of a rare treat in the line of popular entertainment.

The presentation of "The Intimate Strangers," a three-act comedy, by Booth Tarkington, was ample proof to me of the ability of the performers who are in many ways more pleasing than the average stock company. Their work reveals, among other things, intelligence, sincerity, and a refreshing naturalness.

People go to the theatre to be amused, but some of them find additional satisfaction in observing the skilled portrayal of a difficult characterization and the deft interpretation of the author's lines. To me the Philadelphia Rice Players meet the demands of all playgoers.

A list of the Saturday evening performances planned for the next five weeks—"Kempy," "Cousin Kate," "Three Wise Fools," "Mary's Other Husband" and "The Wren"—shows an admirable selection. There isn't one on that list that doesn't command general interest. There is no attempt to foist "high brow" dramas on the public; neither are there commercial concessions to the moronic tastes. Rather a happy solution—the kind of plays from which everybody derives laughter and diversion and a thorough appreciation of stage values.

These performers have good voices and know how to use them; their enunciation is excellent, their work finished and they prove their artistry by their evident enjoyment of their work. The staging is simple but adequate, for, after all, it is the acting and not the trapping that count.

I should like to take this opportunity to commend the Y. W. C. A. The good-sized audience last Saturday night was plainly enthusiastic. Tomorrow night should see the theatre completely filled. Newton people who did not attend will miss something. Personally, I am looking forward to them.

There have been put before us through the daily newspapers of some striking examples of caustic correspondence. One man writes another telling him what he thinks of him and where he "gets off." Then the other replies in a similar vein, only with more venom or vitriol. Although it should stop there it doesn't. Another and a "hotter" exchange is certain to follow. Readers seek eagerly for the next edition to devour the latest "slam," and the carnival of letter-writing continues, while the newspaper-reading public chortles and chuckles.

Now it so happens that there are men, and women, too, who thrive on publicity and who are satisfied to get their letters printed and thus put before the people. They go as far as they dare, or at least as far as they think the editor would dare go and not violate the law of libel. But these people have a motive and that is to get into the limelight. Therefore, a certain percentage of their bitterness may be discounted.

With personal letter-writing the case is different. I mean by that the individual who gives vent to his feelings in a letter which he never intends shall see the light of day in the newspapers and is asking no more than to have the recipient sit down in the corner, read the letter and writhe in agony. He hopes that it will give to the other a "bad half-hour" and worse.

The question is, however, whether the man who writes a vicious letter isn't fooling himself a little. He knows his own state of mind and thinks he knows what is going on in the mind of the man he assails. But does it always work that way? Isn't the man who writes getting more kick out of it than his adversary?

There can be no philosophy about this, except that it is useless to burn up a few sheets of paper for the sake of getting something off one's chest. I may say that it is stupid to write and equally stupid to make a hectic reply.

It happened recently that a number of men in public life were discussing the relative value, if any, of these stinging letters. I chanced to be present and noted with interest what they had to say. One man observed: "I know a friend of mine who used to find great delight in exhorting somebody he felt needed to be flayed. He would dash off reams of well-written criticism and rush out and mail it before the ink was dry."

"Well, one day he went too far. He tackled somebody with nerve enough to pick him up on it, and the result was a suit for slander which cost him several thousand dollars. After that he subsided. He didn't stop writing letters, because that was the way he had of freeing his mind and the only way he found to be satisfactory. But he never mailed these letters."

"Sounds foolish, but, after all, I think it rather a good idea. This man, if he has something he wants to say, and knows it should not be written in a letter, sits down at night, writes the letter and then leaves it on the table in his 'den' with orders that if he passes out in the night the letter is to be destroyed. When he gets up in the morning and finds the letter he reads it, has a good laugh at himself and tears it in shreds and throws it in the waste-basket."

At this point a member of the group spoke up with: "I know of a man who can't resist the impulse to write caustic letters, but who lets them wait for two or three days to see if he can't cool himself off."

There seems to me to be a lesson in this whole business, and I think that recent events have shown it. A friend of mine, who occupies a position which brings his name before the public on frequent occasions, summarized my thoughts on the subject.

Referring to one of those stinging letters that had appeared in the press, I asked: "Have you read it?"

He replied that he had, smiling as he did so.

"What do you think of it?" I persisted.

"That was a fine letter to write—and tear up," came the significant reply.

The sand-blasters are busy outside my window. No, they do not represent a species of bird but are human beings who go aloft and roost on sills almost with the indifference of pigeons. This particular flock is busy on the outer walls of the Bulfinch front of the State House. This explains my intimate knowledge of their activity.

Personal reference and allusion are of no consequence in this matter, however. I am wondering what the people of Massachusetts will say when the sand-blasters have finished their work. They must be through by May 24, for their contract with the Commonwealth calls for that. I am sure they will beat the record, judged by their intensive methods.

The question resolves itself into this: How are we going to like having a red brick central building, with white marble wings for the Massachusetts capitol on Beacon Hill? Please don't get an idea that the situation is a humorous one. It is as serious as anything that ever confronted the artistic sense of our citizens. Remember, folks, you have got to look at it. Whether it will be an eye strain or an eye treat to see the red brick Bulfinch front as it was 130 years ago remains to be learned.

You know how the Old South Meeting House, at Milk and Washington streets, appears, and the Park Street Church and the Old State House—well, shall you enjoy the building that is mounted by the gilded dome in its original state or not? The problem of keeping the white bricks painted white is a difficult one. The paint doesn't stay white and looks drab and dirty. Nevertheless we are going to have a chance to determine what the result will be. Should the Governor and Council decide to allow the Bulfinch front to remain of the original red brick there will have to be a new lot of picture postcards printed. Furthermore, photographers and painters of canvas and water color will have a busy summer regardless of the conclusions that are reached. We are certain to see the Bulfinch front restored long enough for all citizens to view it, which, I submit, is going to be something to look forward to.

I have been wondering just what we could do to show our appreciation of the new letter boxes. Had I known that the change was to have been made I should have written to Washington and exerted what small amount of political influence I possess to obtain one of the old boxes as a keepsake. Not that it would arouse any sentimental interest, for the letters we send are not half as interesting as those we receive. No, I should preserve one of the old boxes, if I had it, to add to my collection of antiques. The boxes that the Post Office Department has caused to be removed were manufactured sometime after the French and Indian War, and not very long after, as I view them. Anyway, I am glad they are gone and I rejoice that new and larger boxes ornament street corners here and there.

The new boxes seem to be built heavier than their predecessors. I venture to say that it takes more muscle to lift the lids. However, the boxes are roomier and one may place long envelopes in the slot without squeezing them. The new color is a shade of green that does not appeal to me, for I always thought the dark green more artistic. That, of course, is a subject for painters and should be taken up by those who merely critique and have no genius.

I wonder if I am right in assuming that the Post Office Department expects us to write more letters now that we have new and larger boxes? We are told to drink more milk, eat more bread, bananas, cranberries, and such food, so why should not the Federal Government urge us to buy more stamps?

The new boxes will be easier to lean against, providing, as they do, a firmer support than the older boxes, which fact should not fall of appreciation by those who hang around street corners. It may have been this demand that has brought them into existence. I think I shall look into the subject further and endeavor at some future date to make a report for my readers.

BENEFIT BRIDGE

The Community Service Committee, Newton Post, will hold a Benefit of the American Legion Auxiliary, Bridge for the scholarship fund at Elks Hall, Newton, on Friday evening, April 27, at 8 o'clock. Mrs. Grace C. Carey is chairman of the committee in charge.

Automobile Accidents Discussed In Radio Talk

Captain George A. Parker, Registrar of Motor Vehicles for the State, made his initial appearance before the microphone recently, under the auspices of the Automobile Legal Association. Captain Parker said:

We have in Massachusetts some 828,000 motor vehicle registrations, and in the summer months this number is greatly augmented by visitors who are here for varying lengths of time.

As we all know, motor traffic is becoming denser, and its problems more complex and difficult. Accidents connected with the operation of automobiles, while not increasing in the same rate of registrations, clearly show we are still far from the security to which travelers are entitled while on our highways. More numbers alone make the problem of the safe operation of motor vehicles of great public importance.

The situation must be carefully studied in an effort to reach a solution whereby we can guarantee safety to all those who use our ways. It is my intention now to treat only some common dangers and conditions which affect the usual driver, as it is obviously impossible to cover the whole subject of highway safety at one time.

A doctor, in treating a patient, always tries to establish the cause of the ailment. So must those who are trying to cure the body politic of the ailment of needless manslaughter on our roads. To do this we must analyze accidents as reported, to see why they happen.

In 1927, 693 persons were killed needlessly on our highways, and 63 percent, or 419 of these, were killed as a result of operating too fast for conditions—in other words, because car operators used unreasonable haste and allowed their own selfish wishes and desires to overcome common sense, even so far as to cause death. If operators will remember always to drive at a speed allowing complete control, so that, no matter what may happen, they can escape injury to themselves and others, one of these great highway dangers, "speed," will be removed.

Another leading cause for accident and death is inattention; namely, lack of alertness and failure to attend to the business in hand, safe operation. Nothing should be allowed to interfere with the driver's careful and alert attention to his car. Turning around to speak to those in the rear seat, taking your eyes from the road, failure to look for children and pedestrians, lighting cigarettes and many seemingly safe acts take your mind off your job and must be avoided, as they mean accidents and possible death.

The saddest fact about highway death and accident is that the majority of the victims are children between two and ten, and elderly persons walking on our streets. While accidents when children are killed are not always the fault of the motorist, and the responsibility must in some measure rest with their parents or guardians, any decent person should operate his car so he can avoid any harm to others, and so that his acts can in no wise be considered as contributing to the accident. Last year 136 children were killed while darting in front of automobiles. Drivers must so operate their cars when they see children about that they won't be hurt. Children of tender years cannot be considered as responsible for their actions. Operators of motor vehicles are so considered, and should govern themselves accordingly.

It appears from the experience of the authorities in this state, as well as elsewhere, that there are certain definite "danger hours" during which most accidents happen. The most important "danger hours" are from 5 to 7 P. M. This is the time when more pedestrians are on our streets, when people are tired from the day's work and in a hurry to get home, and when outdoors are more apt to be playing outdoors. Remember these hours.

The reckless or drunken driver must be taken from the road, and these criminals can and should be dealt with only as such. They are hazards of the highway which no driver or pedestrian should have to face. It is only by constant vigilance and strict enforcement of the provisions of the law that they can be kept under control, and they cannot be dealt with, or considered in connection with the average car operator. They are in a class by themselves.

It has been my intention briefly to call to your notice the magnitude of the problem of highway safety, and some of the dangers and causes of accidents, which, as shown by our experience, face the average driver, who comes in no way in the class of the true criminal; though he, through selfishness, carelessness, inattention and disregard of others as well as himself, may cause as much suffering and pain as the real criminal. Drivers must understand they have been granted a privilege by their state to operate a machine which can in an instant become a death-dealing instrument, and should be careful not to abuse this privilege.

Always think of what the other person may do and be prepared to protect yourself and others from harm. Remember permanent injury or death is more serious than a few moments of time or even the loss of important business.

There is no reason why the operator of a motor vehicle should not take time enough to look into the facts connected with accidents, and learn what is expected of him, be prepared for every emergency of highway travel and face his definite duty to his fellow man, so that at least, so far as he may be concerned, no harm will come to others. A little thought and attention to his car equipment from time to time and constant thought of his responsibilities, must be expected of him.

The record of our Massachusetts drivers is getting better, but still is far from what it should be; otherwise 693 people would not have been killed last year. Everyone must use his best efforts to stop this needless slaughter. Don't take chances.

ROTARY CLUB

Mr. W. Mark Noble, Jr., a member of the club was the speaker at the usual Monday luncheon this week of the Newton Rotary Club, held at the Woodland Golf Club. Mr. Noble spoke on the rather unusual topic of corporation financing. In a very clear, concise manner, he explained the difference between partnership and corporation ownership and the different methods—bonds, preferred stock and common stock—of financing the needs of a corporation. He advised careful inspection of preferred stock, in order that the reason for its preference might be understood. Some preferred stock merely calls for dividends before the common stock, while other preferred stocks give a preference to the assets in case of failure. Mortgage bonds should be investigated to learn if further bonds could be issued, thereby lessening the value of the collateral while others might be affected by underlying rights. Debentures, collateral trust and convertible bonds were also carefully explained. Mr. Noble's talk was greatly appreciated.

JUST MEMORIES

I wonder how many of the members of the class who attended the Pierce School in West Newton over fifty years ago are still living in the Newtons—if they are many or few I salute them!

Do you recall Mr. Levi Warren and his wife who patiently and with great success prepared the young minds for the Higher Education? Do you remember The Allen School for boys conducted by those four fine gentlemen, Messrs. Nathaniel, George, James and Joseph Allen? Do you remember the little hall connected with that school building where we were taught to dance, courtesy and deport ourselves in the most approved manner? Can you recall the Congregational Church where the Rev. Mr. Patrick preached for so many, many years? Do you remember his portly figure and his face full of benevolence for all the procession of boys from the Pierce Farm School passing to the church every Sunday? This school was on the corner of Chestnut and Fuller streets. It is not in existence now, the building has been razed and a finer residence has there been erected. Do you recall the Unitarian Church where the Rev. Francis Tiffany administered to our spiritual wants for so many years? Then came the Rev. Mr. Janes and the beautiful church was built on the corner of Highland and Washington streets on the old site of the Messrs. Allens' School. Do you remember our physicians, Dr. Whitney, Dr. Crockett and later Dr. Thayer? Do you remember walking up the hill to get the beautiful flowers at Mrs. Wood's? How she seemed to be able to get the best results from all plants! Later, I am sure you will easily recall, when the Women's Club Monument started, how proud we all were of Mrs. Walton, who was the pioneer worker of the Club life in the Newtons. So many delightful memories of a blessed little community!

Newton Central Council

The Annual Meeting of the Newton Central Council will be held on Friday, May 4, at 7:45 p.m., in the Bonnar-Atwood Studio, 90 Bowers street (opposite the railroad station), Newtonville.

There will be brief reports and election of officers. The theme for the evening will be "All-Newton versus the Newtons." Five minute reports from Mayor Childs and the various Civic Organizations of the Council, Chamber of Commerce, Kiwanis and Rotary Clubs, Town Improvement Associations, Men's Clubs, American Legion and Newton Federation of Women's Clubs, will be given by a discussion of city-wide interests: such as Industrial Conditions, Newton's Tercentenary Celebration, Soldiers' Memorial and Good Government Associations.

All interested in Newton affairs are cordially invited to attend this meeting and take part in the discussion. Reports of the Boy and Girl Life Study will be distributed.

A social hour, with light refreshments, will follow the program.

RUMMAGE SALE

Rummage Sale to be held Friday and Saturday, April 27 and 28, from 10 a.m. to 4 p.m. at 221 Washington street, Newton, opposite the fire house. Any donations will be very gratefully received by the Sarah Hull Chapter for whose benefit the sale is being held.

EMBASSY THEATRE

Two all-feature programs will be offered the week of April 23 by the Embassy, Waltham's Wonder Theatre in addition to a special Sunday night concert (April 22). The Sunday concert includes "Tea for Three" with Lew Cody and Irene Pringle, Our Gang Comedy and a big all-star vaudeville program. There will be other film features.

William Haines in "West Point" with Joan Crawford will be the feature photoplay for Monday, Tuesday and Wednesday. The picture was filmed at West Point through the cooperation of the government.

The vaudeville will be headed by the Dunbar Collegians. This aggregation of nine persons has won fame by its singing and dancing specialties and is considered one of the biggest vaudeville attractions. There will be four other star vaudeville acts, in addition to the news-reel and Topics of the Day.

Beginning Thursday the feature photo play will be "The Phantom of the Turf," an exciting picture with Helene Costello supported by an all-star cast.

The vaudeville will be headed by Maihoun-Scott revue. This big musical sensation is a fast, colorful dancing flash. Four other vaudeville acts will complete the vaudeville bill, while a comedy has been added to the film fare.

The musical program at all performances will include Ray Stewart's Broadcasting Orchestra and the selections of the Klingen Organ.

THE PHIDELAH RICE PLAYERS

Despite the downpour of a succession of April showers, a large and representative audience gathered in the Newton Opera House last Saturday night to witness the first of a series of plays to be presented by the Phidela Rice Players.

Booth Tarkington's Intimate Strangers was the comedy of the evening and though the players were strangers to most of the audience, at the final curtain they felt that they had become quite intimate, so prompt was the response to the witty lines of the play and so deft the touch of the players in their characterization of their parts.

The play sets forth the tale of a charming lady and a gallant gentleman marooned in a country railway station by spring floods, how these strangers became intimate, and what happened next. The charming lady, Isobel, delightfully portrayed by Evelyn True, shared the chief honors with the gallant gentleman, Ames, played most acceptably by George William Smith, who just before the last act, stepped off of his part for a pleasantly brief word of greeting from the players to the audience. The typical Tarkington "adolescents," Florence and Johnny White, were done to the life by Elizabeth Hunt and Clinton Sundberg and drew forth many appreciative chuckles. The lesser parts, the country Station Master of John Hines, the Aunt Ellen in cap and black silk gown of Dorothy Rolfe, and the chore boy, Henry, of Wallace Acton were played with a finish which helped to make the performance a well rounded whole.

The Rice Players are sponsored by the Newton Y. W. C. A. and a group from the Blue Triangle Club in crisp pink organdy gowns served as ushers and sold candy between the acts. Mrs. Marshall Dohler, as head usher, was assisted by the Misses Martha Boothby, Margaret Bowers, Helen Nagel, Alta Blakely, Emily Dohler, Evelyn Reid and Helen Achorn. Mrs. Diana C. Hadden at the piano before the rising of the curtain and during the entr'actes by her talented playing added much to the pleasure of the occasion. Thanks are due to the Fox Furniture Co. for the loan of stage furniture and to the Anderson Conservatory for potted plants.

The Newton Y. W. C. A. is greatly pleased at the success of this first performance and hopes that all who enjoyed it will give a good report and bring other friends to see "Kempy," a comedy of American life in which Grant Mitchell made one of his great successes, on Saturday, April 21.

PARKING

Editor, Newton Graphic:

As parking is always an open question perhaps you can spare space for a few more lines on the subject. Let us ask two questions before we proceed:

(1) Why will any business man park his car all day long in front of his place of business, just where he would expect his customers to park for a few minutes while in his store or nearby ones?

(2) Why does the police department allow all day parking in busy squares when at times it is hard to keep traffic moving at all?

It would seem that this matter had been overlooked in the making of traffic rules. Surely we should not put all the burden on the new comer, let us take part of it ourselves. Many people complain they cannot find parking space in our square at times when they wish to trade. Newton Corner square is a problem and so will remain. What brave one would advocate buying the bank building there, remove it and with the possible exception of a small grass plot on which to place Newton's monument to the veterans of the late war, leave the square the space it needs for present day traffic.

WALTER CHAPMAN,
16 Lincoln street.

BIDS OPENED

The following is a list of bids received Thursday at 11 o'clock by Street Commissioner George E. Stuart for furnishing the City of Newton, Street Department, with granite edging stones for the year 1928:

H. E. Fletcher Company, West Chelmsford, Mass., \$7396.67; L. P. Palmer, Granitewood, Mass., \$8080.00; T. H. McVey, Brighton, Mass., \$710.

The contract will be awarded later to the lowest bidder, H. E. Fletcher, Company, West Chelmsford, Mass.

THE LORING MEMORIAL

Plans have been made by a committee of St. John's Church of Newtonville, for a memorial to the late Rev. Richard T. Loring, the rector for 27 years. The memorial will take the form of a tablet and has been designed and executed by Irving and Casson. It is of oak, richly carved and bears the inscription, "To the Glory of God and in loving memory of Richard Tuttle Loring, born September 23, 1868, founder of this parish and for twenty-seven years its beloved rector. Entered into rest March 8, 1926. The Good Shepherd giveth his life for the sheep." The committee consisted of James C. Irwin, Donald E. Rust and George R. Kraber.

DEATH OF FORMER RESIDENT

Mrs. Ellen H. Patten, 83, the wife of Christopher C. Patten, died early Friday morning at her home, 155 Bay street, Springfield, Mass. She was born in Brooklyn, N. Y., August 9th, 1844, the daughter of William B. and Mary A. (Williams) Higgins, and had made her home in Newton for many years, going to Springfield seven years ago. Beside her husband, she is survived by four daughters, Mrs. F. C. Drake of Brockton, Mass., Mrs. P. H. Thomas of Upper Montclair, N. J., Miss Ruth Patten of New York City, and Miss Louise Patten of this city. Mrs. Patten was a member of the First Baptist Church of Newton. Services were held at the Parlors of the Dickinson-Street Company, Springfield, Mass., on Saturday and the funeral was held on Sunday at 2:30 p.m. at the chapel in the Newton Cemetery, where the burial took place in the family lot.

Newton's

Civic Centre

will be beautifully developed within a few years

near the Beaumont Estates

yet this ideal home neighborhood is far enough away from busy traffic thoroughfares to assure desired quiet.

We will gladly show you the excellent home sites there.

DEATH OF MR. HUTCHINSON

WEST NEWTON GIRL KILLED

Mr. Waldo B. Hutchinson, who died suddenly last Saturday at his home on Washington street, Auburndale, was born in Newton 50 years ago. Mr. Hutchinson was identified with newspaper work and the printing business and at one time was connected with the White Mountain Echo and the Wareham Courier.

Mr. Hutchinson was a member of the Masonic Lodge at Littleton, N. H., and of Aleppo Temple, Mystic Shrine. He was one of the charter members of the Lotus Club of Wareham. Besides his widow, formerly Miss Hattie Underwood of Littleton, N. H., he leaves twin sons, Waldo B. Jr., and Wendell and a daughter, Miss Ruth. He also leaves his mother, Mrs. George Hutchinson of 306 Newbury street, Boston.

Funeral services were held from his late home on Monday. Rev. Percival M. Wood, rector of the Church of the Messiah, officiating and the remains were cremated at Mt. Auburn.

DEATH OF OLD RESIDENT

Mr. Arthur H. Wiggin, for many years a well known and much respected resident of Auburndale, died last Friday at his home on Bourne street, after a short illness. For the past thirty years Mr. Wiggin has been a court officer at the Cambridge court house. Previous to that he was employed on the B. & A. railroad for twenty-five years.

He is survived by one son, Walter D. Wiggin of Miami, Florida. The funeral services on Monday afternoon was attended by Sheriff Fairbank and other court officials. The burial was in the Newton Cemetery.

JAMES N. POTTER

James N. Potter of 474 Albemarle road, West Newton, died at the Peter Bent Brigham Hospital on April 17 following a long illness. He was born 54 years ago at Hallowell, Maine, and for 15 years had taught in the Vocational School at Newtonville, for the past 10 years being in charge of the machine shop. He is survived by his wife and four children, Mrs. Stanley Boyd, Miss Lois, Stanley and Walter Potter, all of West Newton. His funeral service is being held at Masonic Temple, Newtonville this afternoon. The services are being conducted by Fraternity Lodge, of which Mr. Potter was Senior Deacon. Burial will be in Newton cemetery.

AUTO ACCIDENTS

Automobiles driven by Henry Stone of 90 Adella avenue, West Newton, and Joseph Fried of 59 Cook street, Newton, collided at Watertown and Cross streets, West Newton, on Friday night. Both cars were considerably damaged and Stone suffered severe bruises about the body.

An auto containing four young men and women from Newton collided at midnight last Thursday with a Boston Elevated car at the corner of Stuart and Berkeley streets, Boston. The auto was wrecked and its four occupants injured. Lewis DeCourcey of Woodrow avenue, Newtonville, received cuts on the face and shoulder. Charles W. Burns of Newtonville suffered a cut on his left arm. May Terrio of Faxon street received a cut on the abdomen, and Helen Madden of 192 Lowell avenue, Newtonton, suffered from shock. They were taken to the Boston City Hospital for treatment.

THE VILLAGE PLAYERS

The Village Players of Newton Center, gave its tenth presentation on Thursday and Friday evenings of last week in the Unitarian parish house. The three-act play selected was "Mrs. Partidge Presents" and the cast included Mrs. F. Harmon Curtis, Walter R. Holmes, Priscilla Stuart, Norman B. Powers, Mollie V. R. Draper, Barbara Crossley, Ralph Stuart, A. Stephen Pierce, Hannah L. Bond, Mrs. Montague P. Ford, Robert Blodgett, Asa Fisk, Helen Rugg Blodgett.

Music was rendered by Ione Coy, violin and Madeline Meredith, piano. Hugh W. Towne was the coach. Mrs. E. C. Sands and Mrs. M. P. Ford, had charge of the stage and Miss Priscilla Ordway the properties.

Work Guaranteed

"although the Hamilton School will soon be in its new location and the danger to school children removed largely, as those favoring the petition claim, the menace to automobiles and street cars continues." A vote was then taken on accepting the favorable report of the Licenses Committee to grant a station permit to Cashman & Ginsberg and the report was rejected 13 to 8. Those voting in favor were Aldermen Gordon, Heathcote, Noone, Greenbenster, Woodcock, Temperley, Hawkins, Holbrook, Lincoln, Murray, Pratt, Weeks and Worth.

This matter having been finished (for the present) the report of the committee on the Bourne petition was announced. Alderman Powers stated that in view of the "loose talk" which has been going on in the city by persons who had been criticizing the granting of filling station permits and who have been casting aspersions at the aldermen, he deemed it expedient, in view of the fact that he was the only member of the committee favoring this petition, to explain his action regarding it. He remarked that the high bluff near the junction of Washington and Hamilton streets does cause a certain vehicular traffic hazard in connection with a filling station at the Cashman & Ginsberg locus, but

the building of the new Wales street bridge will divert much of the traffic from Washington street by Lower Falls business section and appreciably lessen any danger which might exist. The Bourne locus on the opposite side of Washington street, near Cashman & Ginsberg's site is located on the outside of the curve, can be easily seen by traffic approaching from either direction, and is more dangerous from the standpoint of traffic safety than the other site."

Alderman Noone criticised the Board for voting down the report of the Licenses Committee when but one member of it voted against the Cashman & Ginsberg petition, when all three aldermen from Ward 4 favored it and when practically all the residents of Lower Falls have asked that this petition be granted. Alderman Gallagher rebuked the Licenses Com-

mittee for favoring the Cashman & Ginsberg petition and turning down that of Bourne when the latter is by far the safer site for a filling station. He stated that his opposition to the Cashman & Ginsberg petition is not because of danger but because the city will some day have to take the site to widen Washington street. He accused the committee of discrimination and suggested it explain its peculiar treatment of the two petitions. Alderman Noone denied that the committee had shown discrimination and justified the adverse report on the Bourne petition because 85% of the residents of Lower Falls opposed this petition on account of the fact that the only sidewalk along Washington street at this point is at that side of the street.

Alderman Temperley resented Mr. Gallagher's rebuke of the committee

for its alleged inconsistency. Alderman Heathcote questioned Chairman Hawkins of the committee regarding a right of way across the Bourne locus which he claimed would effectively

prevent a station being located there. A vote was taken on the report of the committee granting leave to withdraw to the Bourne petition. It was carried—Alderman Powers being the only member to vote in the negative.

Long Oration Spoiled Evening for Senator

A prominent man in public life—a senator, it may be said without fear of embarrassing him—was the principal speaker at a recent banquet. More than that—he was the victim of one of those persons whose duty it is to speak as curtain-raiser to the main attraction of the evening and who forgets himself in his own flow of oratory.

He went on and on and the reporters were getting restless and worried about making the final editions with the principal speaker's important talk. Finally, the senator handed a reporter a message: "How long can you men wait?" He was given the time and then asked in a message how long the gentleman speaking was going to hold the floor. He courteously replied—for it can again be safely said that the curtain-raiser was also a member of the upper house of congress—that he thought he would speak only 20 minutes longer. Time went on and the speaker went on, and when it became apparent that he would go on for some time longer, the gentlemen of the press received another note from the important senator. It read: "All prophecies are withdrawn."—Philadelphia Record.

Joys of Exploration Found in Adventure

One is often asked what is the art of travel and what are the joys of polar exploration. The answer is—Adventure—going where man has never gone before. Achievement—discovering something of value to mankind such as the whale-fishery of South Georgia; or ramming your way through ice or any difficulties under steam or sail. The wonderful pure beauty of these regions . . . and last, but not least—comradeship—the comradeship of men. Men who fight alongside you, roll with you, laugh with you, and chaff you . . . Pals who stand by each other through thick and thin; who share trials, hardships, joys, dangers and food and are determined, at all hazards, to "see it through" together. For such men feel a great affection, and the results are teamwork and loyalty of the finest highest quality, with joy of memory that never fades away.—From "Under Sail in the Frozen North," by Commander F. A. Worley.

Beauty From the Beast

What so free, do you think, as a reptile gliding along in its own Southern swamp? Yet ever wild creatures are being trapped and killed and made into leather shoes.

The tanning of a reptile's skin is accomplished by means of secret mixtures known only to manufacturers. English and Dutch merchants first put on the market goods made from the skin of a water snake of Java and Sumatra. The women of Paris carry bags made from the skin of the terrible python, and probably never think on it, though they would shrug their shoulders and tell you they were terrified of snakes. Even the fearful bon constrictor contributes its skin to the call of fashion.

No Written Constitution

England and France do not have written constitutions in the generally accepted sense of the term. The present government of Great Britain is based upon a series of acts and fundamental laws passed since the signing of Magna Charta. Parliament, however, is supreme and can make laws which do not agree with those acts often spoken of as "the British constitution." The government of France is based on several organic acts passed after the fall of Louis Napoleon. These acts do not constitute a written constitution in the sense of our constitution.—Exchange.

Inert Gases

Both nitrogen and helium are inert gases, without chemical action on other substances and they would probably remain indefinitely unchanged in sealed containers. Nitrogen may be obtained by removing oxygen from the air or by the decomposition of certain ammonium compounds. Helium is found in certain natural gases from which it is obtained, or it may be separated from atmospheric nitrogen by passing it over heated magnesium, or from liquid air by means of fractional distillation.

Tribute to a Pretty Girl

I know a pretty girl not a day over eighteen, and the most impudent human being I have ever known.

Not bad impudence; it is the beautiful kind of "nerve" smart women know how to exercise.

The impudence she displays, in a young man would be rudely exposed, but when exercised by this pretty girl, men almost regard it as divine.

A shadowy word they use a great deal and know little about.—E. W. Howe's Monthly.

America's Motto

When John Adams was minister to Great Britain in 1787 it was suggested to him that the Latin phrase meaning "out of many, one" would make a fitting motto for the new independent colonies. On his return to America he transferred the suggestion to his friend, Charles Thompson, secretary of congress, who in 1792 reported his design for a government seal in which the phrase, *E Pluribus Unum*, appeared on a ribbon held in an eagle's beak.

Use Condensed Milk

Although greater part of the inhabitants of the Red sea district of Arabia are herdsmen and shepherds deriving a constant supply of milk from their flocks and herds, condensed milk is always in demand in their larger cities.

Could Save Coal

Nearly one-third of all coal mined is burned under stationary boilers, and almost 25 per cent of this coal could be saved by pulverizing, it is claimed.

Hair Effects Hearing

Hair dressed in coils over the ears is said to affect the powers of hearing. Some singing masters refuse to teach women who have adopted this fashion.

CHEVROLET OPENS ATLANTA
FACTORY

The first Chevrolet car ever built in Dixie rolled off the assembly line Friday, April 13th, when the mammoth new Chevrolet factory in Atlanta—the largest automobile institution in all the South—swung into operation to supply the Southeastern states.

Constructed at a cost of more than \$2,250,000, the plant covers 32 acres and has 410,000 square feet of floor space. It has an assembly capacity of 350 cars a day, or more than 100,000 a year. Following the Chevrolet policy of recruiting workmen from the community in which its plants are located, it will be almost exclusively a Southern institution. Its 1,300 employees being residents of Atlanta or nearby cities. The payroll will approach \$3,000,000 annually.

Production will be on a basis of 2,000 cars for the last half of April, with the May schedule calling for 6,000 cars.

The first spade of dirt preparatory to the start of construction work was turned the day following Thanksgiving and the plant opened 19 weeks later. The Seaboard Southern Construction Company, general contractors, worked night and day shifts to complete the plant in the comparatively brief space of time.

The Atlanta plant provides Chevrolet with eight domestic assembly plants throughout the country, an export plant at Bloomfield, N. J., and manufacturing plants at Detroit, Bay City, Saginaw, Flint and Toledo. In addition to Atlanta, assemblage plants are located in Flint, Mich.; Tarrytown, N. Y.; Norwood, O.; Oakland, Calif.; Buffalo, N. Y.; Janesville, Wis., and St. Louis, Mo.

VACATION TOURS TO EUROPE

An announcement of considerable interest to the New England travelling public has been made by G. F. Ravenel, manager of the International Mercantile Marine Company, Boston, that the White Star-Red Star Lines are offering an All-Expense Vacation Tour to Europe of thirty days for \$355.

This special inexpensive tour has been arranged for those having limited means and a limited time at their disposal for a vacation trip. The dates have also been fixed after the tourist rush is over and comfortable steamship and hotel accommodations can be secured.

The party will sail from Boston on the Celtic Sept. 9, landing at Cobh (Queenstown), proceeding to Blarney Castle, Lakes of Killarney, Dublin, to Liverpool. An unusual feature of the tour will be two days motoring in England: from Chester through the Shakespeare country to London. After sightseeing in London the party will proceed to Paris, thence to Brussels and embark at Antwerp on the Lapland Sept. 28.

Full information regarding this tour can be obtained from the Newton Steamship Agency, 421 Centre street, Newton, agents for the White Star Line in this city.

Attractive Bungalow Is New Howes Co. Plant

(Continued from Page 10)

Perhaps one of the most delightful innovations that has come to attention lately is the new "Community" plant of the C. G. Howes Co., Dry Cleaners, whose headquarters plant is located at 82 Brainerd street, Allston Station, Boston, with stores at Winter street, Province street, Boston, Coolidge Corner Brookline, and Brattle street, Cambridge.

There is indeed, little of the commercial in this pretty English cottage style bungalow, built to give a modern, close-at-hand dry cleaning service to the people of the Newtons and vicinity.

The C. G. Howes Company have followed the increasingly popular practice of making their buildings an attractive and artistic addition to the communities in which they are located, rather than constructing a cold, impersonal, decidedly unbeautiful building of the factory order.

It strikes us that they have "pioneered" a bit and have set an example which could well be followed by progressive business concerns, because this little plan, though strictly commercial and very convenient and serviceable, is a distinct and decided improvement to its neighborhood.

The plan is built of scoured cream-toned brick with English flat tile the motif of the green roof. The interior is finished in a combination ash and oak panel effect with green Manganese and marble chip floor. The lighting fixtures are of hand wrought Swedish iron. Dressing rooms for ladies and gentlemen give the last touch in personal service. Much credit must be given to Mr. William H. Drummey, the architect on this work.

The plant will be open for service and inspection the latter part of the week. Four types of service will be available. Clothing to be pressed may be left in the morning and picked up at night. While-you-wait pressing service will be available to all those who require it. To those in not too great a hurry, an average of three-day service will be rendered, this being considerably less than the time usually required for high grade work. The reason for this fast service on quality work is due to the fact that that headquarters plant in Allston, operating in harmony with the Newton plant works at night, speeding up very considerably the service. The fourth division is Howes' general service on every kind of garment, rug, drapery, etc. The service further includes rug and fur storage. All heavier types of work such as rug-cleaning will be actually performed at the headquarters plant, although accepted and handled through this personal service plant.

The slogan of the Howes Company "On Your Street Twice Daily" will be fulfilled by fast service cars attached directly to this plant.

Auburndale Woman's Club

The Annual Meeting of the Auburndale Woman's Club was held in the Auburndale Club on Thursday, April 12th. The officers elected for the ensuing year are: President, Mrs. George F. Nudd; first vice-president, Mrs. Charles C. Willson; second vice-president, Mrs. John F. Holmes; recording secretary, Mrs. Alfred L. Billings; corresponding secretary, Mrs. James Dunlop; treasurer, Miss Ahné E. Bunker; and directors for three years, Mrs. F. Leslie Ford and Mrs. Arthur T. Freeman.

A delectable luncheon was served at 12:30 by the Hospitality Committee, Mrs. E. Arthur Hancock in charge. An atmosphere of spring was imparted to the occasion by the decorations of rorystria, and the attractive favors made by the committee, as well as by the yellow crepe dresses of the waitresses.

Luncheon was followed by a short entertainment, put on by the Program Committee, Mrs. F. Leslie Ford, chairman. The skit, intended to be a review of the year's program, was called "The Program Committee's Nightmare." It took the shape of a mock wedding, in which each of the participants represented one of the year's meetings.

Those taking part were Mrs. Herbert Athens, Mrs. Lee Briggs, Mrs. Warren Buckham, Mrs. Walter E. Dunham, Mrs. H. G. Gau, Mrs. Wilbur D. Gilpatrick, Mrs. Arthur L. Shaw, Mrs. Eugene T. Smith, Mrs. Winthrop Stiles, Mrs. Warren G. Thorpe, Miss Emma J. Totten, Mrs. Eugene Ufford, Mrs. C. W. Willson and Mrs. Edmund I. Wilson, with Mrs. Lowell D. MacNutt at the piano.

The reading of the annual reports, of splendid work accomplished, and the announcement of the results of the election, brought to a close a most enjoyable and profitable club year.

West Newton Women's Educational Club

The West Newton Women's Educational Club met on Friday, April 13th, at the Unitarian Parish House at 2:30 o'clock. After the business meeting, the president, Mrs. Fred M. Blanchard, presented Mrs. Frederick Glazier, guest of honor, who spoke to the Club. The speaker for the afternoon was Mr. L. W. Coombs, professor of English at Clark University, whose subject was "Mark Twain." Mr. Coombs gave a brief outline of the history of Mark Twain's life and commented upon his writings. His talk was most interesting and instructive. He also read portions from his writings which were very humorous. Following this talk was a most delightful musical program given by a trio of young ladies: Miss Clarke, harpist; Miss Forti, violinist; and Miss Masters, cellist, all from Newton. Tea and refreshments completed an interesting afternoon.

The Home Economics Class held its last luncheon for the season on Thursday, April 12th, at 1 o'clock in the Unitarian Parish House. The luncheon was in charge of Mrs. Ernest F. Robinson, chairman. Following the luncheon was a most interesting demonstration of electrical appliances given by the Home Service Department of the Edison Electric Illuminating Co. Miss Tighe of the Home De-

WOMEN'S CLUBS

(Continued from Page 10)

Mrs. Moyer introduced Mr. Stuart Mason, a well-known composer and pianist.

Mr. Mason, in his first group of songs, played 18th century music, of which he has unusual understanding. His second group consisted of all modern music. Mr. Mason plays with remarkable delicacy and clarity. As he plays one forgets the man and thinks only of his music, for he has no intensive mannerisms. He subordinates himself to the composer whose music he is interpreting.

Mr. Mason was assisted by the Community Club Choral Class, which sang a group of old English songs. The ladies were attractively dressed in Colonial costumes and sang most enjoyably.

Mrs. Florence Hale Gim directed and Mrs. Lucy Chase Simonds accompanied. Assisting artists were Mrs. J. West Thompson and Miss Jameson, violinists. The singers in the group were Mrs. John Alden, Mrs. George Barker, Mrs. Ernest Beaumont, Mrs. Everett Crawford, Mrs. Bertram Currier, Mrs. William Desmond, Mrs. Arthur Flinn, Mrs. Howard Fletch, Mrs. George F. Flood, Mrs. Ernest Foley, Mrs. Wallace B. George, Miss Hattie H. Henry, Miss Kate B. Howard, Mrs. Ralph J. Laffie, Mrs. Howard Moore, Mrs. George Owen, Mrs. Joseph Palmer, Miss Dorothy Pray, Mrs. William H. Simon, Mrs. John L. Sullivan, Mrs. Wallace Wales and Mrs. Frederic A. Wetherbee.

A food sale was held at the close of the meeting.

Shakespeare Club

Mrs. Bernard Early, president, entertained the Shakespeare Club at her home, 2322 Washington street, Newton Lower Falls, on Saturday afternoon, April 14th. Mrs. Charles H. Burr was in charge of the program and gave a most interesting Quiz on Acts IV and V of "Twelfth Night." Mrs. Early not only entertained the Club, but she arranged a most delightful surprise in tribute to the recording secretary, Mrs. W. E. Moore, whose birthday it was. After the program, therefore, Mrs. Early escorted Mrs. Moore to the dining-room, saying that she would be in charge and here discovered the dining table set most attractively with a motif of pink: pink and white china, pink carnations at every place, and the centre piece, a gorgeous birthday cake with pink candles, for Mrs. Moore's honor was for her a complete surprise and was greatly appreciated as indicative of Mrs. Early's thoughtfulness by all Club members.

partment gave a talk on the purpose of this Service Department, and while she was talking a most delicious meal was being cooked in the electric stove. A film was displayed showing the difference between old fashioned and modern housekeeping, which was very interesting. All those present had the opportunity to sample the electrically-cooked meal, and a dessert made in the electric refrigerator. All kinds of electric equipment were shown and demonstrated, including the stove, refrigerator, vacuum cleaner, ironer and many others.

Meehan, Mrs. Henry F. Sharrott, and Mrs. William H. Warren.

Many Arguments For and Against Zone Change of Chestnut Hill Land

Recent Hearing Before Claims And Rules Committee On Petition For Single Residence Restriction

One of the largest and most interesting hearings held at City Hall in recent years was that conducted by the Claims and Rules Committee on April 18, to discuss the petition of Sylvia Webber of 90 Waban Hill road. The petition seeks "To change all land now in private residence district, Ward 6, Precinct 3, from private to single residence district." This includes the territory from the corner of Garrison road and Commonwealth avenue along the south side of the avenue to and including Crosby road and along the north side of the avenue to the Boston line. On the south side of the avenue Manet road is included and on the north side the streets on Waban Hill—Waban Hill, Algonquin and Mount Alvernia roads. One side of Algonquin road is already in the single residence zone, as is all the surrounding territory in Chestnut Hill and Newton Centre.

When the hearing started the aldermanic chamber at City Hall was well filled by residents of the district which is affected by the petition. The first speaker in favor of the petition was Abraham C. Webber of 90 Waban Hill road. Mr. Webber stated that "he has been informed that it was the intention to zone this district for single residences when the one-family residence zones were established and he does not understand why it was left in the private residence zone where two-family houses may be built." He informed the committee that Waban Hill is almost entirely built up with high class single family houses which have established the character of this neighborhood and it will do no harm if the adjoining land is zoned for single houses. He commented that "when he prepared the petition he did not believe it would stir up the opposition it has." Mr. Webber referred to a letter which had been sent by a real estate man stating that "if a two-family house is destroyed over 50% by fire in a single residence zone, it cannot be replaced by another two-family house." He thought some change might be made in the zoning ordinance to allow for the replacing of a house by one of a similar type. He contended that one lot of land on Waban Hill road menaces the surrounding property as it is being planned to build a two-family house on this lot and to allow this will be to sacrifice the rights of citizens to real estate developers.

Edward A. McLaughlin of 115 Waban Hill road, representing the Chestnut Hill Improvement Association also favored the petition. He also spoke of the vacant land on that street, owned by Mr. Coletti which had been referred to by Mr. Webber. He remarked on the excellent character of the dwellings on Waban Hill and the beauty of nearby Boston Col-

School Board Votes For New Gym Floor

Decide To Extend Survey of High Schools

At the meeting of the School Committee Monday night a letter which was sent to Supt. Wheeler by Principal Palmer of the High School received attention. This letter told of the defects which have been developing for many months in and on the floor of the new gymnasium at the school. Mr. Palmer stated in the letter, "I see no escape from the conclusion that the entire floor of the four gymnasiums should be relaid the coming summer. The under floor, portions of which I have seen when the workers took up the top floor to make repairs, is practically gone. As they take up pieces of it one can crumble it up with his fingers."

The condition of the floors has been a constant source of worry to me for the last two or three months, fearing as I have that some boy or girl would get a sprained ankle on it when some portion had arisen and before it could be repaired. I am sorry to write this note but can see no escape."

The School Committee voted to call the attention of the Mayor to this letter, requests that an appropriation be made for a new floor and asks that it be informed who is responsible for the floor's defective condition, provided that such responsibility is determined.

The School Committee voted to extend to the whole high school the survey which has been started at the Vocational High. The sub-committee dealing with the survey of the Vocational High made a report which indicated that the following phases will be considered:

(a) The reasons for the establishment of the Vocational School and the results of any survey then made with respect to the necessity or importance of establishing a Vocational School in a residential community like Newton.

(b) The number of Vocational Schools which have been established and are now being conducted by cities or towns in Massachusetts, with comparative data with respect to per pupil cost, enrollment, curricula, etc.

(c) The percentage of Vocational School pupils who engage in the trades for which they have prepared and for how long a period, and at what, if any, advantage over apprentices without Vocational School training.

(d) The recognition given to Vocational School training by Union Labor trades.

(e) The educational value of the Vocational School in providing facilities for appropriate education to mentally retarded children.

(f) The facilities available in Boston and elsewhere for Vocational training of Newton pupils and the number of pupils living in Newton who may be expected to avail themselves of these facilities at the expense of the city if the Vocational School as such should be discontinued.

The committee voted to spend \$516 for the purchase of a moving picture equipment for the Levi Warren Junior High. It was voted to postpone until next year the appointing of an assistant supervisor of instrumental music. The committee discussed asking the Mayor to request an appropriation of \$10,000 to enable the School Department to make minor repairs in school buildings without calling on the Public Buildings Department for such repairs. The committee went into executive session to discuss the re-election of teachers for the coming year.

POLICE NEWS

Henry Harvey of Carter street, Needham, was in court Wednesday charged with assault and battery. His case was continued until April 30.

Patrolman Roche, while doing traffic duty opposite the Davis School Tuesday, stopped a runaway horse owned by the Noble Milk Company. The animal dragged Roche a considerable distance before he was brought under control.

The ticket takers and ushers were:

James Costigan, William Seward, Elliot Hagar, Harvey Macuen, John Hardy, Herman Ferrick, and John Lane. Miss Florence Walsh, the pianist for the gymnasium classes, played for the drills and marching.

Mr. Richard B. Simmons and Mr. V. A. Anderson, the Physical Directors, received many compliments not only by those taking part in the exhibition but from the spectators and parents who were present.

In 1849 Mr. Bacon was succeeded by Daniel P. Mann who got the appointment through the influence of Daniel Webster. Mr. Mann had the post office in his drug store, located in Howe's Block, a wooden building which stood between Cole's Block and the Boston & Albany railroad. This block was torn down when the railroad tracks were lowered over 30 years ago. Then Joseph N. Bacon was appointed postmaster and the post office was removed to his grocery store in the old Bacon Block, on the site of the present Bacon Block. At that time there was one mail each day to and from Boston, by stage coach.

In 1851 President Lincoln appointed Samuel Chism postmaster and the office was located in the drug store of E. T. Billings at the corner of Centre and Elmwood streets, where Paxton's store later stood. He was succeeded by Edwin Holman and the post office took another move to a store in Hyde's Block, located about where the Newton Lunch is now. Postmasters were made and unmade rapidly in those days. In 1869 the office was "landed" by F. A. Benson, but he resigned just after receiving his commission and Samuel Chism again became postmaster and again the post office returned to the south side of the B. & A. tracks—this time in Warner's Block at the corner of Centre and Elmwood streets. Mr. Chism died during this term of office, in 1871, and he was succeeded by John G. Latta who served until 1887. During his term of office the post office moved to a location near where the Edison Com-

Annual Gym Exhibit Attracts Many To "Y"

Yearly Affair Held Last Friday Night With Interesting Program

The Annual Gymnastic Exhibition of the Newton Y. M. C. A. was held last Friday evening in the "Y" gymnasium with about two hundred and fifty parents and friends of members present. There were fifteen numbers in the program which included all of the boys' gymnasium classes—the Cadets, Junior A, Junior B, High School, and Employed Boys, the Junior Leaders' Club, the Senior Gymnastic Team, and specialties. The Band of the Newton Chapter of DeMolay directed by Mr. A. R. Mangarelli played from seven-thirty to eight o'clock preceding the start of the exhibition.

The exhibition started off with marching by the Junior A Class, followed by a Wand Drill by the Senior Gym Team, Elephant Vaulting by High School and Employed Boys, selection, "Campus Memories" by the DeMolay Band. Wrestling by Henry Vachon and Albert Evans of the Newton "Y" wrestling team, the awarding of emblems by Mr. C. B. Floyd, a Boxing Wand Drill by the Cadet Class, Marching by the Junior B class, a Comedy Acrobatic Act by Bliss and Champagne, Parallel Bar combinations by the Senior Gym Team, Tumbling by the Junior Leaders' Club, a Dance Specialty by Babe and Mack, High Horizontal Bar combinations by the Senior Gym Team, Tiger Leaping by a group from the boys' classes, and Illuminated Indian Club Swinging by Joseph Santillo.

Twenty-one boys and eleven men received emblems from Mr. C. B. Floyd won in activities in the gymnasium and natatorium during the year. Edgar Davidson, William Perry, Joseph Benson, and Norman Stoney received emblems in the Boys' 500 Point Aquatic Contest. In the Boys' 500 Point Athletic Contest emblems were presented to Frank Poland, Reynold McPhail, Joseph Guidry, Joseph Twombly, Richard Francis, Warren Witten, Frank Manion, Walter Leahy, Joseph Benson, Charles Gallagher, Leonard Martin, Paul Mackin, Andrew Kasper, Jr., Jerry Leone, Donald Webber, Thomas Webber, Frank Jordan, and William Earle. Seven members of the "Y" varsity basketball team were awarded emblems. Captain Arthur Kohler, Joseph Purcell, Patrick Ryan, Charles Jodrey, Harry Gray, Donald Cunningham, and Charles Hammond. In the men's 500 Point athletic contest only four were awarded an emblem, Harry and Kenneth Bergstrom, Murray Edgar, and Clayton Hert.

The ticket takers and ushers were:

James Costigan, William Seward, Elliot Hagar, Harvey Macuen, John Hardy, Herman Ferrick, and John Lane. Miss Florence Walsh, the pianist for the gymnasium classes, played for the drills and marching.

THE WEEK IN NEWTON SPORTS

Edited by WARREN K. BRIMBLECOM

WINS FIFTH STRAIGHT GAME

By winning from Cambridge Latin, Everett and Waltham in games last week Friday and Saturday and this week, Wednesday the Newton high school baseball team stretched its string of consecutive victories to five and kept its record for the season clear to date. Tomorrow the team tackles Medford high at Clafin Field in another contest which should be one of the greatest attractions on the schoolboy lists. To all appearances Coach Sullivan's aggregation is a strong contender for the state title which last year was won by Norwood High in a post-season series with Cambridge Latin, winners of the Suburban league title, Norwood has already been beaten by Malden, a team which Newton defeated in its opening game, and eked out a hairline decision over the Waltham nine which Newton outclassed 13 to 2 after a savage batting rally in which extra base hits were a big factor. While it is still early in the season and warmer weather will result in better playing by the various school teams the recent games have shown the orange and black nine displaying spectacular fielding and potent hitting which surpasses that shown by any other team in the vicinity. Somerville, with a veteran team and two first class pitchers, is expected to give Newton a battle in their coming meetings.

Reilly Shuts Out Cantabs

With Bill Reilly pitching masterly ball the orange and black nine opened the Suburban league season last Friday afternoon at Russell Field, Cambridge, by taking the Cambridge Latin team into camp 10 to 0. While Reilly was holding Coach Macdonald's nine to three hits his teammate aided him materially by spectacular fielding and sharp hitting. Edgar Warren and Frank Spain had the honors in the field while Reilly and Fletcher shone with the stick. Nine hits, including doubles by Reilly and Andres, were collected by the Newton players off Harold Browning, Cantab twirler.

Coach Sullivan's lads went right after Browning from the start. Spain got on in the fifth by a pitched ball and stole second. Powers drew a pass and deMille laid down a perfect sacrifice. Fletcher hit to Hilliard at shortstop and Spain scored as the throw to the plate was wide and Harlow had no chance to tag him.

The biginning was in the second when three runs came across. Warren was first man up and gave a free ticket. Gatchell dumped a bunt in front of the plate for sacrifice. Reilly singled and Spain drew another pass to fill the bases. Capt. deMille hit a long fly to centre field but that for the wind would have been good for extra bases. As it was the wind held it back and Davis got under it for a putout. Reilly thought it was going to foul safe and was half way home but got back to third safely. Fletcher, a fine hitter in the pinch, came through with a clean single to score Reilly and Spain. Andres flew out to third to end the frame.

In the fifth Newton added another tally. With one down Gatchell drew a pass and scored on Reilly's double down the third base line. From then on the batters went down in order. Meanwhile Reilly was holding the Cantabs in the palm of his hand. In the first inning Hilliard got a life when deMille dropped Spain's throw and stole second but was left there as the next two batters were easy victims.

In the second only three men strode to the plate with Warren making a wonderful catch of Deane's low foul fly back of third base for the third out. Cambridge threatened in the third when with one out Reilly eased up and two hits in a row put two men on. Fletcher took care of Hilliard's rap and Reilly threw out Katz to save a score. With Brackett on base as the result of a single with one away in the fourth, Reilly fanned Kerr and Warren made another spectacular play on Droney's hit. Stretching at full length to stop his hot grounder the Newton third baseman recovered his balance in time to complete the play at first. In the fifth Spain's leaping one-hand catch of Hillard's liner robbed the Cambridge athlete of a sure hit while in the next inning he grabbed Katz's Texas leaguer in Maranville fashion. The rest of the game Cambridge went down in order.

SPORT NOTES**Hardy Second in Hurdle Races**

Phil Hardy of the Tech freshman track team placed second in both the 120-yard high and 220-yard low hurdle races in the Tech '31-Andover academic dual meet at Andover last Saturday which the Andover team won at first.

Country Day Swamped

Milton academy swamped Country Day school nine last Saturday, 19 to 0 on the Milton diamond. Despite the one-sidedness of the score the local private school showed considerable promise. Douglas at third base handled six chances without an error and got one of his team's three singles. Crosby Greene and Kerns collected the other two. Gleason at shortstop had eight chances and erred but once.

Y. M. C. A.**The first practice of the men's baseball team of the Newton Y. M. C. A. will be held next Saturday afternoon at half past two on the "Y" field, followed by practice on next Wednesday evening at half past six and on Saturday afternoon.**

It is expected that members of last summer's team will be out again for the team with probably several new members out also.

Beginning next week, the first week of Daylight Saving time, an opportunity is to be given to all Senior members of the Newton "Y" to play baseball, including those who are not good enough to make the team. Tuesday and Friday evenings, beginning at half past six, will be set aside for Senior members baseball.

The course of instruction and tests for Senior Life Savers and for Examiner which the Newton Chapter of the American Red Cross is to conduct in the Newton Y. M. C. A. swimming pool starts next Monday evening at seven-thirty. Young men and men 18 years of age and over are eligible to take this course free of charge, and may enroll at the office of the Red Cross in Newton or at the Newton Y. M. C. A. Britt F. Boughner, who gave this course last summer in the Newton public swimming beaches and now coach in the Dexter School in Brookline, will be the instructor.

It seemed more certain when both Warren and Reilly, who had replaced Gatchell in the outfield, fled out. Swett came to bat as a pinch hitter for Wilson and he came through with a clear single. The lease of life was extended as Spain also singled and Mullen worked Di Angelo for a pass to fill the bases. Captain deMille came to bat in this most exciting moment with the pleas of the Newton sup-

SUICIDE AT AUBURNDALE

Otto Olsen, 34, of 111 Webster street, East Boston, employed as a laborer on the new business block being constructed at Auburn street, Auburndale, committed suicide Friday afternoon of last week. He was seen at the noonday lunch period apparently in good spirits and was not missed until two other laborers at 3:30 in the afternoon happened to open the door of a closet in the building and found Olsen's body suspended from a beam there by a length of wire. Medical Examiner West was notified and pronounced it a case of suicide.

MEMBERSHIP DRIVE

The Newtonville Improvement Association will conduct a membership drive during the week starting May 10th. Eighty canvassers will cover the village, in an effort to increase the membership from the present 450 to the 1000 mark.

Owing to the rapid increase of building and of population in Newtonville, many changes are taking place, and the Executive Committee feel that every citizen should lend his support to the Improvement Association, which is constantly on the watch to check undesirable developments, and to preserve the essentially residential character of the city.

GIRL SCOUTS

On Saturday, April 28th, the Bugle and Drum Corps of the Massachusetts Girl Scouts will hold their preliminary competitions at the Cadet Armory in Boston. Corps from 25 different towns and cities will compete in field music and marching. The competing corps will be graded A, B, and C, and the 3 best corps will appear at the State Review at the Arena on May 12th. The towns that are represented are Arlington, Belmont, Cambridge, Dorchester, Boston Girls' Latin School, Holbrook, Lexington, Lowell, Lawrence, Melrose, Needham, Newton, New Bedford, Quincy, Springfield, Stoneham, Tauton, Westfield, Winthrop, Worcester, Chelsea, Bedford, Waltham, Watertown, Winchester, 33 individual buglers, 24 individual drummers and 14 drum majors will compete for the 3 cups and the championship of Massachusetts. Last year the State champion drum major was Dorothy Barba of Troop 2, Newton. This year she will be unable to compete because of college work, but she will demonstrate the drum major signals for the judges as a basis for judging the 1928 drum majors. Individuals from Newton who will compete for the championships are, for drum major, Armada Lemont, Troop 13, Newton Centre, for Bugler, Priscilla Speare, Troop 13, Newton Centre, Eola Niles, Troop 3, Newton Centre. For Drummer Doris Benson, Troop 15, West Newton, Mary Carrick, Troop 21, Newton Highlands.

The Newton Bugle and Drum Corps that will take part in the field music competition has been practicing at the West Newton Armory every Saturday morning during the past winter with the instruction and supervision of Major Frank T. McCabe of Newton for drill, Mr. George Lee of Boston for Bugling, and Mr. Edward Bernard of Boston for Drumming. The captain of the Corps is Mrs. Walton S. Redfield of West Newton and the 34 girls of which it is made up are as follows:

Drum Major, Armada Lemont, Troop 13, Newton Centre.

Assistant Drum Major, Martha Thompson, Troop 21, Newton Highlands.

NEWTON HOSPITAL

Sergeant Bugler, Priscilla Speare, Troop 13, Newton Centre; Corporal Bugler, Virginia Brown, Troop 2, Newton.

Sergeant Drummer, Eloise Barber, Troop 2, Newton.

Corporal Drummer, Doris Benson, Troop 15, West Newton.

Buglers—Elizabeth Barba, Troop 2, Newton; Eola Niles, Troop 3, Newton Centre; Alice Jack, Troop 5, West Newton; Emily Dunleavy, Troop 10, Newtonville; Ethel deMille, Allison Thorogood, Troop 13, Newton Centre; Elizabeth Adams, Charlotte Upham, Verna VanDenberg, Elsie Stephen, Troop 14, Waban; Elsa Brandt, Troop 15, West Newton; Dorothy Nichols, Priscilla Wales, Troop 18, Auburndale; Barbara Fuller, Troop 20, Newton; Catherine Carrick, Elizabeth Hovey, Alice Thompson, Betty Cutworth, Troop 21, Newton Highlands; Barbara Mildram, Troop 22, Newtonville.

Drummers—Mary Coleman, Troop 14, Newtonville; Barbara Crowe, Troop 13, Newton Centre; Mary Stephen, Troop 14, Waban; Mary Carrick, Catherine Thompson, Troop 21, Highlands; Sara Kellogg, Wellesley.

Bass Drummer, Anne Cummings, Troop 20, Newton.

Drum Carrier, Carolyn Young, Troop 8, Auburndale.

Cymbals, Katherine Allen, Troop 15, West Newton.

At the last rehearsal before the preliminaries on the 28th, May Childs visited the Bugle and Drum Corps and gave the girls helpful talk on Service and Citizenship. With such an inspiring send off the Newton Corps should make the city proud of its showing in the competitions at the Armory.

16 girls and 3 officers from Troops 14 and 24, Waban spent Monday night in the Cafeteria at Cedar Hill. During the day the girls played games and practiced fire lighting. In the evening they sat around the camp fire and listened to yarns told by Mr. Harry Jordan, the Maine guide that lives at Cedar Hill. The following morning they all went to Camp Mary Day to join the clean up squads at work there. Monday, Tuesday and Wednesday of vacation week were set aside as clean up days at camp. The girls that went to camp had an opportunity to do a good turn and to have a good time into the bargain. 85 junior girls were working on Monday, and 10 junior and senior girls on Tuesday. The mornings were spent in piling wood, and burning brush and the afternoons in playing games. On Wednesday a few senior girls came up to paint the new tent roofs, and they a very good job on themselves as well as on the tents. The night of April 18th was officers night at camp and 10 officers were there for supper and the night. Saturday, April 28th, is Arbor Day and the Boy Scouts of Troop 15, Auburndale and the Girl Scouts of Troops 8 and 18, Auburndale will plant a tree on the lawn of the Congregational Church on Sunday after the morning service. The congregation is asked to group themselves on the lawn for the simple services which are in charge of Mr. Harold O. Cook.

EPISCOPAL FELLOWSHIP

CARD OF THANKS

On Sunday evening, April 22, the Episcopal Fellowship had for its outside speaker Big Brother Bob Emery, leader of the Joy Spreaders, who broadcast from station WEEI in Boston. He explained the process of sending a program from the time it meets the microphone till it is thrown out on the air. He showed some lantern slides of the two studios, the operating rooms, and some notable persons in the radio broadcasting field, as supplements to his talk. In closing he invited the Fellowship, as a group, to visit the station. So Wednesday evening they went down to station WEEI where Big Brother made them welcome and invited them to listen to his program while it was being broadcasted. Later, he took them around and showed them the studios and the whole system of WEEI's broadcasting.

Farewell Reception Tendered Rev. A. D. Parker At N'velle

A Farewell Reception was given the Rev. and Mrs. A. D. Parker, pastor of the Newtonville Methodist Episcopal Church by the Woman's Association and the Official Board of the church on Monday evening, April 16, at the church. The Chapel and the Assembly Hall of the church were thrown open into one large room to accommodate the people of the church. The rooms were decorated with flowers and palms in a beautiful manner.

Following the formal reception a program was given which was presided over by Mr. Stanley O. MacMullen.

Those taking part were Mrs. Herbert Blair, president of the Woman's Association, Rev. John W. Spiers, pastor of the New Church of Newtonville, Prof. W. H. Timble, General Superintendent of the Church School, Mr. Fred Becker, president of the Young People's Organization, Mr. W. T. Rich and Mrs. J. C. Atkinson.

Music was furnished by Mrs. Carl M. Foss and Miss Marian Lantz.

At the conclusion of the program Mr. Parker was presented with a watch and Mrs. Parker with a bracelet as tokens of esteem from the members of the church and congregation.

Mr. Parker spoke briefly to the members of the church and congregation for the pleasant and enjoyable four years spent in Newtonville.

Mr. Parker has assumed his new duties as pastor of the Union Methodist Episcopal Church of Fall River, one of the largest churches and one of the most modern buildings in New England.

The members of the Newton Hospital Staff postponed their regular monthly meeting from April 23 to 30. This was done in order that Newton might join with Boston in the opening meeting of the "Help Fight Cancer Week." The local committee have been active in distributing literature and posters throughout the city and copies of which may be obtained from the Newton Hospital or from the State Department of Health.

The Cancer Clinic for any who wish to come whether they think they may have cancer or fear cancer is held at the Out Patient Department of the Newton Hospital the second and fourth Fridays of each month at 3 P. M.

On Tuesday, April 24, the Trustees of the Newton Hospital held their regular quarterly meeting at the Newton Hospital.

Fewer accidents have occurred during the past week than for some time. Four had to do with automobiles, a child with a thumb crushed in the door of an automobile, a woman with a fractured arm, a woman with a laceration of the scalp which occurred when the automobile crashed into a tree. Also, a woman with abrasions of the face and the other four were: a child with lacerations of the forehead caused by a blow with a baseball bat, a man with a finger cut with an ax, a boy with a fractured elbow the result of a "difference" with another boy, and a man with a thumb cut with a knife.

During the week ending April 22, 1928, there were 139 patients in the hospital of whom 36 paid as much as cost of care or more, 69 paid less than cost of care and 34, including babies, were treated free. Five babies were born. One hundred twenty-seven patients were treated in the Out Patient Department and 5 in the eye clinic. Two social service calls were made. Eight accidents were treated in the operating room.

At the last rehearsal before the preliminaries on the 28th, May Childs visited the Bugle and Drum Corps and gave the girls helpful talk on Service and Citizenship. With such an inspiring send off the Newton Corps should make the city proud of its showing in the competitions at the Armory.

The congregation is asked to group themselves on the lawn for the simple services which are in charge of Mr. Harold O. Cook.

The feature of the regular Saturday program on April 28 is to be the illustrated lecture at 3 p. m. on "Wild Flowers of New England" by Miss Katherine Parker. Beautiful colored lantern slides from the New England Society for the Preservation of Wild Flowers will be shown. Other events on Saturday are the 8 o'clock Bird Walk from the Museum, and the Story Hour at 10:30 for younger children.

Admission to the Museum and all lectures and activities is free. The Museum is located on the north shore of Jamaica Pond on Jamaica Way, and is open to the public from 9 a. m. to 5 p. m., and on Sundays from 1:30 to 5.

CHILDREN'S MUSEUM

"The Sun and His Family," illustrated with lantern slides will be the subject of Miss Helen Sawyer's lecture for children to be given on Sunday, April 29 at 3:30 at the Children's Museum of Boston, Jamaica Plain. Miss Sawyer is a student at the Harvard Observatory, and will make her talk on the solar system interesting and intelligible to boys and girls.

EDITORIAL

The resignation of Mr. Frank B. Cummings of this city, as director of animal industry, was to be expected after the scant consideration given to his suggestions for improving the service of his division. Drafted over a year ago by Governor Fuller to clean up the scandal attached to the office, Mr. Cummings has more than made good in that direction and it is not to be expected that a high grade business man like Mr. Cummings would continue in office unless it was possible to accomplish something of value for the State. The Commonwealth is the loser in Mr. Cummings' resignation.

—o—

While we are naturally pleased at the splendid preference vote given Mr. Hoover in Massachusetts, we are sorry that the candidates in both the State and district who announced their intention to vote for Mr. Hoover, were defeated. However, we hope that the wishes of the electorate so plainly stated will be followed by the elected delegates and that Massachusetts will take a firm stand for Hoover in the coming convention.

—o—

We are both glad and sorry over the results of the state primary on Tuesday. We are glad that such an outstanding man as Herbert Hoover received such a splendid endorsement for the Republican nomination for president and we are sorry that such a good candidate for delegate to the National convention as Dr. Anderson should have failed of election.

—o—

Once more the primary fails to interest the people even over such an important office as president of the United States. With a Republican vote in this city of over 16,000 less than 5000 have the public spirit to go to the polls and vote. It is disheartening to see the least to all those who have an interest in good government.

—o—

We sympathize most heartily with those who are trying to extend the zoning ordinance so as to restrict the future development of Chestnut Hill to single houses.

—o—

The annual clean-up day offers an opportunity for householders to get rid of the winter's accumulation of debris. See the advertisement in another column.

—o—

Don't forget to change your watches and clocks at midnight Saturday night when daylight saving begins for another season.

CENTRE MAN DIES SUDDENLY

Patrick Shields of 39 Ripley street, Newton Centre, a gardener by occupation, died suddenly Monday. He was born in Galway, Ireland, 56 years ago and had resided here for 20 years.

UNDER THE GILDED DOME

CHESTNUT HILL ZONING

(Continued from page 1)

This week's record of accomplishments must necessarily be brief because of two facts. Last week there were two legislative days on which no sessions were held on account of adjournment over the holiday. Monday and Tuesday of this week many members were interested in their own candidates or the candidacies of others in Presidential primaries and because of that contest matters were for the most part postponed. The members are now at it again and things should proceed without further interruption until the next holiday, May 30. That may sound as if a long session was in prospect. As far as that goes there is no telling when prorogation will arrive. In fact it is so far distant that few consider the possible date worth speculation.

As was forecast in this column the petition of Mayor Childs for legislation to give traffic signals, "silent cops" in particular, the same legal standing as a live traffic officer, has been merged into a bill reported by the Committee on Highways and Motor Vehicles for a uniform system of traffic regulation through the Highways Division of the State Department of Public Works. This seems to be the best that can be expected since a big batch of bills was thrown into the same hopper and which when ground-up together produced the measure reported by the committee. When that becomes law, as is now the prospect, Newton will have found how great a solution of its "Stop and Go" problem the General Court has prepared.

Henry L. Harriman of this city, chairman of the Division of Metropolitan Planning, was called in to advise as to the feasibility of constructing a tunnel between Boston and East Boston, and was able to give the House Ways and Means Committee the benefit of his studies and observations.

The State will be the loser when Frank B. Cummings of this city relinquishes his duties as Director of the Division of Animal Industry. Mr. Cummings has asked that the Governor accept his resignation to become effective June 30, or as much earlier as the Governor can find it convenient. Governor Fuller wants Mr. Cummings to reconsider and is going to try and persuade him to remain. Mr. Cummings, however, feels that he cannot continue to sacrifice his personal interests. He took the place Nov. 5, 1926, at the urgent request of the Governor when there was need of the service of a trained business man. He has cleaned up the "cattle fraud" cases which had been the cause of a scandal and put the department on a highly efficient basis. It would be to the advantage of the Commonwealth if he would change his mind and remain.

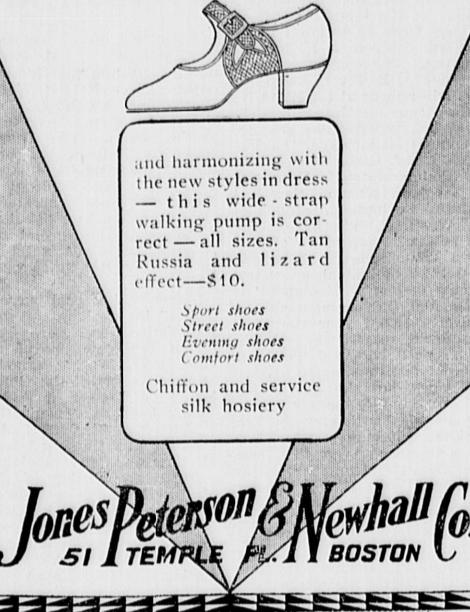

Under the provisions of a resolve which has thus far met no opposition and which is expected to become law, Burton Felton of 68 Waban Hill road told the committee that he is part owner of the large apartment house nearby which was erected before 90% of those present moved into Newton. He opposed the petition. John T. Burns, Jr., stated that his father had owned land on Manet road set back the building line on one side of Manet road set back as evidence of the inconsistency of the Zoning Law. He asserted that zoning is an infringement on people's constitutional rights. He admitted that while a single residence is a home, though perhaps not an investment, a two-family house is neither.

Burton Felton of 68 Waban Hill road told the committee that he is part owner of the large apartment house nearby which was erected before 90% of those present moved into Newton. Roy W. Decatur, assistant greenkeeper at the Woodland Golf Club, died Saturday at his late residence, 1473 Washington street, West Newton. He was born 43 years ago at Winchendon and had resided in Newton for 6 years. He is survived by his widow and his mother who made her home with him. His funeral was held Wednesday at Fitzwilliam, New Hampshire, the service being conducted by Rev. Mr. Howes.

IN TUNE WITH SPRING

50TH ANNIVERSARY

Members of the Unitarian church at Newton Centre observed the fiftieth anniversary of the organization of that church with a social meeting last Friday night in the parish house. Interesting talks were given by Miss Edith Gammons, Mrs. Alice Melcher, Mr. George F. Spalding, Mr. James Kingman and Mr. A. Oram Fulton, each speaker taking a period of ten years in the history of the church. An original poem, "A Tribute to the Men of the Church," was read by Mrs. Frederic T. Parks and Dr. Diefenbach made an address on "The Significance of the Anniversary Celebration." Mr. Charles P. Powers was chairman of the committee in charge and Mrs. Graham Parks Spencer was in charge of the decorations and Mrs. George H. Crobie of refreshments.

JOHN J. RUDDICK

John J. Ruddick of 95 Webster park, West Newton, a resident of this city for 35 years died on April 22nd. He was born in Xenia, Ohio, 76 years ago and was a consulting engineer by profession. He is survived by a daughter, Miss Lillian G. Ruddick, and a son Fred M. Ruddick. His funeral was held at his late home on Wednesday, the Christian Science service being read by Mr. Keach. Burial was in the Newton cemetery.

ROY W. DECATUR

Roy W. Decatur, assistant greenkeeper at the Woodland Golf Club, died Saturday at his late residence, 1473 Washington street, West Newton. He was born 43 years ago at Winchendon and had resided in Newton for 6 years. He is survived by his widow and his mother who made her home with him. His funeral was held Wednesday at Fitzwilliam, New Hampshire, the service being conducted by Rev. Mr. Howes.

—The monthly bridge party of the Walnut Park Day School will be held Friday evening, April 27, at 71 Walnut park.

—Mr. and Mrs. Edwin P. Brown and their niece, Miss Eunice Norton returned this week from a trip to South America.

—Miss Jean V. Watcher of Bellevue street, was one of the prize winners in the recent contest of the Postum Company.

—Mr. and Mrs. Joseph Antoinelli of Charlesbank road, are receiving congratulations on the birth of a son. Mr. Antoinelli is the well known tenor singer.

—The Church Service League of Grace Episcopal Church held their last sewing meeting for the year on Tuesday, April 24. It was followed by a tea given for the council at the home of the Misses Cobb on Franklin street.

—As delegates from Grace Church, Mr. Charles E. Riley and Mr. Charles J. Diman attended the Diocesan Convention held on Wednesday, April 25, at Ford Hall and St. Paul's Cathedral. The clergy was represented by the Rev. John R. Dallinger.

—The service next Sunday morning at Channing Church will be conducted by Rev. E. Talmadge Root, executive secretary of the Massachusetts Federation of Churches. He has chosen for the subject of his sermon, "But Is God Silent?" Mr. Root was long a neighbor, friend and co-worker with Mr. Drummond in Somerville.

CHURCH SUPPER

The Ladies' Aid of the Newton Methodist Church held the last supper and entertainment of the season, Wednesday evening of this week. Mrs. Charles Smith and Mrs. Edward T. Wetherbee with an able corps of helpers served a most delicious supper. Following the supper community singing with Mrs. Elsie Nagle at the piano, was much enjoyed. Readings by Miss Stevens were also an entertaining feature.

ABOUT TOWN

By Edw. H. Powers

ABOUT TOWN

By Edw. H. Powers

That spotted breed of dogs popularly known as "coach dogs" and called by dog fanciers "Dalmatians" received their common name because they were trained to trail along between the wheels of fashionable carriages in the pre-automobile era. These dogs are rarely seen today but one of them is about the streets of Newtonville every week-day. This dog accompanies one of the wagons of an ice company. True to instinct he displays a strong affinity for horses and proudly prances ahead of his equine friends that pull the ice wagon, pausing frequently to leap playfully at their heads.

Two weeks ago there was an article in THE GRAPHIC about the different sites proposed for the new postoffice at Newton. Some persons, after reading the article, might have supposed that the writer of it was under the influence of liquor when writing it. We can assure such persons that the writer of the article was perfectly sober. The linotype was quite rushed when he set this copy and the proof reader did not have a chance to read it.

Alderman Temperley was justified in rebuking Alderman Gallagher when the latter accused the Licenses Committee of not coming to the Board with "clean hands" in its reports on the petitions of Cashman & Ginsberg and Henry C. Bourne for filling stations at the Lower Falls. Those who heard the Ward 1 alderman realize he would cast no aspersions on the integrity of his colleagues who are members of this committee, but his choice of words was unfortunate, and his remark would certainly be misinterpreted by persons hearing it or reading it. Dr. Gallagher criticized the committee because it reported favorably on the petition of Cashman & Ginsberg and adversely on the Bourne petition, when the two sites are almost opposite, and the Bourne locus is located on the outside of a curve on Washington street and the other site is on the inside of the curve. He accused the committee of showing discrimination.

The Street Department has obtained a machine to paint the crosswalk and parking lines of the streets. This committee should prove of much assistance in improving traffic conditions in the business sections of the city.

Some day when Newton will not have to spend so much money on schools perhaps it can spend some to repair its sidewalks. There are hundreds of places along the sidewalks of Newton that need attention. But when the Street Department gets much too small an appropriation for this work it can not be done except here and there.

The electric lights along Washington street, Newton, are giving much more illumination than the past couple of weeks. The magnetize lights, which were formerly in use, have been replaced by powerful incandescent lights which do not become dimmed by dirt, as did the lights they replaced.

HOME BEAUTIFUL

One of the very popular corners in the Home Beautiful Exposition at Mechanics Building, April 25th to May 5th, will be the Rustic Garden where many Greater Boston society women representing various suburban circles of the Florence Crittenton League, will serve as potters and workers each day while tea and lunches are served from 12 a. m. to 1 and 5 to 7 p. m. The Newton Circle and Newton Junior Circle will have charge of the serving Saturday, May 5th—the following having volunteered their services: Newton Circle—Miss Todd, Mrs. Ralph Lewis, Mrs. Clinton C. Brown, Mrs. William J. Champion, Mrs. D. M. Lodge, and Mrs. J. T. Lodge, Newton Junior Circle—Mrs. Kenneth Heyes, Mrs. Henry Hopkins, Mrs. Bigelow Emerson, Mrs. Ashley Day, Mrs. Ezra Eaton, Mrs. Marshall Price, Mrs. James Mattock White, Mrs. Horace Cole, Mrs. Maynard Bruner, Mrs. Thomas West, Mrs. G. Phillip Hall, Miss Constance Lynde, Mrs. Charles Cutler, Mrs. Kenneth Dumore, Mrs. Kenneth C. Collinson, Mrs. Thomas Shirley, and Mrs. George R. Brown.

McDONALD—LEARY

Miss Ellen Augustus Leary and Francis Mathias McDonald were united in marriage, Monday morning at nine o'clock by Rev. Dennis H. Donovan at the Mary Immaculate of Lourdes Church. The bride is the daughter of Mr. and Mrs. Patrick F. Leary of Boylston street. Mr. McDonald lives on Indiana terrace. Daniel Hagerty and Miss Mary Leary were the attendants. The bride's dress was of beige lace with a shower bouquet of pink roses and lilies of the valley. The maid of honor was dressed in blue georgette with yellow roses, pink sweet peas and blue larkspur for her bouquet.

A wedding breakfast followed at home where the couple were assisted in the receiving line by the bride's parents and sister. After a wedding trip to New York and Atlantic City, Mr. and Mrs. McDonald will be at home after June 1st at 1268 Boylston street.

AUBURNDALE CO-OPERATIVE BANK

The Annual Meeting of the shareholders of the Auburndale Co-operative Bank will be held at the office of the bank at 295 Auburn street, Auburndale, on Wednesday, May 2, 1928, at 7:30 P. M., to elect six directors for a term of three years, and Officers for one year and to transact any other business which may properly come before the Meeting.

CHARLES S. COWDREY, Clerk
Auburndale, April 25, 1928.

SCHOOL NOTES

F. A. DAY JUNIOR HIGH

Refreshed after a week's vacation, students and teachers returned to school last Monday morning ready to begin the work of the final term of the year. In spite of the susceptibility to spring fever we always look forward to the spring term with enthusiasm.

On Thursday, April 12, before vacation, the girls held their annual gymnasium meet in the F. A. Day gymnasium. All the girls in the school participated in one or more of the events. The program took the form of a competition between the seventh, eighth and ninth grades and included marching, floorwork and folk dancing.

The eighth grade girls won, scoring 32 points while the seventh and ninth grades tied, each winning 25 points. Many parents and guests enjoyed the remarkably fine work done by each class and the girls expressed their appreciation of their instructor, Miss Inez Larcom, by presenting her with beautiful flowers.

The Eighth Grade Dramatic Club, under the direction of Miss Sanborn, made its first stage appearance in Assembly on Wednesday morning, "Sally Ann Finds herself" was the clever little play which they presented with much spirit. The following cast is responsible for putting the play across. Miss Foster, a domestic science teacher at the Foxcroft School, Marian Crumley; Members of the cooking class, Vivian, Mary Heath; Marie, Dorothy Wayland; Esther, Rena LeBlanc; Frances, captain of the basketball team, Jane Whitaker; Sally Ann, too shy to fit in with the other girls, Rosetta Littlefield. Boys of the Foxcroft School: Jack, Donald Jenks; Bill, Joseph Pesosolito; Tom, James McCarthy; Ted, Marie McCarthy.

Marks for the third time were called in April 13th and report cards were sent out on Wednesday of this week.

The boys are becoming enthusiastic over the prospects of baseball, even though the weather during the first part of the week could have dampened the spirits of the most ardent baseball fans.

The F. A. Day school is very proud of the new radio receiving set that is being installed in the Assembly hall. Mr. Carr has conferred with the authorities at station WEEL, "the Friendly Voice of Boston" and as result of this conference, programs of an educational nature are being arranged to take place during school hours. This broadcasting of educational programs directly to the school buildings is very much of a pioneer movement but, as can be easily seen, offers vast opportunities for the advancement of almost any subject and enables large groups to receive instruction at one time. From the programs already arranged it is expected that a great deal is to be gained in Current Events and modern language as well as in English and Social Studies.

The first program of this nature is to be on the air from WEEL on Thursday, April 26, from 10 a. m. to 3 p. m., and will give details of the reception tendered to the trans-Atlantic fliers of the Bremen.

ANGIER SCHOOL NOTES

Miss Sears' 3rd grade had charge of the assembly on Wednesday morning last week. An exhibition of music and physical education was given. Robert McMullin as music master had charge of the singing. Children who were the human notes in a large staff sang the "Good Morning Song." Pupils attractively costumed pantomimed and sang the 3rd grade songs. Thomas Gordino was the organ grinder. Edmund Whitten, an artist, drew pictures as the group sang. Ann Murray, Ruth Kester, Joshua Burnett, Earl Colvin took part in an old-fashioned dance. Bruce Lasker was the cobbler, Beth Moir, Miriam Zeigler, Virginia Wells, Barbara Davis were the elves who sang the song "The Cobbler and the Elves." Virginia Mosser conducted the group in gymnastic exercises. Ann Murray rendered a piano solo.

The play is the outcome of the regular dramatic work of the School carried on all through the winter and is one of some twenty-two productions which have been staged this year. The Ballet and Dancing Divertissements are given by the children of the dancing classes which meet weekly throughout the winter.

The proceeds of the entertainment help carry on the summer recreational work of the School.

school who are not up to normal weight which gives the school the best record for health work.

LEVI F. WARREN

Members of 7 GL-3, 7 GL-4, 7 GL-5, and 7 PA-2 gave for the second half of the assembly program on April 10 a series of five living pictures representing some of the famous events in the background of America's history that are studied during the seventh year. Preceding the showing of each picture its story and historical significance was explained to give fuller understanding.

The following events were portrayed:

The Crusades, 11th-13th centuries; Signing of the Magna Charta, 1215; Discovery of America, 1492; Defeat of the Spanish Armada in England, 1588; Capture of Quebec, 1763.

Special mention should be made of the scenic backgrounds, three of which were designed and painted by a committee of the students.

The "drop" for the Crusades was painted by Howard Bushway and Malcolm Floyd of 7 GL-3.

That for Columbus was painted by Benjamin Brown, 7 GL-5 and the scene for Quebec was done by Marjorie Dermon, Cora Perry, and Malcolm Floyd of 7 GL-3. A very beautiful and elaborate scene representing the defeat of the Spanish galleons by the English fleet was painted by Miss Loraine Cottrell of Sewall street, West Newton.

The assembly was fittingly closed by the appearance of white robed America (Phyllis Parker 7 GL-3) bearing the flag.

The Warren Tea

The faculty of the Levi F. Warren Junior High School entertained the faculties of the F. A. Day and Bigelow Junior High Schools on Wednesday, April 11th. The guests were guided about the building by twelve attractive young ladies from the eighth grade. Delicious refreshments carried out in the color scheme of pink and yellow were served by members of the Practical Arts Department.

Guests of honor were Mrs. Hutchinson, Miss Bragg, Mr. Wheeler and Mr. Hellier.

Sheet Metal Working Demonstration

On April 10 in the Assembly Period six boys of the Sheet Metal Construction Class gave an exhibition of their craft. Out of a few pieces of sheet metal they soon had a hexagonal waste basket, ready to be painted. Their tools consisted of a machine which rolled the edges over a length of wire, a machine which folded down the edges, a vise, a hammer, a hard rubber mallet.

A trumpet and saxophone duet was played by Nevin Bryning and Roger DeWitt. This was very good, and met with much applause.

CHILDREN ENTERTAIN

In these days when it is not so easy to find clean, wholesome entertainment for the children, an announcement of a performance of "Alice in Wonderland," and "Old King Cole," comes as a boon.

For weeks the children of the North Bennet Street Industrial School, Boston, have been working on these plays learning dances, songs, lines, and stagecraft. Of late the kitchens have been steaming with dye pots and many are the beautiful costumes which have emerged from their magic brews. The settings will be colorful, the dances are new and sprightly and the old nursery characters so well known to the children in song and story will live before them on the stage.

The play is the outcome of the regular dramatic work of the School carried on all through the winter and is one of some twenty-two productions which have been staged this year. The Ballet and Dancing Divertissements are given by the children of the dancing classes which meet weekly throughout the winter.

The proceeds of the entertainment help carry on the summer recreational work of the School.

ANNUAL MEETING AND LUNCHEON

The Annual Meeting and Luncheon of the Newton Channing Alliance was held Tuesday, April 24th, in the Church parlors. The business meeting was called to order at eleven o'clock by the President, Mrs. Chester A. Drumm.

The annual reports of officers and committees were read and approved and the following officers elected for the year 1928-29: President, Mrs. Chester A. Drumm; 1st Vice President, Mrs. John T. Alden; 2nd Vice President, Mrs. Henry P. Curtis; 3rd Vice President, Miss Margaret Ball; Recording Secretary, Mrs. Harry L. Walen; Cor. Secretary, Mrs. Everett Olds; Treasurer, Miss Jessie M. Fisher and Auditor, Mrs. William J. Tyler. Luncheon at 1 o'clock was served under the chairmanship of Miss Kate Howard.

Music was by Miss Jameson, violinist, and Rev. Adelbert Hudson of Dorchester was the speaker of the afternoon.

CITY HALL NEWS

Among the officials and employees at City Hall who were granted increases are—Phyllis Lindley, Mayor's secretary, \$150; Henry Baily, chairman of assessors, \$50; John W. Murphy, assessor, \$100; John R. Prescott, assessor, \$100; Frank M. Grant, City Clerk, \$50; William P. Morse, City Engineer, \$100; Cecil Chadwick, Buildings Commissioner, \$100; Bernard F. Burke, Chief of Police, \$300; Clarence Randlett, Chief of Fire Department, \$300; Dr. Francis G. Curtis, Chairman of Board of Health, \$400; Ernest Hermann, Playground Commissioner, \$200.

W. C. T. U.

The West Newton W. C. T. U. will hold a quarter party Monday evening, April 30th, at the home of Mrs. M. E. Beardsley 108 Crescent street, Auburndale. A cordial invitation is extended to all members and friends.

Mrs. S. L. Saunders of Washington street, is on an extended tour of the west, and will spend a short stay with Rev. N. E. Hanson of Dakota, formerly of the Perrin Memorial Church.

Frank Cummings' recommendation for the shooting of dogs unless licensed and policemen who refused to perform this duty to be fined, was rather drastic. But, Mr. Cummings was making a move in the right direction. In Newton as in other cities the law relating to the licensing and wearing of collars by dogs is given little attention by the police. Notice the number of dogs on our streets without collars. Why is this condition permitted by the police?

Some of the new streets in this city have been given peculiar names. The following are a few samples—Ank

To Be An All-American It Had to Be Built to Endure

Have you ever inspected an All-American Six? Driven it? Studied its specifications and the dimensions of its vital parts? If you have, you surely realize that to be an All-American it had to be built to endure... For here are size...stamina...ruggedness. Extreme simplicity of design. Production methods that tolerate no compromise with quality. Every engineering advancement contributing to long life. Take its engine as an example. Big, clean, equipped with the G-M-R cylinder head. 212 cubic inches displacement... 79-lb. crankshaft... crankcase and cylinder block of "bridge-truss" design... You can choose the All-American with assurance that you're getting a car which will last. Come in...learn the reasons for its stanchness... for its mastery of mileage and time.

2-Door Sedan, \$1045; Landau Coupe, \$1045; Sport Roadster, \$1075; Phaeton, \$1075; 4-Door Sedan, \$1145; Cabriolet, \$1155; Landau Sedan, \$1265. New Series Pontiac Six, \$745 to \$875. All prices at factory. Delivered prices include minimum handling charges. Easy to pay on the General Motors Time Payment Plan.

Forgrave Asserts Prohibition Is Aid

"The economic, industrial, social and spiritual supremacy of America has been aided greatly by prohibition," said William M. Forgrave, State Superintendent of the Massachusetts Anti-Saloon League in an address delivered Sunday morning at the Emmanuel Baptist Church, Newton. "While drunkenness, deaths from alcoholism, poverty, and wretchedness due to the use of alcoholic beverages has been steadily increasing in the provinces of Canada which have Government Control, they are steadily decreasing under prohibition in the United States."

"Attendance in public and private schools, colleges and universities have had an unparalleled growth in the United States since prohibition. Soup kitchens and bread lines are almost unheard of. The purchasing power of the people as represented in the purchase of what were known as luxuries before prohibition has increased until now these same luxuries are considered necessities."

"A drunk on the street and a young person intoxicated in a public place have become so uncommon as to cause considerable discussion."

"Among the greatest needs of prohibition movement today are, first the election of public officials who are competent, honest and citizens of high ideals; second, the education of the people as to the truth regarding the present situation, especially the education of youth in our high schools and colleges. Is it not time for the Wets to show sportsmanship—admit and accept defeat and join the ever-increasing caravan of citizens who for one reason or another observe the spirit of the 18th Amendment as well as that letter of it and are thus setting the citizens of tomorrow a good example?"

"This is the only way to make sure of the foundations of our democracy. The philosophy of selective anarchy whereby each individual only obeys those laws which he desires to obey would eventually mean the downfall of any representative democracy."

ROTARY CLUB

In view of the annual spring conference of the Rotary clubs of the 31st district, held at Salem on Monday and Tuesday, the usual meeting of the Newton Club on Monday was omitted, and an informal round table luncheon substituted.

President Cecil W. Clark and Secretary Benjamin G. Rae were the official delegates of the club to the conference and six other members also attended.

Mr. Charles H. Simon of Newtonville, the district governor presided and Mr. William T. Halliday led the Boys' Work breakfast on Tuesday morning. One of the striking addresses of the conference was given by Rev. Henry H. Crane of Malden, a former pastor of the Newton M. E. Church.

MR. CUMMINGS RESIGNS

Mr. Frank B. Cummings of Newton has resigned as director of the division of animal industry in the State department of conservation. He was appointed late in the autumn of 1926, succeeding Dr. Lester H. Howard.

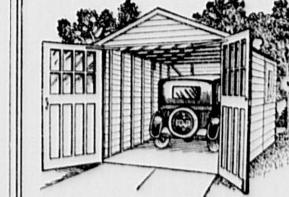

In his letter Director Cummings urges that he has been in office considerably longer than the time allotted to the clearing up process which it had been hoped that he could effect. The Governor, when asked about the resignation, gave Mr. Cummings credit for having accomplished a notable piece of work in the office, and declared he received the news with great regret and should certainly urge Director Cummings to continue in the service.

The resignation is submitted to take effect June 30, or earlier, at the Governor's pleasure.

RUMMAGE SALE

A Rummage Sale will be given by the troupe committee of the Newton Centre Girl Scouts on Saturday, May 5th, from nine to five at 221 Washington street, Newton. The store will be open Friday, May 4 from 10 to 12 and from 2 to 4 for the reception of articles. The proceeds of this sale will be used to finish the Newton Centre quota of the All Newton Girl Scout Budget.

DOWN
ERSKINE SIX**

Balance on liberal budget payment plan
We accept your present car as cash.....

OWN the proved champion
of its class! A stock Erskine sedan recently traveled at better than 54-mile-an-hour speed for 24 consecutive hours, establishing a record for stock cars priced under \$1,000.

You can drive your new Erskine Six at 40-mile speed the day you buy it—62-miles-an-hour later. This means engineering genius, precision workmanship, quality materials and rigid inspections formerly found only in cars costing thousands.

New riding ease—the Erskine's springbase equals four-fifths its entire wheelbase!

Deep, restful upholstery—seats like easy chairs. Luxuriously fitted even to arm rests and ash receivers. Amplified-action, 4-wheel brakes. Oil change necessary but once every 2500 miles.

See this great new Erskine—TODAY. Avail yourself of this easy way to buy a car of the sturdy integrity which has been characteristic of Studebaker throughout seventy-six years.

POLICE NEWS

A number of violators of automobile laws were in the Newton court Monday. Thomas J. Igoe of 127 Nonantum street, Brighton, was fined \$50 for operating an automobile after his license had been suspended. Paul Moseley of 13 Prospect place, West Newton, was fined \$10 for driving with his car improperly lighted; George Silva of Beacon street, Somerville, was fined a like amount for a similar offense. John Jones of 487 California street, Newtonville, was fined \$15 for driving without a license. For speeding each of the following was fined \$10: Jacob Ephrose, Holborn street, Roxbury; Giuseppe Lombardo, 144 Columbia street, Roxbury; Harold Tyner, Montmarte street, Framingham; Arthur Manning, 83 Lenox street, West Newton. William Soule of 21 Chestnut street, Wellesley, was fined \$15 for speeding.

James H. Holloman of 120 Thornton street, Roxbury, was sentenced to 30 days in the House of Correction in the Newton court last Friday when he was found guilty of driving while under the influence of liquor. It was his second offense. On the charge of drunkenness he was given a suspended sentence to the State Farm.

In court last Friday John Minns of 155 Temple street, West Newton, was fined \$10 for speeding. Hogarth Kerr of Melrose street, Auburndale, and Wendell Steele of River street, West

ton, were given suspended sentences to the Shirley Industrial School for Boys. Kerr was charged with having stolen and abandoned three automobiles. Steele was accused of having participated in two of the thefts. They were also charged with the larceny of some automobile tools.

CITY HALL

Bids were received Tuesday by George E. Stuart, Street Commissioner, for furnishing the City of Newton Street Department, with Sewer Brick, Vitrified Sewer Pipe, and Portland Cement, for the year 1928, as follows: C. H. Spring Co., Lower Falls, \$42,142.70; Waldo Bros. & Bond Co., Boston, \$43,433; Portland Stone Ware Co., Boston, \$44,719.75.

The contract will be awarded later.

WOMEN'S CLUB ACTIVITIES

Edited by EMMA D. COOLIDGE

COMING EVENTS**Shakespeare Club**

Mrs. Charles H. Keeler, vice president, opens her home, 36 Oak terrace, for the Annual Meeting of the Shakespeare Club of Newton Highlands, on Saturday afternoon, the 28th, at 2:15 o'clock. Reports of the year's work, election of officers for the coming year, and a social hour with refreshments will make up the program. Unlike many of the Clubs, this meeting does not close the gatherings for the season, 1927-28, for there will be a program meeting in May, and a delightful outing, probably in June, that is a most pleasurable custom of this Club.

State Federation

JUNIOR CONFERENCE. Junior groups from all over the state will send representatives to the first junior membership conference, which is for Saturday afternoon, the 28th, at the Hotel Vendome. Mrs. Grace Morison Poole will speak, as will also Mrs. Frederick Glazier Smith, who will tell of junior activities in Florida. Mrs. Clarence W. Clark will tell of the beginnings of junior work and Mrs. Carl L. Watson, District Director, will welcome the Conference. Mrs. Frank P. Bennett, Jr., state chairman of Junior membership, will preside over the different Clubs.

Mrs. Azel A. Packard, First Vice President of the State Federation, and Mrs. Joseph Congdon, District Director, will speak at the luncheon, and it is hoped to have many of the past presidents of the Federation present.

The afternoon program, furnished by the Community Service Club of West Newton, will be given in the Parish House at 2:30 p. m. and will consist of two one-act plays, "Followers," and "The Silent System."

ion B. Morse, of 61 Allerton road, is hostess for the meeting, which opens at 2:30 o'clock, and Mrs. Isaac Goddard and Mrs. Harry A. Hageman have charge of the musical feast.

Newton Federation

The Annual Meeting of the Newton Federation will be held on Tuesday, May 1st, at Newton Highlands. The Woman's Club of that village invited the Federation to hold its morning session at the Club Workshop on Columbus street.

This meeting will be called to order at 10:45 a. m. and will be devoted to reports, election of officers, and general business. Luncheon will follow at 1:15 o'clock at the Congregational Church Parish House. Tickets at one dollar each may be secured from Mrs. F. A. Campbell, Centre Newton 1472-M or from the Social Chairmen of the different Clubs.

Mrs. Sidney B. Thomas, treasurer, reported the financial condition, with 34 members and \$370 given to philanthropies and charities. Mrs. W. F. Bartholomew read the auditor's report of this record.

The president here took occasion to thank the Club that \$100 had been set aside for the Art Committee, for them to buy some object of art suitable for presentation to the new Levi Warren Junior High School from the Club. She also gave them something to think about in recommending the consideration of giving scholarships in the future to girls who otherwise could not have a coveted education.

The need of clothing, especially children's by the Welfare Bureau was brought to attention.

Newton Centre Woman's Club

On Thursday, May 3rd, comes the Annual Meeting of the year, a luncheon followed by the reports of the officers and committee heads and the election of officers already presented to the Club members by the nominating committee through the mail.

On the same day there will be an exhibition of work done in the future painting class.

General Federation

A timely essay contest, and resume of facts as to women's duty in their new citizenship privilege, is here given. It is unfortunate that it could not have been released last week, with primaries coming Tuesday, as it might have served to remind Clubwomen of that date. However, the passing of April 24th does not mean the passing of the last opportunity, and the many days coming in this year and in all years to come may be conscientiously recognized, if reflection on this word from Mrs. Alvord sinks in far enough.

Incentive to the young people may be supplied by the generosity of John Hays Hammond, as entry to any contest is awakening to serious thought.

A prize of \$1,000 for a nation-wide high school essay contest on the subject, "Why Should I Vote?" sponsored by the General Federation of Women's Clubs and approved by the Chairmen of the Republican and Democratic national committees, promises to give great impetus to the movement to educate American voters for the coming election.

At a recent meeting of the National Civic Association the contest was proposed by Mrs. John D. Sherman, president of the General Federation; the plan was immediately approved and was moved by John Hays Hammond, president of the Civic Federation, with the offer by the \$1,000 prize.

Mrs. William R. Alvord of Detroit, Michigan, chairman of the Department of American Citizenship of the General Federation of Women's Clubs, is in charge of the organization of joint committees on citizenship consisting of representatives of local groups, in 500 of the largest cities of the country.

"Indifference of the rank and file of American citizens toward the franchise is a serious menace to the upholding of our cherished American institutions," said Mrs. Alvord.

"We citizens, while deplored the growth of lawlessness and crime, continue to overlook the remedy which lies in our own hands—the ballot, by which officials may be elected who will enforce the laws and control crime. Absorbed in things—our business interests, our homes, our social life, our motor cars—we have allowed to grow up an indifference toward a most fundamental possession, our right to vote. Such civic apathy threatens the very foundations of our government."

"In this crisis the General Federation of Women's Clubs, through its department of American Citizenship, welcomes the opportunity to take the lead in arousing national interest in this vital subject through a high school essay contest, which will not only serve to arouse the present voters, but will insure the interest of the younger generation—the voter of tomorrow. Seven million young women and men will be able to cast their first vote next November. What greater peace-time patriotic service can we render these young voters than to arouse in them the determination to vote and to vote intelligently?"

(Continued on Page 13)

RECENT EVENTS

West Newton Community Service Club

The West Newton Community Service Club had a most interesting and enjoyable day last Wednesday, April 18th, when their Annual Meeting, held in the Parish House of the Unitarian Church, brought to a close their Club year. Mrs. Phister Cowin, president, presided throughout, and her ease and graciousness added immeasurably to the meeting.

Many of the reports of chairmen were dispensed with individually, activities being summed up by the president, for which "amount of talking" she wittily apologized by saying that "this was not her fault but by vote of the Executive Board which evidently felt that this was a last chance to make their president do a little work."

Mrs. A. Shirley Ladd, recording secretary, opened the review in an annual report that was, as are all Mrs. Ladd's records, bright and entertaining. She stated that in making an annual re-

port this was one time when it was permissible to brag, and proved it by declaring that they had had a splendid president, a wonderful board, and a fine years programs; this last being a tribute to Mrs. Herbert L. Felton, Program chairman. She stated that the Current Events course had been especially profitable, with \$3 season tickets sold, and many single tickets. At the end, it was discovered just why two especially lovely bouquets of pink flowers had adorned either side of the president's desk. Mrs. Cowin, in a delightful tribute to Mrs. Ladd's seven years of loyal, splendid, service, presented one bouquet to her.

Mrs. Sidney B. Thomas, treasurer, reported the financial condition, with 34 members and \$370 given to philanthropies and charities. Mrs. W. F. Bartholomew read the auditor's report of this record.

The president here took occasion to thank the Club that \$100 had been set aside for the Art Committee, for them to buy some object of art suitable for presentation to the new Levi Warren Junior High School from the Club.

She also gave them something to think about in recommending the consideration of giving scholarships in the future to girls who otherwise could not have a coveted education.

ONE THING AND ANOTHER

By L. D. G. BENTLEY

What is becoming a growing custom among our little folks, for which we should be thankful, is the giving of May baskets on the first day of that month. I know that people like to be remembered and especially if the donor is a dainty little miss not yet in her teens. A bachelor, even can get a thrill when he finds at his front door a wee basket made of colored paper and filled with sweets. It is good fortune for him to have a friend who is willing to pause on her way to school and hang a pretty May basket on his door.

It seems that the celebration of May day is in an old world custom and goes back to the days of the Romans who held this annual festival in honor of Flora, the goddess of flowers. England, France and Germany celebrated with show of rejoicing and merrymaking, but now, the custom is almost confined to rural districts of Europe. Dwellers in cities are too busy for such frivolities.

One of those phrases that we hear in our early youth and which clings forever is "You must wake and call me, early; call me early, mother dear; for I'm going to be Queen of the May." That belongs, I find, to Medieval England where on the first day of May lads and lassies sailed forth to the country lanes to gather hawthorn, the other name for which was "may," and then set up a Maypole, decked with garlands, and crown the fairest of girls in the village as their queen.

I am willing to admit that "old times have changed, old manners gone" and also that this particular custom would have little place among our activities today. However, it shouldn't be lost sight of and our little folks are the very ones to preserve it. Writers tell us that May baskets belong in the atmosphere of the village. Very well then, what more delightful spirit is there than that represented by the word "community." I shall watch eagerly next Tuesday for Newton's community observance of May day.

There is nothing artificial in little folks, thank goodness, so when they march down the street, carrying May baskets for their own playmates, with one here and there for a grown-up, it is as sunshine flooding the whole neighborhood. Its glow touches every heart and spreads a feeling of gayety like the "laughter of running waters" that flow under old rustic bridges."

This is the season of amateur firemen, I refer to those who undertake to burn up brush and other accumulations on their premises. Nature has insisted that in order to look her prettiest she must have assistance and some people are more willing to help than others. These co-operative individuals include men and women who are eager to exert some considerable amount of effort. They are willing to risk hand blisters and muscle strain for the sake of having the place look trim and neat.

It may be charged that by saying anything in criticism of these industrious people I am discouraging the clean-up and paint-up movement. Far from it. I endorse the plan and although I may not have time to show my enthusiasm by personally displaying my skill with the rake and broom I am ready to applaud those who do.

But we started to speak of the amateur fireman. He, of course, is the person who has finished the task of raking leaves, twigs and other things that have been lying around all winter and get them out the way as speedily as possible. There is too much to place in barrels so the next thing is to set fire to the whole business. We have a law now that requires one to obtain permission of the Fire Department and while this in an excellent regulation it is not as completely observed as it might be. The independent soul is prone to take the risk. Still, this column does not recognize law violators and we will talk about the man or woman who has the necessary permission.

Now then have you observed how frequently it happens that one neighbor's "fire day" is another neighbor's "wash day"? I have seen a fine smudge in full bloom about 10 feet distant from a line of nicely laundered linen. It may be that the man with the permit to start a fire has the law behind him while the housekeeper whose clothes are hung out to dry is acting on her own responsibility.

I have an idea that a smouldering brush fire isn't too good for freshly cleaned sheets, shirts, etc., and yet I don't know what can be done about it in a free country where independence of action is supposed to stamp an individual 100 per cent American. If some adjustment could be made and all parties agree on a certain day for washing and another certain day for burning brush that would seem a happy arrangement. But what will the firemen and washwoman say about it? I shall have to have advice before giving a decision.

It was interesting to learn that the Board of Aldermen have determined upon a policy in regard to the appearance of children in public entertainments at night when on the day following there is a school session. It will not be permitted because it interferes with the little ones' studies. Whether one agrees with this or not it is carrying out the purposes of the child labor laws of Massachusetts and these seem to have worked very well. Personally, I think the Aldermen have shown sound judgment.

Without further comment on local conditions I should like to remind readers of this column that the first law enacted on the American continent to regulate the hours of labor for children was adopted in Massachusetts in 1842. It seems to me that it speaks volumes for the enlightenment of our citizens and is one reason why younger States of the Union turn to "old Massachusetts" to see how it has met this or that problem.

The law regarding appearances of children in public entertainments and under which a board of aldermen in cities or board of selectmen in towns is given authority to grant such per-

mits was passed by the Massachusetts Legislature April 28, 1877, which is just fifty-one years ago tomorrow. It was aimed at circuses and traveling shows which offered as part of their programs the feats of "child wonders."

It meant, of course, that the proprietors of these shows were profiting by the struggles and efforts of children who did as they were told after a good stiff training.

"Conserving children" has been foremost in the minds of the people of this State for nearly a century. It has brought about the enactment of laws which some people may contend work a hardship. My contention is that a law must be rigid if it is to accomplish anything. Safeguarding the health and future of youngsters is not a matter for loosely-drawn statutes. In few other States are the child labor laws as strict as in Massachusetts; in many States they are not nearly so firm.

As Massachusetts is known as leader in the establishment of public schools it is fully as gratifying to know that it was first to step forward for those who enter employment at a tender age. To come out plainly in support of such laws reflects credit upon our Board of Aldermen.

"A service that will help to prevent a recurrence of such a detestable practice," is what Gov. Fuller said of the action of the man who aided in the capture of a "hit and run" automobile driver and to whom His Excellency handed a check for \$100 as a reward from the Commonwealth of Massachusetts. Whether you are always in agreement with Gov. Fuller or not you must admit that he is, as the old settlers would say, pretty sharp and far-sighted. The younger generation would say "he knows his onions." I will add that he knows human nature.

The "hit and run" problem is one of those that most of all us are disposed to allow somebody else to settle. "Call a cop," goes up the cry. Meanwhile, instead of doing anything, the average crowd shifts feet and waits for a policeman. The latter is "paid," they say, to do that kind of work. Just before we go any further, let me point out that if the number of automobiles is constantly increasing and the number of policemen is held stationary you mustn't expect "cops" to catch all "hit and run" drivers. They will be out-numbered. Drivers will have to take a hand.

Now the man who was rewarded with \$100 by vote of the Governor and Council was not doing something that pleased him. He was performing a disagreeable task. He was driving behind two cars, the driver of which struck two boys. There was no officer in sight so he proceeded to pursue the offending motorist and was able to assist the police in nabbing the man who was later punished.

I do not expect that the payment of gratuity will be followed by the organization of a vigilance committee in every city and town, great as the inducement would be. Still, in the old days of horse-stealing the upright citizens had to get together to protect themselves and their property and it may be if the "hit and run" driver isn't curbed we shall have societies to round-upreckless and drunken drivers.

A man who deliberately violates the law governing same and safe driving can dodge a policeman sometimes. But he won't feel so secure if he knows that there may be somebody on the street or in another car with a pencil and a notebook ready to jot down his number.

I have always thought that public opinion has settled many a vexatious matter.

In the case of catching "hit and run" motorists public opinion and private action will come pretty near bringing obnoxious drivers before the bar of justice.

Fortunately we may always count on a certain group of our citizens to further whatever good cause may be in need of help. These earnest folk do what some of us find so easy to neglect. Instead of praising them we often keep silent or do that which is worse, we criticize.

The people who years ago worked for the establishment of Arbor Day had no general encouragement. Nobody objected, as far as history shows, but only a few here and there were enthusiastic. But Arbor Day became a reality and out of it grew a movement for reforestation. The progress of the movement has meant much to this country.

Tomorrow we have an opportunity to observe "Arbor and Bird Day." Some of us will make an endeavor to contribute our share of effort in properly carrying out the purposes of the founders. Others will not display even a passing interest. But those who do something will be more numerous than last year. And so on, each succeeding year will find more people anxious to take part in the observance, thus proving that we believe in trees and birds and the conservation of wild life, although we have to be aroused from time-to-time to a full sense of our duty.

An architect who is pretty well known in Newton and vicinity has advised me not to be alarmed over the appearance of the Bulfinch front of the State House after it is restored.

"I read your column Friday and was interested in the reference to the Bulfinch front," said he. "Let me assure you that it will be worth while. Understand the bricks are to be cleaned and pointed, the seams will be painted white, the woodwork on the windows,

the pillars, balcony, roof, etc., all painted white. It will be something worth while, I can tell you."

"Just imagine the situation, with this marvelous piece of architecture in its original form, standing out between the two marble wings on the summit of Beacon Hill. Why, it will be like a ruby between two giant pearls. It will be a sight to see, and don't think otherwise."

YOUNG PEOPLE'S FORUM OF WABAN

"The Dragon's Head," an original musical comedy, was the main feature of a "Moonlight Frolic" held recently at the Waban Neighborhood Club by the Young People's Forum of Waban. Dancing followed the play with Elwin Gay's Orchestra. The matrons were Mrs. Earle E. Bessey, Mrs. Hector M. Holmes, Mrs. Horatio L. Andrews and Mrs. Joseph C. MacDonald.

Miss Hazel Wood took the leading part of Jean in the musical comedy. Bobby, her lover was played in the prologue by Bruce Spiller. In the rest of the play by Allan Bliss, Donald Charlton took the part of Jack Dudson and his fiancee, Rita Randolph, was played by Betty Bates. Isabelle White and Rufus P. Cushman played the parts of Bobby's mother and father respectively. Charlotte Upham was the princess and Verna Van Danburg the prince in the prologue.

The male quartette was composed of George M. Sneath, Walter L. Tongas, Albin L. Richards and A. B. Root, Jr. Ethel Richards sang as a solo, "Go to Sleep My Dusty Baby," an arrangement of Drorak's Humoresque, in the prologue and "Rio Rita" in the second act, the scene of which was laid in Spain. Mrs. Marjorie C. Heinzen did a Spanish dance in this scene which was enthusiastically received by the audience. In the third act the popular song "Go Home and Tell Your Mother" was sung by Alan Bliss.

The chorus, which added more to the evening's entertainment than any other one feature, had fifteen members: Barbara Crain, Deborah Holmes, Willetta Mosser, Elizabeth Snow, Marjorie Cady, Edith Wheater, Elizabeth Ruth, Ruth Charlton, Polly Stephenson, Richard Southes, Arthur Marquardt, Gilbert Adams, Kilburn Adams, Edward Bessey, Robert McLellan. The directors were: dramatic, Mrs. C. H. Gove; music, Mrs. W. B. Stevenson; stage, Mr. Clarence A. St. Lawrence; business, Mr. Rufus B. Cushman, assisted by Dunbar Holmes, chairman, and William Stevenson; costumes, Mrs. William A. Wheates and Mrs. Alexander L. Stephen; refreshments, Mrs. Rufus P. Cushman. Wm. Franklin Baxter was head usher. The committee on production was composed of Dunbar Holmes, Muriel Andrews and W. Bradford Gove.

On Thursday, April 19th, 1928, the president, officers, board of directors, and building committee of the Swedish Charitable Association of Newton, Public Buildings Commissioner, Cecil C. Chadwick, and about fifty guests were present at the breaking of ground for the new building for aged Swedish people, located at 206 Waltham street, West Newton. This building is to be the start of an entire new group of buildings of modern construction, and in time it is the intention of this Society to replace all of the existing buildings. The present building will cost \$25,000.

Commissioner Chadwick spoke in behalf of the city. He wished the Society God-Speed in their wonderful work, presented them with a permit to start operations on the building, and assured them of the hearty co-operation of the city through its Buildings Department. It is expected that the cornerstone of this building will be laid in the month of June with fitting ceremonies.

LUNCHEON BRIDGE AND WHIST

The Newton Branch of the Massachusetts Catholic Women's Guild are conducting a Luncheon Bridge and Whist, at the Vernon Court Hotel, Monday, April 30, at 8 o'clock, in aid of the Camp at Sunset Point, for poor and sickly children.

It is under the direction of Mrs. John Gallagher and Mrs. Mae Croft, assisted by Mrs. Anne Keough, Mrs. M. Moran, Mrs. M. Donovan, Mrs. Geo. Flood, Mae Misella, Ann Melody, E. Gallagher, M. Farmer, S. Barrett, M. Conrad, Nora Flynn and Margaret Walsh.

ATTENDING CONFERENCE

Public Buildings Commissioner, Cecil C. Chadwick, President of the Massachusetts Building Officials Conference, in connection with the Building Commissioners of Boston, Somerville, Cambridge, Belmont, Springfield, Worcester and Braintree, and Building Commissioner, Walter R. Forbush of Newton, who is an honorary member of the Association of Building Officials, is attending the National Building Officials Conference being held the week of April 22nd, 1928, in Detroit, Michigan.

OIL STOVE SETS FIRE

Box 173 was pulled at 11:16 Saturday morning for a fire in the building at 272 Watertown street, Nonantum, occupied by the offices of Reuben Forkall and Thomas Mitchell and owned by the estate of Mary L. Donahue. The cause was an overheated oil stove. The flames were extinguished before much damage resulted.

WEST NEWTON SAVINGS BANK

"At the Annual Corporation meeting of the West Newton Savings Bank, held April 10, 1928, the following officers were elected: President, George P. Bullard (since deceased); First Vice President, Frank E. Hunter; Second Vice President, Roland F. Gammons; Clerk, Charles J. A. Wilson; Trustees, Maynard Hutchinson, Roland F. Gammons, Charles J. A. Wilson, Benjamin J. Bowen, and William F. Chase. Charles J. A. Wilson, Clerk."

WOMEN'S CLUBS

(Continued from Page 10)

officers and honored guests. At the end of the luncheon Mrs. Paul S. Phalen made a witty and complimentary presentation of flowers and a book to the outgoing president, Mrs. Phister Cowin. She began by advising young people not to go in for public speaking, for while others enjoyed their luncheon, care-free, the misguided speaker was worrying. Like the prophet Jonah, she added, however, the speaker usually "came out all right." Mrs. Cowin's thanks for the Club's remembrance were most appreciative.

The afternoon's entertainment consisted of two plays put on by Mrs. Sumner Robinson, Dramatics chairman, Mrs. Francis Newhall, and Mrs. Harold Cranshaw. "Followers," a Cranshaw episode, had as cast Mr. William Locke, Mrs. Royal Whiting, Mrs. Charles T. Holloway, and Mrs. Dalton. The old-fashioned furniture as setting, with its what-not and Rogers' group, was most convincing. Mrs. Dalton as Susan, the maid, anxious for one follower, but afraid to tell Miss Baynes, was excellent, and her declaration when she appealed to Miss Masters for aid, that she didn't want a lot of followers, but that one was enough for any woman "went over big." Miss Masters, come to say goodbye, and eager to have dear Miss Baynes, allowed her fiancee to come to see her, was adorable in her blue and grey taffeta, just bouffant enough. Miss Baynes, in her Adamless eden, living on regrets and pathetic memories and dreams, presented in contrasts the "set ways" of a lone existence, in her amusing fear for herchina, and her carpets should a man enter the house. Her violet checked taffeta became her well.

Mr. Locke, the returned suitor who had been too easily discouraged twenty-five years ago, was enlighteningly choleric as an army officer, and made excellent entrance with his forceful blessing of Miss Masters as a sensible girl when she made her departure in spite of Miss Baynes' request that she remain. He, too, had dreamed, and his forceful statement that Miss Baynes had no idea what a comfort the memory of her ankle peeping out from beneath her skirt had been to him should have brought more cheerful and happy ending to the skit.

The second play, "The Silent System," played by only two persons, Mr. and Mrs. Guyluis Williams, was a gem of acting. Not one word did Guyluis say throughout, and not one word did Mrs. neglect to say throughout, but what hands and feet and pantomime could express to exasperate the tongue of woman! A backward step at mention of peace and quiet spoke volumes when indulged in by Mr. Williams, and hands wriggled behind his back was the signal for a fresh outburst on the part of Mrs. To which went the honors it is hard to say, for against his clever pantomime was offset her wonderful memory by which she carried the entire spoken drama.

Between the plays, Mrs. S. F. Tower, a Club member, gave musical selections.

Altogether the day is one to be remembered in the annals of this Club's history.

Newton Highlands Woman's Club

In the Workshop, built during the term of her presidency, Mrs. Edwin F. Gibbs was the honored guest of the Executive Board at a farewell luncheon, Wednesday, April 18th. Seated at Mrs. Gibbs' right was the incoming president, Mrs. Ward Ireland Cornell, and grouped about the long T-shaped table the remainder of the company of 27, to whom the Blue Door tea room served luncheon at 1:30.

The place cards, designed by the Art Committee, were miniatures of the building in which the luncheon was given, and flowers, nut baskets, candles and bonbons all carried out the gay colors of modern art combinations.

By happy coincidence, the day chosen proved to be Mrs. Gibbs' birthday, which gave opportunity for the presentation of candle-lighted cake, in addition to the nosegays of sweet peas given both Mrs. Gibbs and Mrs. Cornell. At the conclusion of luncheon, Mrs. J. T. Waterhouse expressed for the Board the deep appreciation felt by each member for Mrs. Gibbs and her tactful administration of office during the past two years, and as tangible evidence of that appreciation, bestowed upon her a large pewter flower bowl. Then, with Mrs. Will Travis Laverty at the piano and led by Mrs. Herbert O. Steeves, all joined in singing an original song, dedicated to Mrs. Gibbs and written by Mrs. J. T. Waterhouse.

After a graceful and reminiscent speech by Mrs. Gibbs, Mrs. Cornell gave a sketchy little talk which brought forth laughter from everyone and then the stage was set for the one-act comedy "Where But in America?" produced under the coaching of Miss Marian O. Whitcomb, who kindly took up the task, when Mrs. Hiriam A. Miller was forced to relinquish the office, a week or two ago. The highly successful amateurs in the cast included Mrs. Elizabeth S. Newwin, Mrs. Luther W. Piper and Mrs. Thomas L. Goodwin, who interpreted a domestic disagreement at the dinner table, much to the amusement of the company.

Waban Woman's Club

The Annual Meeting and luncheon of the Waban Woman's Club was held at the Union Church on Monday, April 23rd. Mrs. Guy McKinney was the luncheon hostess, and at 1 o'clock about 100 members assembled in the Vestry of the Church. Tables seating twelve were prettily decorated with spring flowers and candles. After the luncheon the annual meeting was held in the upper church, where the reports of officers and various chairmen of committees were read, and new officers elected, as follows: president, Mrs. Geo. F. Reinhardt; first vice-president, Mrs. Chester Churchill; second vice-president, Mrs. J. Earle Parker; recording secretary, Mrs. John T. Croghan; corresponding secretary, Mrs. Carl H. Gove; treasurer, Mrs. Geo. V. Phipps; assistant treasurer, Mrs. James D. Dow; director, Mrs. Roy A. McMullin, and auditor, Mrs. H. Stanley Bloomfield.

Mrs. Croghan, chairman of the Scholarship Committee, read her report, in which she announced that Miss Mildred Marcy of Newton Upper Falls had been awarded this year's scholarship. Miss Marcy is entered for Wellesley College, and has proved to be worthy of the award, both as to ability and character.

The members of the Nominating Committee for the coming year are as follows: Mrs. Geo. E. Armstrong, Mrs. Harry J. Klotz, Mrs. Theodore H. Piser, Mrs. Geo. South.

Juniors of the West Newton Women's Educational Club

The third Annual Meeting of the Juniors of the West Newton Women's Educational Club was held on Tuesday evening, April 10th. The meeting was preceded by a delicious dinner which was given by the directors, Mrs. B. H. Lester, Mrs. Edwin Wolley, and Mrs. L. A. Bacon, and the president of the Senior Club, Mrs. Fred M. Blanchard, at her home. The tables were attractively decorated appropriate for the spring season.

Marion Jackson, the president, presided, and there were nineteen members present. Mrs. Lester gave a few words of appreciation to the girls for having helped to make the year a success.

"We can say as did Longfellow," stated Mrs. Lester, "Oh precious evenings, all too quickly sped" and add as he did, "Leaving us heirs to amplest heritages of all the best thoughts." For in addition to our own good times, we can feel that we have given joy and happiness to many others."

Annual reports were given by the secretary, the treasurer, and the press correspondent.

The officers elected for next year are: president, Constance Hartwell; factotum, Constance Dort; secretary, Catherine Winsor; treasurer, Agnes Eaton, and press correspondent, Jeanne R. Wolley. Four delegates were chosen to go to the Junior State Conference at the Hotel Vendome on Saturday afternoon, April 28th. The delegates, the president, the secretary, Marion Jackson, and Priscilla Bacon, are to be accompanied by the director, Mrs. Lester. The meeting was adjourned at 9:00 o'clock, and was the climax of a very successful year.

West Newton Women's Educational Club

TRAVEL CLASS. The last meeting of the Travel Class was held at the home of Mrs. William A. Richardson, 228 Highland avenue, West Newton, with Mrs. Alvah Jordan assisting the hostess. Mrs. Arthur Teulon read a very interesting paper on "Sacagawea, the Bird Woman," who was the Squaw wife of a frontier Frenchman. This was the story of the most hazardous and the most significant journey ever made on the Western Continent; that gave to the world riches beyond comprehension, and was plotted by a woman, Sacagawea, the Indian woman, blazed the trail which opened up to civilization the half of a continent.

Mrs. Ella Mason gave a splendid paper on "Lakes of the United States." Her subject dealt with what we call the "Great Lakes"—Superior, Huron, Erie, Ontario, and Michigan. She spoke of the eight States bordering on these lakes and told of the early settlers on them. Mrs. Mason went into detail concerning the early Indian tribes and their history which was interwoven with the history of these great bodies of water.

A paper on "Boston" was given by Mrs. Ethel Leach which was also of great interest. She gave a very clear account of the early history, its development, and brought out many interesting details. Mrs. Leach showed pictures of old Boston, which showed how greatly Boston has developed.

Dainty refreshments ended a very pleasant afternoon.

The members of this Club will have an outing at Norumbega Park on June 5th.

Monday Club

The Monday Club of Newton Highlands celebrated their Annual Meeting on Monday, the 23rd. An attendance of 29 members enjoyed a simple but most delicious luncheon, which was very nicely served in the spotless and atmospheric dining-room, and the entire atmosphere of the Manor which was pleasant and well-kept.

In a happily-worded speech, Mrs. Edwin F. Gibbs handed over the flower concealed gavel to her successor, Mrs. Cornell, and both outgoing and incoming presidents were given a rising vote of appreciation by the members.

In accepting the office, Mrs. Cornell stated she should borrow the topic of one of the lecturers of the past season, to illustrate her remarks:

"Six Goddesses and Five Philosophies"

the goddesses being her six predecessors in office; the outstanding qualities of each she then cleverly emphasized, and the "philosophies" to be followed the coming year, she then concisely outlined a play upon a program title that was most ingenious.

The gavel was then used for the first time by the new president and the meeting adjourned.

LODGES

Friday May 4th, the 109th anniversary of Odd Fellowship will be observed at Odd Fellows Hall, Southgate Park, West Newton, by Garden City Encampment, Newton and Waltham Lodges, Sumner P. Lawrence and Tennyson Rebekah Lodges and Odd Fellows Building Association. A Caterer's Supper will be served at 6:30 p. m. by Holman of Norwood. At 8 p. m. there will be a short address followed by a fine entertainment by the best talent to be found.

Saturday April 28, there will be a District Meeting of Encampments from Newton, Allston, Natick, Milford, Waltham, Hudson and Framingham, at Natick.

The Patriarchal Degree will be exemplified at 2 p. m. by Manet of Quincy, followed by the Golden Rule by Lawrence Encampment of Lawrence.

At 6:30 p. m. a supper will be served by Welcome Rebekah Lodge of Natick.

The Royal Purple will be exemplified at 8 p. m. by King David Encampment of Fitchburg.

The Board of Grand Officers will be present. Garden City Encampment of Newton will have all candidates for these degrees.

GOLDEN WEDDING

The golden wedding anniversary of Mr. and Mrs. Andrew N. Sundborg of Baldwin street, Newton, held Sunday afternoon was featured by the presence of two members of the Metropolitan Opera Company, Mme. Marie Sundelius a daughter of Mr. and Sundelius and Marie Tiffany a friend of Mme. Sundelius. The reception was held in the Hotel Somerset and was attended by about two hundred friends and relatives.

Mme. Sundelius sang three songs, "In a Boat," by Grieg; "Slumber Song," by Gretchaninoff, and a Swedish folk song. Marie Tiffany, a friend of Mme. Sundelius and also a member of the Metropolitan Opera Company, sang "I Love Thee," by Grieg, and "May Time," by Stuart Ross. Mrs. Edith Flits accompanied both singers. Edith Rouboud played the violin and Agnes Olson gave a number of piano solos.

Dr. A. W. Sundeloff, pastor of the St. Ansgarius Church of Roxbury, read several selections from his own poetry. Others present included Thomas Sundborg, son, and Thomas Sundborg, Jr., a grandson; Mr. and Mrs. A. T. Sundborg and Jack Sundborg. Many gifts and flowers were presented the couple. The couple were married in Karlstad, Sweden, and came to this country in 1897.

LASELL NOTES

On Wednesday evening the Orphean Club gave their annual concert in the Auburndale Club House. The soloists were Earle Spicer, baritone, Mme. Claire Maeltz, soprano.

Miss June Buchanan spoke at chapel on Thursday morning. Miss Buchanan is a teacher in the Caney Creek School for Kentucky Mountain Whites in Knox County, Kentucky. She was accompanied by several little girls from the school who sang and explained their work.

Mr. Paul Schilling of the Theological School of Boston University will be the speaker at the Christian Endeavor meeting at Bragdon Hall on Friday evening.

The Junior Class will entertain the Senior Class at a dance at Woodland Park Hall on Saturday evening, April 28th.

The Vesper service on Sunday, April 29th, will be addressed by Dr. Nehemiah Boynton, former President of the Federation of Protestant Churches of North America.

MUSICAL

On Thursday, May 3rd, the Music Committee of St. Paul's Church, Newton Highlands, will present a musical in the Parish House at 8:15 p. m. Miss Ruth Sampson will play three piano numbers followed by three violin solos by Miss Irene Forte. Bertha Morgan Gray of Boston, will give as a reading "Clothes Make the Man," by Booth Tarkington and also "Sally Ann's Experience" by E. C. Hall. Mrs. Florence Hale Ginn in German costume will sing four German selections. Miss Forte and Mrs. Ginn will appear again on the program, Lucy Simonds accompanying. The committee in charge of the musical are Messrs. William T. Laverty, John D. Haughey, Frank O. Hurter, Herbert W. Colby, L. B. Chapman, Howard S. Hiltz and Frank V. Burton of Auburndale.

Y. M. C. A.

One of the most interesting talks of the entire season was given by Dr. Howard Moore at the Fellowship Club last Monday evening on, "The Care of the Feet." Dr. Moore showed samples of orthopedic shoes which he recommended to anyone who wished to avoid foot troubles and to those of us who have to do much walking or standing on floors and pavements. He recommended a special set of exercises to strengthen the muscles of the feet and very obligingly answered many questions which were put to him by men who were present. This will be the last meeting of the Fellowship Club for this season.

Mr. William H. Rice has been chosen General Chairman of the Organization Committee which will have charge of the financial campaign of the Newton Y. M. C. A. which will be held in the month of May.

The annual meeting of the Newton Young Men's Christian Association will be held on Monday evening, May 7, at 7:30, in the Association building at 276 Church street, Newton. At this meeting two trustees, eight directors, a clerk, and a treasurer will be elected. Immediately after the election the Board of Directors will meet to choose a president and a vice-president. The annual banquet will be omitted this year because so many of the members will be actively engaged in raising the 50th Anniversary fund and will have plenty of opportunities to attend all the banquets that they wish.

During vacation week about twenty-seven boys went on an educational trip to the Sunshine Biscuit Factory, accompanied by Mr. Anderson, Assistant Physical Director. They were conducted through by a factory guide who explained the making and baking of the many kinds of crackers and cookies.

On Saturday over forty boys visited the East Boston Air Port, with Mr. Thompson the Assistant Boys' Secretary and Bill Perry as Assistant Leader. They went over by electric and the East Boston Ferry and returned by the tunnel. They were able to see the planes go up and land and get a close view of Commander Byrd's The Ebony Club—Employed Boys of Newton "Y"—has now become the Newton Branch of the Employed Boys' Brotherhood, being affiliated with the State and National Brotherhood. The purpose of the Employed Boys' Brotherhood is to unite employed boys to strive for the realization of their own highest possibilities and to provide a basis for service to other employed boys and the community in the spirit of Christ. The purpose in detail is thus expressed in the seven objectives of the brotherhood: 1. Physical Fitness; 2. Education; 3. Recreation; 4. Vocation; 5. Religion; 6. Community and Family; and 7. Brotherhood.

The Club Officers are: President, Harry Fisher; Vice-President, Sylvester Barr; Secretary, Thomas Webber; Treasurer, Robert D. Thompson; Club Leader, Mr. Roland Thompson; Club Scout Boys Secretary.

The Newton Employed Boys' Brotherhood members are having a banquet and social with the Quincy Brotherhood at Quincy on Friday night, April 27th.

EMBASSY THEATRE

The dynamic, cyclonic Eva Tanguay, the only and original "I Don't Care" girl with a new cycle of 1928 songs will be the feature attraction for the first three days at the Embassy, Wetherspoon's Wonder Theatre. "The Girl Who Made Broadway Famous," will appear in person at both afternoon and evening performances.

She will be the feature of the vaudeville program, but there will be four other star acts. The feature photoplay will be "The Law and the Man," with Tom Santschi, Gladys Brockwell and an all-star cast. The latest news weekly, comedy and topics of the day will also be included in the screen programs.

Beginning Thursday, Marion Davies in Barrie's famous comedy, "Quality Street," with Conrad Nagel will be the feature attraction. The comedy, a costume play is loaded with laughs and thrills. It is based on a gay romance and is called one of her greatest pictures.

There will be five acts of all-star vaudeville, in addition to the other screen features. The Kilgen organ and Ray Stewartson's Broadcasting Orchestra will be heard at every performance.

LILLIAN S. WILLIAMS

Mrs. Lillian Streeter Williams died suddenly Saturday, April 21st, in Worcester, Mass., where she was attending the New England Methodist Episcopal Conference. Mrs. Williams was a active member of the Centenary M. E. Church of Auburndale, Mass. She was the daughter of the late Augustus W. and Lydia Phillips Streeter of Littleton, N. H. Mrs. Williams was survived by her husband Clarence W. Williams of Auburndale, who is secretary and executive officer of the New England Deaconess Association, son Arthur and granddaughter Jean of Springfield, Mass.

Funeral services were held at the Centenary M. E. Church, Auburndale, Mass., on Monday, April 22nd, at 4 p. m., by the Pastor Maurice L. Bullock assisted by Bishop Anderson and Rev. Mr. Heath. Mrs. Williams was taken to Littleton, N. H., for burial Tuesday where prayers were held at the lot.

MRS. MERCY E. ATWOOD

Mrs. Mercy E. Atwood of 61 Walker street, Newtonville, widow of Joseph L. Atwood died Sunday following a short illness. She was born in Salem 76 years ago and had resided in this city for 45 years. She was a member of Palestine Chapter, Eastern Star and had been active in the affairs of the Newtonville Universalist Church. She is survived by one daughter, Mrs. Paul Revere Knight, President of the Women Musicians Association. Her funeral was held Tuesday afternoon in the chapel at Newton Cemetery.

DAMON HALL

The Birthday Dinner for the students whose birthdays occur in April was held Thursday evening. Numerous relatives and friends were among the guests, and many beautiful gifts were in evidence.

On Friday evening a group of the students gave a delightful entertainment for the benefit of "The Shield" the school year book. The affair was under the direction of Miss Helen Washburn who produced a vaudeville performance that won the hearty approval of the large audience in attendance.

On Saturday the members of the science classes took the first of the field trips under the leadership and instruction of Prof. George H. Barton of Cambridge. The destination was Kendall Green where studies were made of the intensely interesting geology of the region.

The campus is alive with the preparations for the May Day revels which occur on Tuesday, May 1. The program continues throughout the day beginning at 5:30 a. m. with a trip to the woods to gather the flowers of May, with breakfast in the open. The entire program is a reproduction, historically correct of the May Day revels of the fourteenth and fifteenth centuries in old England, the participants dressed in costumes of that time. The concluding event will be the production of an old pageant "The Creation," which will be given on the movable platform as in days of old.

The members of the Graduating Class have issued invitations for a whist and dance to be given on Friday evening, May 4.

LIFE SAVING COURSE

Through the courtesy of the Newton Y. M. C. A. a special course of two weeks' instruction in Life Saving, under the auspices of the Newton Chapter, American Red Cross begins Monday, April 30, 1928. Instruction will be given at the swimming pool, Y. M. C. A. from 7:30 to 8:30 p. m. on Monday, Tuesday, Thursday and Friday of the two weeks commencing April 30th.

Last year for the first time in the city of Newton the Red Cross conducted at Crystal Lake and at Auburndale courses of instruction for boys and girls to qualify them as instructors and examiners in Life Saving work. The results of last year's experiment have convinced the directors of the Red Cross that this is a most worth while endeavor. It is accordingly hoped that there will be an increased interest in this work planned for the coming summer.

The course to be given at the Y. M. C. A. is limited to men and boys over 16 years of age. It is expected that there will be a number available themselves of the privilege of this spring course, but as the numbers must necessarily be limited on account of the accommodations of the tank, all those interested are urged to immediately phone the Y. M. C. A. at Newton North 0592 or the Red Cross office Newton North 2717 for enrollment.

Plans are already under way for the summer course and detailed information in regard to the plans of the Red Cross for this work will be published shortly.

SAFETY COUNCIL

The Levi F. Warren Junior High School of Newton is among the 12 schools of the State selected to be represented on the program for the fourth annual rally of the Junior Safety Councils to be held at the Boston Arena on Saturday, April 28, at 10 a. m.

The Massachusetts Safety Council, with which the Junior Councils are affiliated, announces that the school delegations that have registered to attend from all over Eastern Massachusetts already number 10,000, although the seating capacity of the Arena is limited to 7,000.

Governor Fuller is making a short address to the children, and President Coolidge has sent a message that will be read.

While the program will stress high way safety, since this is the season of the year when automobile accidents to children are on the increase other hazards will be presented, many hundred children participating. The Warren School will present a number under the title of "Organized Play," illustrating how supervised games teach alertness, sureness of foot and quick reaction of emergencies.

The musical features will include two bands and two drum corps, and the massed singing of safety songs.

BRILLIANT AFFAIR

The annual inspection and review of Gethsemane Commandery, Knights Templar, held on Tuesday evening was a brilliant affair and was thoroughly enjoyed by about eight hundred persons. The Commandery met at the Masonic Temple for the usual work and then marched to the State armory in West Newton to music of the DeMolay Band.

The armory was attractively decorated and the inspection and review added to the beauty of the scene. An exhibition by the flag platoon of the Aleppo Shrine was greatly enjoyed. This was followed by the grand march and dancing. The affair was under the direction of the Eminent Commander Harrison Hyslop and Mr. Fred M. Blanchard, chairman of the entertainment committee.

DEATH OF MR. KINGSBURY

death of U. her etain taoitaoiln. Word has been received of the death on April 12, at Redlands, California, of Mr. Homer P. D. Kingsbury, the son of the late Rev. Charles A. Kingsbury, and a well known former resident of Chestnut Hill. Mr. Kingsbury had been mayor of Redlands and was prominent in the real estate business, being president of the Reality board, and chair of the University of California realty class. He is survived by a son, William C. Kingsbury, air pilot, and a daughter, Miss Alice Kingsbury, a student at the Walter Reed hospital at Washington. Mr. Kingsbury was a nephew of the late Col. L. F. Kingsbury, a former city clerk of Newton.
